### Description

In August 2024, City Council adopted the City's Climate Action and Adaptation Plan (CAAP) to achieve carbon neutrality by 2045, in alignment with the State's Senate Bill 32 and Assembly Bill 1279. Pinole's community-wide and municipal greenhouse gas (GHG) inventories identified the transportation sector as the largest source of emissions, accounting for 50% of the total GHG emissions. In December 2024, the City's Community Development Department submitted to the Metropolitan Transportation Commission (MTC) an application requesting \$952,000 in grant funds in addition to a required 11% local match (\$118,000) for a total Project cost of 1,070,000 for accelerating zero-emission vehicle adoption and expanding the EV charging infrastructure in alignment with the Pinole's CAAP goals.

### History, Status, or Impact if Delayed

The CAAP recommends installation of 267 level 2 chargers by 2030 and 323 level 2 chargers by 2045, increasing passenger zero-emission vehicles (ZEV) use to 33% by 2030, increasing commercial zero-emission vehicle (ZEV) use to 25% by 2030, and electrifying or otherwise decarbonizing 30% of the municipal vehicle fleet by 2026.

### General Plan Goals/Policies

2024 Climate Action and Adaptation Plan. Goal CS.1, Goals HS.6, SE.3, SE.4, SE.7

### Summary of Capital Cost

| <p>The current carpeting and vinyl linoleum flooring are in need of replacement. The carpeted areas are worn and also contain many raised areas that create a tripping hazard. The current exterior and interior paint is from approximately 20 years ago and shows discoloration, fading, chipping, and weathering.</p>                                                                                                         |                                     |                                              |                                        |                                                                                     |                                       |                                            |                                            |

| <p>On February 2, 2021 City Council adopted Resolution 2021-07 and awarded a contract to a consultant for the preliminary engineering and design for the parking lot. The parking lot will be designed to be a multi-benefit project that includes pavement structural section, striping, lighting, bicycle parking, electric vehicle charging stations, stormwater capture and retention, and drought tolerant landscaping. The final design will offer the maximum number of parking spaces while allowing access for both vehicles and pedestrians and include aesthetic design components. On June 7, 2022, City Council directed staff to incorporate the installation of a solar canopy and backup battery system at the site.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                               |                                                     |                                        |  |                                       |                              |                                            |

| <p>On April 16, 1990 City Council adopted Resolution 2380 authorizing the purchase of 2548 Charles Street. At the time of purchase, City Council determined that construction of a Senior Center was necessary, and that this property was needed to provide sufficient parking for the Center. The parcel is surrounded by municipal parking lots which serve the Senior Center and Old Town Pinole. The Fowler House tenants remained in the property till 2010 and many discussions took place to determine the best use of the property. It was determined that the house had asbestos and lead paint. On July 17, 2018, City Council adopted Resolution 2018-67 to create the Fowler Lot Re-use Committee to evaluate the reuse and redevelopment of the property. The Committee evaluated uses for the lot and determined the best use of the property is a parking lot. On October 16, 2018, the City Council adopted Resolution No. 2018-93 to approve a contract with a construction company to abate and demolish the Fowler house. The property demolition was completed on March 11, 2019. On July 21, 2020, City Council adopted Resolution 2020-68 to accept the final recommendation of the Committee.</p> |                                               |                                                     |                                        |                                                                                     |                                       |                              |                                            |

| Interior improvements and exterior painting to extend the life of the City Hall building and improve its functionality for staff and the public. Several items that require attention include but are not limited to the configuration of rooms, carpet, flooring, window coverings, light fixtures, improved service counters, improved exterior doors insulation and landing to prevent the rain from leaking inside the building, and addition of a lactation room. Interior and exterior surfaces require repainting as the paint system has reached the end of its useful life with fading, chipping paint, along with water and mildew damage. Exterior improvements will include replacement of the City seal and addition of a wall-mounted flagpole and multi-color lighting. |                                                                                      |                                              |                                        |  |                                       |                                            |                                            |

| <p>In 2015, comprehensive visual roof inspections were completed by a contractor on various City owned facilities. The purpose of the inspection was to identify the extent, if any, of moisture intrusion into the existing roof assemblies, document observed roof system deficiencies, determine the overall condition of the existing roof systems and to estimate the service life of the in-place roof assemblies.</p> |                                         |                                           |                                        |                              |                                       |                                                                                     |                                            |

### Description

This annual project is intended to implement upgrades to the City's parks and fields such as the replacement of restrooms with ones that are equipped with fire retardant roofs and durable, fire-resistant building materials. Other potential upgrades would cover lighting, playground equipment, shaded structures, furnishings, installation of welcome kiosk and wayfinding signs, enhancing landscaping, public art, and paving trails. Identified improvements will be based on community input and aim to beautify the City's parks and enhance safety, health and quality of life.

### History, Status, or Impact if Delayed

Reduce maintenance costs, and improve quality of parks and amenities.

### General Plan Goals/Policies

Goal CS.2, Goal CS.3, Policy CS 2.6 & 3.1, Policy GM.4.1

### Summary of Capital Cost

| <p>There are two soccer fields at Pinole Valley Park which are utilized on an annual basis, the Wright Avenue Soccer Field at the southerly end, and Savage Avenue Soccer Field at the northern end. Both fields are heavily used by soccer leagues and the general public. The Savage Avenue Soccer Field requires substantial rehabilitation which includes: upgrading the irrigation system and ongoing turf maintenance. Turf maintenance includes mowing, fertilizing, aeration, overseeding, and topdressing.</p> |                                                                                      |                                         |                                        |                              |  |                                            |                                            |

| <p>This project will replace two blowers at the treatment plant. The existing treatment plant blowers are obsolete. The blower manufacturer (Aerzen) has notified the City that certain components are no longer available for purchase as replacement parts. In order to avoid equipment downtime, the blowers will be replaced in advance of needing the replacement parts that are no longer available.</p> |                                     |                      |                                 |  |                                |                                    |                                    |

### Description

Revolving fund to complete private sewer lateral improvements under a reimbursement agreement with residents.

### History, Status, or Impact if Delayed

This program will support the City's sewer collection system and treatment plant regulatory compliance through a reduction in flows from infiltration and inflow (I&I). I&I reduction will reduce treatment costs and may reduce the scope of or need for future capacity improvements.

### General Plan Goals/Policies

Goals HS.2, Policy HS.2.5; Goal HS.7, Policy HS.7.6; Goal CC.2, Policy CC.2.2

### Summary of Capital Cost

| <p>Planning and design for renewable solar energy generation and battery storage project at the Water Pollution Control Plant (WPCP). Install three (3) photovoltaic (PV) arrays with a total PV capacity of 496 kW: a carport array (50-kW), a ground-mount PV array in the public park area to the southwest of the WPCP (175-kW), and a ground-mount PV array along the northeast perimeter of the WPCP, adjacent to the public pathway that runs along the canal (271-kW). Install a 575 kWh capacity battery energy storage system (BESS), controls, and a 450-kW diesel generator.</p>                                                                                                                                               |                                         |                                     |                                        |                              |                                       |  |                                            |

| <p>In 2024, Tetra Tech prepared an Energy Conservation, Generation, and Storage Assessment study for City facilities which included: 1) evaluation of energy conservation, energy generation, energy storage, and electric vehicle measures and 2) a renewable microgrid analysis to determine the technical and economic feasibility of installing new renewable energy generation systems and battery storage at the Water Pollution Control Plant (WPCP). Recommendations included addition of photovoltaic (PV) panel arrays at three different locations, a battery energy storage system (BESS) and generator. Construction costs will be estimated during the final design, and will be budgeted in the following fiscal years.</p> |                                         |                                     |                                        |                              |                                       |                                                                                     |                                            |

### Description

Tennent-1 improvements as identified in the Sanitary Sewer Collection System Master Plan. This project includes the replacement of approximately 130 feet of 24-inch diameter pipeline, 1,250 feet of 30-inch diameter pipeline, and 10 feet of 36-inch diameter pipeline along Tennent Avenue and inside of the Water Pollution Control Plant (WPCP) with 1,390 feet of 36-inch to 42-inch diameter pipeline.

### History, Status, or Impact if Delayed

The Sanitary Sewer Collection System Master plan identified capacity deficiencies which result in surcharging of the gravity sewer and cause sanitary sewer overflows (SSO's) during modeled peak wet weather flow (PWWF) conditions.

### General Plan Goals/Policies

Goal CS.6, Policy CS.6.1; Goal GM.4, Policy GM.4.1

### Description

This project includes replacement of the anaerobic digester process boilers at the WPCP.

### History, Status, or Impact if Delayed

The anaerobic digestion process at the WPCP includes hot water boilers to heat water for use in the digester sludge heat exchanger. Two 40 HP Natural Gas Scotch Boilers, manufactured by Hurst Boiler & Welding Co., Inc. were installed in 2006 during the Anaerobic Digester Improvements project.

### General Plan Goals/Policies

Goal CS.1, Goal CS.6, Policy CS.6.1

| The solids handling process at the WPCP includes solids dewatering using centrifuges. One of two centrifuges at the WPCP was originally installed in 2006 and reused and relocated to the Solids Handling Building during the plant upgrades completed in 2019. The centrifuge is an Alfa Laval, Aldec G2-95 unit. |                                         |                                           |                                        |                              |                                       |                                                                                     |                                            |

### Description

Pinon-2 improvements as identified in the Sanitary Sewer Collection System Master Plan. This project includes the replacement of approximately 820 feet of 6-inch to 10-inch diameter pipeline along San Pablo Avenue, 680 feet of 8-inch to 10-inch diameter pipeline along Pinon Avenue, 890 feet of 6-inch to 8-inch diameter pipeline along Appian Way, 290 feet of 6-inch diameter pipeline along Meadow Avenue, and 290 feet of 6-inch diameter pipeline between Meadow Avenue and San Pablo Avenue with 2,970 feet of 10-inch to 15-inch diameter pipelines.

### History, Status, or Impact if Delayed

The Sanitary Sewer Collection System Master plan identified capacity deficiencies which result in surcharging of the gravity sewer and cause sanitary sewer overflows (SSO's) during modeled peak wet weather flow (PWWF) conditions.

### General Plan Goals/Policies

Goal CS.6, Policy CS.6.1; Goal GM.4, Policy GM.4.1

### Summary of Capital Cost

| <p>The Effluent Outfall project is intended to reduce pressure in the effluent pipe during extreme storm events. Effluent pumping capacity of the treatment plant is limited by the capacity of the pipe size at the effluent outfall in Rodeo. Increasing the pipe size at the Effluent Outfall Eductor Station will increase the wet weather effluent pumping capacity and increase the lifespan of the effluent pipe by reducing the pressure in the line during storm events. This project requires coordination with Rodeo.</p> |                                               |                                                |                                        |  |                                       |                                            |                                            |

### Description

The Water Pollution Control Plant (WPCP) has five secondary clarifiers which slow the flow to allow the microorganisms and other solids to settle to the bottom of the clarifier where they can be returned to aeration tanks to continue treating waste.

### History, Status, or Impact if Delayed

Secondary Clarifiers 1 and 2 (SC1 and SC 2) were constructed in the early 1970s and are peripheral feed clarifiers. Secondary Clarifiers 3 and 4 (SC 3 and SC 4) were constructed in the early 1980s and are center feed clarifiers. Secondary Clarifier 5 (SC 5) was constructed in early 2000 and is a center feed, flocculator clarifier. In the first quarter of FY 2022-23, a preliminary inspection of the center column of the SC 5 was completed to examine the current condition and determine the scope of work for rehabilitation. In the second quarter of FY 2022-23, it was determined that SC 3 & SC 4 also require rehabilitation. Previously, this project was titled, "Secondary Clarifier - Center Column Rehabilitation" which only focused on the rehabilitation work required for SC 5.

### General Plan Goals/Policies

Goal CS.1, Goal CS.6, Policy CS.6.1

### Summary of Capital Cost

### Description

The City owns and operates two lift stations to convey flow from low lying areas to high elevations where the flow continues by gravity to the wastewater treatment plant. Both pump stations have reached the end of their useful life and need to be rehabilitated. The two pump stations are located on San Pablo Ave. and Hazel St. In FY 2019/20, this project was renamed to include both pump stations. Previously, this project was titled, "Hazel Street Sewer Pump Rehabilitation." This project also includes the San Pablo Lift Station Force Main, approximately 640 feet of existing 6-inch will be replaced with 8-inch diameter force main.

### History, Status, or Impact if Delayed

The City recently completed a Sanitary Sewer Master Plan. In the first fiscal year of construction, the Hazel Street Lift Station will be replaced, followed by the replacement of the San Pablo Ave. Lift Station. The Hazel Street Lift Station will be replaced in coordination with RO2301.

### General Plan Goals/Policies

Policy GM.4.1, Goal CS.6, Policy CS.6.1

### Description

On April 7, 2015, the State Water Resources Control Board (SWRCB) adopted the Statewide Trash Provisions which address the impacts trash has on the beneficial uses of surface waters. The Trash Provisions establish a statewide water quality objective for trash and a prohibition of trash discharge. The City is required to demonstrate full compliance with the Trash Provisions by 2030, with preliminary milestones of 35% by 2026 and 70% by 2028. The City will complete this project as required under the State- Issued Trash Amendments and NPDES Permit. The tasks necessary to achieve compliance will include design, installation, and long-term maintenance of full trash capture devices.

### History, Status, or Impact if Delayed

This project is needed to meet requirements or be potentially subjected to penalties.

### Description

Condition assessments have identified a number of storm drain pipelines that are structurally deteriorated and failing where they discharge into Pinole Creek. A systematic rehabilitation or replacement of failing storm drain infrastructure will be prioritized as part of the Storm Drain Master Plan.

| This is to update the City of Pinole 2004 ADA Transition Plan for Public Improvements. A number of updates to the guidelines and standards for the construction of new and the upgrading of existing public improvements have been issued by a number of federal and state agencies since 2004, thereby resulting in the need for updating the City's Plan. It should also be noted that locations of deficiencies and associated cost of improvements as described in the Transition Plan are outdated. |                                                                           |                      |                                 |                      |  |                      |                                    |
| History, Status, or Impact if Delayed                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                           |                      |                                 |                      |                                                                                     |                      |                                    |
| Staff has been implementing public improvements based on the most up-to-date federal and state standards plans and specifications, which is sometimes inconsistent with the City's Transition Plan.                                                                                                                                                                                                                                                                                                      |                                                                           |                      |                                 |                      |                                                                                     |                      |                                    |

### Description

Following to the City's Traffic Calming Policy and its future update, this project will fund the installation of physical traffic calming devices to reduce or eliminate the negative effects of auto traffic on residential streets. This can be achieved by causing drivers to reduce their driving speeds or to use alternative major corridors through the use of engineering solutions and the installation of physical devices. These devices could include driver feedback signs, curb extensions, speed cushions, and roundabouts. Traffic calming plans are developed based on data collection and analysis, as well as community outreach and consultation to alleviate neighborhood traffic concerns and community safety issues.

### History, Status, or Impact if Delayed

Reflect communities needs in street design and enhance safety conditions, which in turn reduce the need for traffic enforcement,

### General Plan Goals/Policies

Policy GM.3.3, Goal CE.3, Goal CS.10, Policy CS 10.2

### Summary of Capital Cost

### Description

The purpose of this annual Safe Routes to School (SR2S) project is to provide minor capital improvements to enhance the safety of pedestrians and bicyclists on public roads in school areas. In coordination with the City's TAPS and the School District, staff will address safety concerns and develop strategies to encourage the use of alternative modes of transportation in the vicinity of schools. SR2S improvements may include enhancements to pavement markings, regulatory and advisory signs, installation of traffic control devices such as Rectangular Rapid Flashing Beacon (RRFB), and minor concrete improvements.

### History, Status, or Impact if Delayed

Addressing community concerns in a timely manner, thereby enhancing the sense of safety and increasing walking and cycling.

### General Plan Goals/Policies

Policy GM.3.3, Goal CE.3, Goal CS.10, Policy CS 10.2

### Summary of Capital Cost

| <p>Per the California Manual on Uniform Traffic Control Devices (MUTCD), local governments are required to maintain a minimum level of retro-reflectivity for longitudinal pavement markings and for signs. These standards promote safety while providing sufficient flexibility for agencies to choose a maintenance method that best matches their specific conditions. The purpose of this annual project is to upgrade and refresh existing pavement markings and replace damaged signs as needed throughout the City per the requirements set forth by the California Department of Transportation (Caltrans). It is recommended that this type of project be continued on an annual basis because the retro-reflectivity of pavement markings and signage degrade over time and can pose a safety hazard for road users.</p> |                                                                                      |                      |                                 |  |                                       |                      |                                    |

| <div> <div>Description</div> <div> <p>This annual project will implement upgrades to City owned streetlights (currently within Pinole 523 streetlights owned by the City, and 902 streetlights owned by PG&amp;E) and install new streetlights in areas where the streetlights do not meet standards for spacing and illumination. Adequate neighborhood street lighting improves safety by improving nighttime visibility and provides sidewalk and road users with an increased sense of security. Street lighting can also provide a sense of place and a more pleasing environment in residential and commercial areas, such as the addition of string lighting on San Pablo Avenue City's downtown area.</p> </div> <div>  </div> </div>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                   |                      |                                 |                      |                                |                      |                                    |        |        |                  |  |  |  |                  |            |            |            |            |            |                |          |  |  |  |  |  |  |        |           |           |           |           |           |           |              |            |            |            |            |            |            |             |           |           |           |           |           |           |                   |                   |                   |                   |                   |                   |                     |           |  |  |  |  |  |  |                                       |            |            |            |            |            |              |  |  |  |  |  |  |  |  |  |  |  |  |  |  |                    |                   |                   |                   |                   |                   |                     |
| <div>History, Status, or Impact if Delayed</div> <p>Adverse impacts on sense of safety and security, and increased City costs for maintenance and replacement.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                   |                      |                                 |                      |                                |                      |                                    |        |        |                  |  |  |  |                  |            |            |            |            |            |                |          |  |  |  |  |  |  |        |           |           |           |           |           |           |              |            |            |            |            |            |            |             |           |           |           |           |           |           |                   |                   |                   |                   |                   |                   |                     |           |  |  |  |  |  |  |                                       |            |            |            |            |            |              |  |  |  |  |  |  |  |  |  |  |  |  |  |  |                    |                   |                   |                   |                   |                   |                     |

### Description

The purpose of this project is to assess the consistency of the City's traffic signal equipment and make improvements to City-owned signals such as through the installation of video detection, accessible pedestrian signal devices, upgrade of controller and cabinet, upgrade of software, battery back-up system and/or establishment of designated left-turn phasing.

Having consistent signal equipment at all City signalized intersections will save on maintenance costs and provide the best operational efficiency and safety for our residents. Key improvements will be made in coordination with the City's Traffic and Pedestrian Safety Commission (TAPS). This annual program is not intended to design and construct new signals due to the high costs associated with a new installation. New signal installation will typically be accompanied by a new development as a project mitigation, or as an individual City CIP subject to meeting signal warrants.

### History, Status, or Impact if Delayed

Delayed upgrades increase the cost of maintenance and cost of capital improvements.

### General Plan Goals/Policies

Policy GM.3.3, Goal CE.3, Goal CS.10, Policy CS 10.2

### Summary of Capital Cost

### Description

Title II of the Americans with Disability Act (ADA) requires local governments to make pedestrian crossings accessible to people with disabilities by providing curb ramps. To allow people with disabilities to cross streets safely, local governments must provide curb ramps at pedestrian crossings and at public transportation stops where walkways intersect with a vertical curb. To comply with ADA requirements, the curb ramps provided must meet specific standards for width, slope, cross slope, placement, and other features. Per ADA standards, all streets constructed after January 26, 1992 must provide curb ramps in compliance with ADA standards. In addition, any street that was constructed prior to 1992, but was altered after 1992, must also provide ADA-compliant curb ramps. The purpose of this project is to upgrade existing pedestrian curb ramps and to install new pedestrian curb ramps at high priority areas and locations with high levels of pedestrian activity. All upgraded and new pedestrian curb ramps will be compliant with the ADA requirements.

### History, Status, or Impact if Delayed

### General Plan Goals/Policies

Goal CE.4, Policy CE.4.5; Goal SE.8, Policy SE.8.7; Goal CE.1, Policy CE.1.4; Goal CE.3, Policy CE.3.2; Goal CS.2, Policy CS.2.6; Goal CS.10, Policy CS 10.2; Goal H.3, Policy H.3.1; Goal GM.3, Policy GM.3.7; Goal HS.6, Policy HS.6.1

### Summary of Capital Cost

### Description

According to the California Streets and Highway Code, the owner of a property fronting a public street must maintain the sidewalk, curb and gutter, and park strip area in a condition that will not endanger persons or property or interfere with the convenient use of the area. Purpose of this annual program is to assist property owners in maintaining the sidewalks in a safe manner. In doing so, the program assists residents in maintaining the condition of walkways for which they have maintenance responsibility.

| <p>The Smart Signals project will develop, manage, and implement ITS initiatives that improve the safety and efficiency of multimodal mobility, maximize highway and arterial system throughput, and improve operational efficiency, safety, and reduce environmental impact throughout Contra Costa County. Contra Costa Transportation Authority is the project lead and will coordinate the project throughout the county. Twelve traffic signals have been identified as candidates for the Smart Signals project. These signals are located on Pinole arterial roadways (Appian Way &amp; San Pablo Avenue).</p>                                                      |                                         |                                              |                                        |  |                                       |                                            |                                            |

| <p>Deployment of the Smart Signals Project is expected to result in operational and safety improvements for all modes of transportation, such as decrease in travel time and total delay, reduction in number of stops and secondary accidents, reduction of fuel consumption and greenhouse gas emissions, and reduction of response time for emergency vehicles. The initial cost estimate of construction is \$1,499,829 of which CCTA will receive \$1,345,527 in OBAG funds. The City's match requirement of \$154,302 was paid in FY 2023/24. A contingency is budgeted for potential obligations for changes in construction that may be requested by the City.</p> |                                         |                                              |                                        |                                                                                     |                                       |                                            |                                            |

| <b>Description</b><br>Based on the most current P-TAP report and field inspections, various segments will be recommended annually for rehabilitation. The purpose of this annual program is to rehabilitate and maintain the City's pavement condition. This project will prolong the lifespan of the current pavement and prevent further deterioration and reduction in the Pavement Condition Index (PCI – a numerical rating system from 0/complete failure to 100/excellent condition). Depending on the assessed PCI and type of deficiencies, this project will include preventive measures such as crack sealing, slurry seal, micro-surfacing, and cape seal for pavement in fair to good condition. Restoration measures such as grind and overlay, dig-outs, and cold-in-place recycling for pavement in fair to poor condition. Rehabilitation/Reconstruction measures to remove and replace pavement in poor to failed condition. |                      |                                              |                                 |                      |                                |                                    |                                    |

| <p>In preparation of this project, the City retained a consultant to perform internal CCTV on this section of roadway. The inspection was completed in early 2021. Coordinating collection system improvements with street resurfacing projects ensures that sewer improvements are made prior to the resurfacing so that manholes and valve covers may be properly realigned, and repairs and replacements are made in a cost-effective manner. This also avoids cutting and patching recently paved streets. The City of Hercules will reimburse \$86,430 for this project. In addition, this project is being coordinated with RO1902 for efficient implementation.</p> |                                     |                                                     |                                        |                                                                                     |                                       |                                            |                                            |

| <p>In 2018, the East Bay Regional Park District completed a trail link to connect Pinole Shores Regional Shoreline to Bayfront Park trail. There remains a small gap on Tennent Ave. from Bayfront Park to Railroad Ave. Improvements to Tennent Ave. at the Railroad Crossing will facilitate safe movement of bicycles and pedestrians. Since project inception, the scope of work has evolved to include improvements that would maximize parking on Railroad Avenue for park users. In February 2021, the City selected a consultant to complete the preliminary engineering for this project.</p> |                                         |                                              |                                        |                              |                                       |  |                                            |

| <p>WCCTAC held its STMP Call for Projects in 2018 which committed \$100k in funding for preliminary engineering from the 2006 STMP program for this project. City staff also submitted an OBAG 3 application in July 2022 to compete for funding for this project. If awarded, the City will need a match of \$345k.</p>                                                                                                                                                                                                                                                                               |                                         |                                              |                                        |                              |                                       |                                                                                     |                                            |

| <p>The San Pablo Avenue bridge over the Burlington Northern Santa Fe Railroad is an integral part of the area's transportation network. The age and condition assessment of the bridge supports replacement. The City was approved for initial funding from the Caltrans Highway Bridge Program (HBP). In February 2020, the City awarded a contract to a consultant for preliminary engineering (PE) to advance the project. The PE will be completed in two phases due to funding limitations. Completion of preliminary design is necessary to develop a final cost estimate for the project. Unfunded portions of this project appear in the Unfunded list.</p> |                                     |                                           |                                        |  |                                       |                                            |                                            |

| <p>The total budget identified to complete the PE exceeds the amount of funding Caltrans committed to the project of the State's share in the current HBP. In October 2022, a draft type selection report was submitted to Caltrans for review. This report is the first step to request additional funding allocations from the Caltrans HBP to complete the PS&amp;E phase and construction phase of the project.</p>                                                                                                                                                                                                                                             |                                     |                                           |                                        |                                                                                     |                                       |                                            |                                            |

### Description

Completion of preliminary engineering and design to provide continuous sidewalks and bike lanes along Appian Way beginning from unincorporated El Sobrante to about 1500 lineal feet north of the City limit within Pinole. In December 2021, City Council approved a Cooperative Funding Agreement with WCCTAC to receive STMP funds to complete preliminary design for this project.

### History, Status, or Impact if Delayed

This project will connect with the Contra Costa County's project to provide continuous sidewalks and bike lanes along Appian Way from San Pablo Dam Rd. in unincorporated El Sobrante. This project will involve coordination with Contra Costa County. The construction phase of this project is unfunded and appears in the Unfunded and Unprogrammed list.

### Description

A feasibility study will allow the City to plan and phase the construction of future recycled water distribution system infrastructure. The study will identify potential recycled water customers, evaluate the quantity, quality, and recycled water distribution system options to address the needs of potential users in surrounding areas, seek opportunities to phase the construction of a recycled water delivery system, and develop planning-level cost options for the phased system.

### History, Status, or Impact if Delayed

Recycled water delays or eliminates the need to construct more potable water facilities, sustains the economy with increased water supply reliability, protects the environment, safeguards investments in parks and landscaping with drought proof or drought resistant water supply, and contributes to a green and healthy environment. In 2019, East Bay Municipal Utility District (EBMUD) prepared an Updated Recycled Water Plan which considered the potential for potable reuse in EBMUD's water service area. The development of a new recycled water supply for the Phillips 66 refinery in Rodeo using effluent from the Pinole-Hercules and Rodeo wastewater treatment plants was among the recommended non-potable reuse projects. This project is estimated to deliver up to 3.67 MGD of recycled water to the refinery for use in their boilers and cooling towers. The combined final disinfected effluent from both plants would be pumped at the Rodeo Pump Station to the refinery for treatment a new advanced recycled water treatment plan. This project was recommended by EBMUD because it would deliver a large amount of water to a single customer, with comparatively few pipelines required due to the short distance between the sources of wastewater and the Phillips 66 Refinery

| <p>During severe natural hazard events, it is highly likely that utility power will not be available for an extended period of time. Critical facilities will need reliable sources of sustained electrical power to continue operations. This project will:</p> <p>1) identify critical facilities in need of back-up power in coordination with an Emergency Operations Plan (EOP) , 2) assess power loads in each critical facility that requires back-up power, 3) determine the costs and technology options including solar battery storage, and 4) make any additional recommendations to Council before advancing to construction.</p> |                                                                           |                                         |                                        |  |                                       |                              |                                            |

| <b>Description</b><br>Preparation of a storm drain master plan will provide an analysis of the existing collection system. The plan will identify system deficiencies related to capacity, functionality, and permit compliance. The plan can serve to guide future budget allocations for improvements to the system. <div style="text-align: right;"> </div> |                                                                           |                      |                                       |                      |                                |                      |                                    |

Goals and Policies

Community Character Element

- GOAL CC.1 Maintain Pinole’s unique qualities and sense of place to preserve the established historic and small-town character of the city.
- POLICY CC.1.2 Require all new development to incorporate high-quality site design, architecture and planning to enhance the overall quality of the built environment in Pinole and create a visually interesting and aesthetically pleasing town environment.
- POLICY CC.1.3 To enhance a sense of arrival and create a strong appealing image that promotes community identity, the City shall develop community entry features at key gateways or city entries along Interstate 80. Entryways shall incorporate landscaping, trees, structural architectural elements, signage and public art.
- POLICY CC.1.5 Encourage project compatibility, interdependence and support with neighboring uses, especially between commercial and mixed-use centers and the surrounding residential neighborhoods. Uses should relate to one another with pedestrian connections, transit options, shared parking, landscaping, public spaces, and the orientation and design of buildings.
- GOAL CC.2 Emphasize and enhance the visual and physical connection between the city’s natural environment and the community’s quality of life.
- POLICY CC.2.1 Provide visual and physical connections between the natural environment and the built environment through careful site design, building placement, architectural features that allow views of Pinole’s unique environment such as ridgelines or the San Pablo Bay shoreline, public access to open space such as via the Bay Trail, and the use of native vegetation in the urban environment such as for landscape buffers for sidewalk areas and street trees.
- POLICY CC.2.2 Preserve natural resources within the built environment, including trees, marshes, creeks and hillsides.
- GOAL CC.5 Enhance the quality of life in Pinole by acknowledging the cultural diversity and by promoting, preserving and sustaining the cultural and performing arts.
- POLICY CC.5.1 Celebrate the city’s cultural diversity through public art, cultural centers and community events for the benefit and enjoyment of all residents.
- POLICY CC.5.2 Develop programs and facilities that promote the cultural and performing arts in Pinole.

Growth Management Element

- GOAL GM.1 Regional Planning. Support cooperative transportation, land use and public service planning in Contra Costa County.
- POLICY GM.1.1 West Contra Costa County Planning Activities. Achieve efficient public service delivery by coordinating with affected jurisdictions and agencies concerning public and private developments.
- GOAL GM.3 Efficient Transportation. Support land use patterns that make efficient use of the transportation system and enhance public safety.
- POLICY GM.3.1 Transportation Management. Make more efficient use of the regional and subregional transportation system.
- POLICY GM.3.3 Provide Adequate Transportation Facilities and Services. Provide adequate transportation facilities while maintaining neighborhood integrity.
- POLICY GM.3.7 Mobility-Impaired. Support efforts to provide safe and convenient transportation systems for all citizens of Pinole, particularly mobility-impaired individuals.
- GOAL GM.4 Compact Development and Service Areas. Encourage infill and redevelopment in areas that are already served by utilities, infrastructure and public services.
- POLICY GM.4.1 Planning for Present and Future Community Needs. Plan for, provide and maintain a level of public infrastructure facilities and services that adequately serves the present and future needs of the community.

Land Use & Economic Development Element

- GOAL LU.1 Preserve and enhance the natural resources, high-quality residential neighborhoods and commercial areas, and small-town (semi-rural) character of Pinole.
- POLICY LU.1.3 Establish and implement a continuing program of civic beautification, gateway or entryway enhancement, tree planting, maintenance of homes and streets, and other measures which will promote an aesthetically desirable environment and attractive neighborhood areas.
- GOAL LU.4 Preserve and strengthen the identity and quality of life of Pinole’s residential neighborhoods.
- POLICY LU.4.1 Ensure all new development, renovation or remodeling preserves and strengthens Pinole’s residential neighborhoods by requiring projects to be harmoniously designed and integrated with the existing neighborhood.
- GOAL LU.6 Protect and enhance the natural resources of the San Pablo Bay waterfront for the enjoyment of Pinole residents.
- POLICY LU.6.3 Provide waterfront parks, pedestrian pathways and recreation areas that are safe, accessible, and attractive for public use.

Housing Element

- GOAL H.2 Protect Existing Character and Heritage. Protect and enhance the integrity and distinctive character and heritage of Pinole encouraging the development of high quality, well-designed housing and conserving existing housing.
- POLICY H.2.4 Maintain Existing Housing and Neighborhood Amenities. Maintain Pinole’s lifestyle characteristics by encouraging the maintenance of existing housing stock, and in particular housing with historic value, and preserving the amenities of existing neighborhoods.
- GOAL H.3 Provide Adequate Services and Facilities. Provide adequate services and facilities to meet the needs of the city’s current and future population.
- POLICY H.3.1 Plan For Public Facility and Services Needs. Future development shall be planned based on public facility and service capacity, community-wide needs, sound citywide and neighborhood planning and public improvement programming.
- POLICY H.3.4 Encourage new pedestrian-oriented development. Encourage new development and redevelopment that places residences in close proximity to a variety of services and facilities.

Circulation Element

- GOAL CE.1 Reduce vehicle miles traveled and encourage the use of public transit.
- POLICY CE.1.1 Encourage strategic growth that concentrates future development along Pinole’s three primary transit corridors (San Pablo Avenue, Appian Way and Pinole Valley Road).
- POLICY CE.1.3 Encourage development that is sensitive to both local and regional transit measures and that promotes the use of alternative modes of transportation.
- POLICY CE.1.4 Encourage maximum utilization of the existing public transit system and alternate modes of transportation in Pinole.
- GOAL CE.3 Provide timely input and effective means (as appropriate) of programming street and highway improvements to maintain the objective peak hour level of service without detrimentally impacting community character or commercial activity.
- POLICY CE.3.2. Maintain roadway network at or above established LOS thresholds.
- GOAL CE.4 Establish programs to support sidewalk, trail and street enhancements, where feasible.
- POLICY CE.4.5 Inventory sidewalk conditions to identify opportunities for enhancements to the circulation system and to help prioritize repair and maintenance activities as funding becomes available.
- GOAL CE.5 Provide adequate parking and loading facilities while encouraging alternative means of transportation.
- GOAL CE.7 Support bicycle use as a mode of transportation by enhancing infrastructure to accommodate bicycle and rides.
- POLICY CE.7.1 Enhance the City’s Bikeway network through the use of Class I, II, and III bikeways.
- POLICY CE.7.3 Establish a network of multi-use paths to facilitate safe and direct off-street bicycle and pedestrian travel.

**Community Services and Facilities Element**

- GOAL CS.1 Provide safe, attractive and efficiently designed infrastructure and sustainable facilities to serve the public.
- POLICY CS.1.1 The City will strive to provide safe, attractive and efficiently designed facilities for public and quasi-public organizations.
  - POLICY CS.1.3 The City will endeavor to provide convenient access to community facilities and services to all areas of the community.
- GOAL CS.2 Ensure and maintain a high level of public safety in the community.
- POLICY CS.2.6 The City will continue to fund the repair, maintenance and expansion of facilities to respond to evolving service needs.
- GOAL CS.3 Provide adequate and high-quality recreational opportunities and programs for the community.
- POLICY CS.3.1 Continue to provide a variety of recreational opportunities that serve and represent all aspects of the community.
  - POLICY CS.3.3 Expand and organize a multi-use trail system.
- GOAL CS.6 Provide adequate, economical and dependable wastewater collection service and treatment.
- POLICY CS.6.1 The City shall continue to make capital improvements to the wastewater collection and treatment system to maintain system capability and reliability.
- GOAL CS.7 Minimize flooding.
- POLICY CS.7.1 The City will ensure that the storm drain system has adequate capacity to minimize street flooding and, where feasible, shall expand the capacity of the system to control storm flows.
- GOAL CS.9 Provide economical and dependable community services while conserving energy resources.
- POLICY CS.9.1 The City will seek opportunities to improve the energy efficiency of facilities and operations.
- GOAL CS.10 Provide safe, efficient roadway infrastructure to support multiple modes of transportation and to meet existing and future circulation needs.
- POLICY CS.10.2 The City will update, where possible, the existing roadway network to enhance pedestrian, bicycle and transit circulation while maintaining safe vehicular circulation.

**Health and Safety Element**

- GOAL HS.1 Minimize the potential for loss of life, injury, damage to property, economic and social dislocation, and unusual public expense due to natural and man-made hazard
- GOAL HS.2 Protect the community from the risk of flood damage and improve surface water quality.
- POLICY HS.2.4 Continue to monitor studies that identify anticipated changes in sea level and create appropriate standards and improvements to minimize flood risks.
  - POLICY HS.2.5 Establish appropriate capital improvements and management programs to reduce wet weather sewer treatment demand and avoid discharge to the shallow water outfall.
- GOAL HS.3 Minimize hazards of soil erosion, weak and expansive soils, potentially hazardous soils materials, other hazardous materials, geologic instability and seismic activity.
- POLICY HS.3.5 Require proper handling, storage, disposal and cleanup of hazardous materials to prevent leakage, potential explosions, fires or the escape of harmful gases and to prevent individually innocuous materials from combining to form hazardous substances, especially at the time of disposal.
- GOAL HS.4 Ensure that government agencies, citizens and businesses are prepared for an effective response and recovery in the event of emergencies or disasters.
- POLICY HS.4.1 Continue to provide essential emergency public services during natural catastrophes
  - POLICY HS.4.3 Incorporate technological enhancements in new and substantially remodeled structures and facilities to support and improve emergency services.
- GOAL HS.6 Support multiple forms of transportation and a circulation system design that reduces vehicle trips and emissions.
- POLICY HS.6.1 Promote and encourage walking and bicycling as viable forms of transportation to services, shopping and employment.
- GOAL HS.7 Ensure that all new development meets or exceeds state and federal water quality standards.
- POLICY HS.7.1 Support Regional, state and federal clean water programs.
  - POLICY HS.7.3 Reduce the transport of runoff and surface pollutants.
  - POLICY HS.7.6 Establish appropriate capital improvements and management programs to reduce wet weather sewer treatment demand and avoid discharge to the shallow water outfall.

**Natural Resources and Open Space Element**

- GOAL OS.1 Ensure the preservation of natural resources by determining appropriate land use and compatibility with natural resources and open space.
- POLICY OS.1.2 Agency Cooperation. Work with Federal, State and local regulatory and trustee agencies to promote the long-term sustainability of local natural resources.

**Sustainability Element**

- GOAL SE.3 The City will reduce its contribution to climate change and mitigate and adapt to the effects of climate change as appropriate.
- POLICY SE.3.1 Reduce greenhouse gas emissions from City operations and community sources by a minimum of 15 percent below current or baseline levels by the year 2020.
  - POLICY SE.3.4 Reduce GHG emissions by reducing vehicle miles traveled and by increasing or encouraging the use of alternative fuels and transportation technologies.
  - POLICY SE.1.3 Enhance the energy efficiency of all City facilities.
- GOAL SE.4 Optimize energy efficiency and renewable energy.
- POLICY SE.4.2 Explore opportunities for City-wide expansion of Programs and Facilities related to energy efficiency and conservation.
- GOAL SE.5 Achieve a solid waste diversion of 75% of the waste stream by 2020.
- GOAL SE.7 Air quality will be maintained and improved for the City of Pinole and the Bay Area as a region and not decline below levels measured in early 1990’s.
- POLICY SE 7.3 Support efforts to comprehensively address air quality issues through education, regulation, and innovation.
- GOAL SE.8 Utilize transit options and reduce vehicle miles traveled and single-occupancy vehicle use.
- POLICY SE.8.7 Work to improve Pinole’s pedestrian and bicycle infrastructure and to meet the needs of all pedestrians and bicyclists.
  - POLICY SE.8.10 Support and promote the use of low- and zero-emissions vehicles, alternative fuels, and other measures to directly reduce emissions from motor vehicles.

# GROWTH MANAGEMENT

## VISION STATEMENT

**Pinole will play an active role in promoting coordinated regional land use and transportation planning, while promoting sound local land use choices that support infill development along circulation corridors that are served by existing infrastructure and transit.**

## INTRODUCTION

### PURPOSE

The Growth Management Element establishes policies to direct growth within Pinole and indicates how the City intends to participate in regional land use and transportation planning efforts. The Growth Management Element includes level of service standards and performance standards for traffic and the provision of public services (e.g., fire, police, parks, sanitary sewer facilities, water and flood control) in order to ensure that public facilities are provided to accommodate growth consistent with adopted standards. By adopting and implementing this element, the City of Pinole establishes a comprehensive, long-range program that will match the

demands for public facilities and services generated by new development or redevelopment with plans, capital improvement programs and development mitigation programs to ensure facilities are provided at an appropriate time and level to serve new development. Specifically, the Growth Management Element seeks to:

1. Attain a new level of mutually beneficial communication and coordinated planning between Pinole and its neighboring jurisdictions, other public agencies and regional agencies.
2. Provide community facilities, commercial services and amenities easily accessible to and from residential neighborhoods.
3. Support further development of bicycle and pedestrian facilities.
4. Provide a safe, attractive and efficient circulation system that ensures convenient access to all residential, business and recreational areas by various modes of transportation.
5. Encourage future growth to locate along the primary travel corridors through the community and in areas that are or can easily be served by transit.
6. Guide future growth so that at buildout the community remains an attractive, uncrowded and pleasant place to live and work.

The Growth Management Element also expresses a vision for the future where sustainable development and land use practices provide for the needs of existing residents and businesses while preserving choices for future generations.<sup>1</sup>

<sup>1</sup> Sustainable development practices refer to the use of architectural and planning methods that address the needs of the present without compromising the ability of future generations to meet their own needs. Specific examples include the use of solar panels for energy conservation, placing jobs near housing to reduce vehicle trips, and infill development in urban areas to reduce the consumption of agricultural land. Policies related to sustainability are identified with a  symbol.

# GROWTH MANAGEMENT

## GOVERNMENT CODE AUTHORITY

While a Growth Management Element is not a State-mandated general plan element, the Growth Management Element of the Pinole General Plan is adopted pursuant to the authority granted to local jurisdictions by Section 65303 of the Government Code of the State of California, which states:

*The general plan may include any other elements or address other subjects which, in the judgment of legislative body, relate to the physical development of the county or city.*

The content of the Growth Management Element is dictated by the requirements of the Contra Costa County Transportation Authority (CCTA), and this element follows a specific format required by that agency. The element also serves as a means for the CCTA to determine whether the City is in compliance with policies that support the receipt of Measure J funding.

## RELATIONSHIP TO OTHER GENERAL PLAN ELEMENTS

The Growth Management Element is not intended to supersede the goals or policies of the other elements of the General Plan. When other elements of the General Plan are updated, it may be appropriate to amend the Growth Management Element to ensure an internally consistent and comprehensive set of City goals, policies and actions.

- Chapter 5: The land use framework for implementing the Growth Management Element policies and the Urban Limit Line (Figure 5.1) are established by the Land Use and Economic Development Element.
- Chapter 6: Consistent with the requirements of Measure J, the City of Pinole has an adopted Housing Element that meets the requirements of the California Department of Housing and Community Development (HCD).
- Chapter 7: The Circulation Element establishes level of service standards that govern traffic operations in Pinole.
- Chapter 8: The Community Services and Facilities Element establishes performance standards for public services and facilities that are used to evaluate the effect of new development in Pinole.
- Chapter 10: The Natural Resources and Open Space Element discusses man-made hazards, development constraints, conservation policies that affect the potential siting of land uses and open space policies.
- Chapter 11: The Sustainability Element discusses ways for Pinole to incorporate more green practices, including ways affecting how Pinole will grow.

# GROWTH MANAGEMENT

## BACKGROUND

### Local Requirements

In November 2004, voters approved Measure J, extending the Contra Costa County Transportation Improvement and Growth Management Program (Measure C, 1988) by 25 years. That action established a 0.5 percent countywide sales tax through the year 2034 that will be used to address existing major regional transportation problems. To qualify for its share of the sales tax, the City of Pinole will:

1. Adopt a Growth Management Element as part of the General Plan;
2. Adopt a development mitigation program (adopted by Resolution 2008-92 on June 17, 2008);
3. Provide diverse housing options for people who live and work in Pinole (refer to Chapter 6, Housing Element);
4. Participate in cooperative multi-jurisdictional planning (Pinole continues to be an active participant on the West Contra Costa Transportation Advisory Committee);
5. Maintain the adopted Urban Limit Line (ULL) (adopted by Resolution 2007-12 on February 6, 2007);
6. Implement a five-year Capital Improvement Program (the 5-year CIP is updated annually); and
7. Adopt a Transportation Systems Management Ordinance or Resolution (adopted by Ordinance 2006-06 on June 20, 2006).

Measure J requires that tax revenues be dedicated to transportation projects in Contra Costa County and to the implementation of a Growth Management Program by all the cities and the County. Specifically, Measure J provides funding for three categories of transportation projects:

1. Transportation projects identified in Measure J;
2. Paratransit programs; and
3. Transportation projects funded by Local Street Maintenance and Improvement or "Return-to-Source" funds.

Return-to-Source funds are revenues derived from the additional sales tax that are distributed to participating general purpose governments in Contra Costa County. The system of distribution is based on a formula which includes the jurisdiction's population and the miles of streets and highways within the jurisdiction. Measure J requires that in order to receive Return-to-Source funds, participating jurisdictions prepare a Growth Management Element. This element satisfies the requirement for the City of Pinole and is consistent with the standards established by Measure J and the Contra Costa County General Plan.

# GROWTH MANAGEMENT

## PLANNING FOR GROWTH

As discussed in the Background Report, the Pinole population is projected to grow by about 2,761 people between 2000 and 2030 (an almost 13 percent increase).<sup>2</sup> The number of households is expected to increase by 1,317 between 2000 and 2030 (a 16 percent increase). The average household size in the Pinole Planning Area is projected to decrease from 2.91 persons per household in 2000 to 2.82 in 2030. The City of Pinole is planning for growth to occur primarily along San Pablo Avenue, Appian Way and Pinole Valley Road. By concentrating development on these corridors and coordinating policy and capital improvement planning with neighboring jurisdictions and other transit agencies, the City seeks to:

1. Ensure a healthy jobs/housing balance;
2. Accommodate the housing needs of people who live and work in Pinole;
3. Accommodate the City's share of regional growth while maintaining acceptable traffic circulation standards; and
4. Participate in regional planning efforts.

## Jobs/Housing Balance

For purposes of the Growth Management Element, jobs/housing balance is defined as the reasonable opportunity for people to live and work within the Planning Area. Three components of jobs/housing balance were analyzed:

1. The number of jobs as a percentage of the number of employed residents (i.e., total jobs/total employed residents);
2. Average household income and the implicit relationship between income and the ability to pay housing costs; and
3. The amount of vacant land by current zoning designation.

Maintaining a reasonable jobs/housing balance is important because it:

1. Reduces the need for residents to use regional transportation infrastructure;
2. Reduces the amount of household income that must be used for transportation costs;
3. Has positive environmental impacts, because of overall reduction in commute trips;
4. Reduces the amount of time residents must spend commuting and allows the use of that time for leisure activities; and

---

<sup>2</sup> ABAG, *Projections 2007*.

# GROWTH MANAGEMENT

5. Is important to the overall health and vitality of the community, by creating greater opportunities for community involvement and interaction.

## Housing Needs

For Pinole, the regional housing need is determined by the Association of Bay Area Governments (ABAG), based upon an overall regional housing need number established by the State. In accordance with state law, ABAG has determined the fair share of the regional housing need that must be planned for during the 2007 to 2014 planning period. State law also requires that the allocation of regional housing needs consider the need for housing across all income levels. These income categories, as defined by the State, are:

- Very Low: up to 50 percent of median income
- Low: between 50 and 80 percent of median income
- Moderate: between 80 and 120 percent of median income
- Above Moderate: above 120 percent of median income

Pinole's allocation for the 2007–2014 period is 323 total housing units, of which 180 must be affordable. The breakdown of required affordable units is 83 (26 percent) must be affordable to very low-income households, 49 (15 percent) affordable to low-income households, and 48 (15 percent) affordable to moderate-income households. The allocation for above moderate-income households is 143 (44 percent) housing units.

Most of the vacant or redevelopable sites that are designated in the General Plan for single-family or multiple-family use within the Pinole Planning Area are small infill lots that are already served by necessary infrastructure and are within the existing service areas of the City's Police and Fire departments.

## Traffic Capacity

Pinole has participated in the development of the West County Traffic Model and Action Plan and has developed specific standards for traffic level of service based on the model and on the subregional Action Plan for Routes of Regional Significance. Measure J, which extended Measure C through the year 2034, established two basic categories of routes: (1) routes of regional significance and (2) basic routes.

Routes of regional significance in Pinole are Interstate 80, San Pablo Avenue and Appian Way. In west Contra Costa County, the Action Plan for Routes of Regional Significance is developed by the West Contra Costa Transportation Advisory Committee (WCCTAC).

Actions to improve basic routes are addressed at the local level through the development of other General Plan implementation programs and the City's Capital Improvement Program (CIP). The City has established traffic level of service (LOS) standards in the Circulation Element (Chapter 7). Currently, all roadways meet City standards.

# GROWTH MANAGEMENT

The Circulation Element also projects future traffic conditions through the year 2030. According to projected volumes, only a few intersections and road segments will eventually function at LOS F, which is the lowest level of service and indicates “breakdown conditions.” Increases in daily volumes in segments along San Pablo Avenue, Appian Way and Pinole Valley Road will begin to exceed the capacity of the roadways. The increase in daily volumes can be attributed to growth in Pinole as well as in the adjacent areas, such as Hercules, San Pablo and the unincorporated county. Solutions for the LOS F street sections will need to be developed.

While there may be improvements at some intersections and road segments that could improve the level of service, constraints in Old Town Pinole make it difficult to increase traffic capacity without detracting from important community attributes. Traffic improvements that would widen San Pablo Avenue in Old Town, or support vehicular circulation at the expense of pedestrian circulation, have the potential to change the historic character of Old Town Pinole, damage the economic vitality of the area and potentially decrease public safety and enjoyment. For those reasons, the City favors acceptance of LOS F as the traffic circulation threshold for the Old Town section of San Pablo Avenue.

The West County computerized traffic model, developed in conjunction with CCTA, the five west Contra Costa County cities and the local transit agencies, can be used to analyze existing and anticipated traffic levels impact on basic and regional routes. The model integrates transportation demands in the cities of El Cerrito, Hercules, Pinole, Richmond and San Pablo, and the surrounding unincorporated areas, including Bay Area-wide through traffic along the major travel corridors. Refer to the Circulation Element (Chapter 7) for a discussion of existing and anticipated circulation conditions.

## **West County Action Plan**

The West County Action Plan is a program of improvements to be carried out by the members of the West Contra Costa County Transportation Advisory Committee (WCCTAC) to improve and maintain the network of regional routes in west Contra Costa County. The five west county cities, the County, Bay Area Rapid Transit (BART), WestCAT and the other transit agencies combine their efforts to ensure that traffic and transit facilities can handle the needs of the community into the future.

The Action Plan is required as part of the Growth Management Program and is prepared by CCTA, in consultation with WCCTAC, to reflect a regional view of transportation needs and issues, and ultimately, implementing actions and projects for regional routes of significance. Projects are funded and carried out through local capital improvement programs, Return-to-Source funding and Measure J project funding.

## **SERVICE CAPACITY CONSIDERATIONS**

There are a number of conditions and infrastructure considerations that affect service capacity in Pinole. Some of the most important issues (e.g., traffic, sewage disposal and the provision of emergency services) will require coordinated efforts with adjoining communities and regional planning agencies. The following trends and inter-jurisdictional considerations are fundamental to Pinole’s growth management planning.

# GROWTH MANAGEMENT

## 1. Regional growth has occurred at a much higher rate than growth in Pinole and has impacted transportation infrastructure at a disproportionately high rate.

Based on ABAG Projections 2007, the Planning Area of Pinole grew at a much slower rate in the last decade than did Contra Costa County and neighboring Solano County (see **Table 4.1–Regional Population Comparison**). The Pinole Planning Area includes unincorporated portions of the county that abut Pinole.

**Table 4.1**  
**Regional Population Comparison**

|                      | 2000      | 2010      | % Change |
|----------------------|-----------|-----------|----------|
| Pinole Planning Area | 30,806    | 32,300    | 5%       |
| Contra Costa County  | 948,816   | 1,061,900 | 12%      |
| Solano County        | 394,542   | 455,200   | 15%      |
| Bay Region           | 6,783,762 | 7,412,500 | 9%       |

Source: ABAG, Projections 2007

Accordingly, growth in surrounding communities has placed a much higher demand on transportation infrastructure than has growth in Pinole. This condition has resulted in increased congestion at Interstate 80 ramps in Pinole and has contributed to traffic congestion on surface streets as motorists seek alternative routes to a congested interstate. While Pinole has the ability to influence local traffic conditions, participation in regional planning efforts is critical for ensuring adequate transportation improvements to serve the City of Pinole.

## 2. Wastewater treatment capacity is shared between the cities of Pinole and Hercules.

Wastewater treatment capacity at the Pinole/Hercules Water Pollution Control Plant (WPCP) is currently shared between the cities of Hercules and Pinole. In the last decade, growth in the City of Hercules has generated greater demand for new service connections than has growth in Pinole, and this trend is expected to continue into the future (see **Table 4.2–Local Population Comparison**). Service limitations, however, are a function of peak flows during periods of wet weather. Aging infrastructure in Pinole contributes substantially to wet weather flow as the result of inflow and infiltration. It is worth noting that a little over half of the Pinole Planning Area is served by the WPCP. Accordingly, the absolute population numbers contained in **Table 4.2** are less informative for planning purposes than the percentage of change over time.

# GROWTH MANAGEMENT

**Table 4.2**  
**Local Population Comparison**

|                      | 2000   | 2010   | Population Change | % Change | 2030   | Population Change | % Change |
|----------------------|--------|--------|-------------------|----------|--------|-------------------|----------|
| Pinole Planning Area | 30,806 | 32,300 | 1,494             | 5%       | 35,100 | 4,294             | 14%      |
| Hercules             | 19,497 | 23,900 | 4,403             | 23%      | 28,700 | 9,203             | 47%      |

Source: ABAG, Projections 2007

The Pinole/Hercules WPCP needs to upgrade in order to accommodate existing wet weather peak period flows. Any future WPCP upgrade should also be designed to accommodate projected growth in the cities of Pinole and Hercules. Growth management policies should establish appropriate mechanisms for addressing existing infrastructure needs, accounting for future projected growth and assigning available capacity. Please see the Community Services and Facilities Element (Chapter 8) for more information.

**3. The growth rate of local employment opportunities exceeds the growth rate in the number of employed residents, providing local work for Pinole Planning Area residents.**

Between 2000 and 2030, based solely in the number of jobs and employed residents in the city, the ratio of employed residents to jobs is expected to improve in Pinole from 2.6 to 2.3 employed residents per job. The number of employed residents is expected to increase by 3,596 over the next 30 years, while the number of local jobs is expected to increase by 2,410.

**4. Housing and commercial development is anticipated to occur slowly and incrementally over the next 30 years.**

Most large land holdings in Pinole have been developed. With few exceptions, growth in Pinole is expected to occur on small infill lots that can accommodate housing and mixed-use development. Exceptions to this condition exist in redevelopment opportunities at the Appian 80 Shopping Center, Gateway West, and Doctors Hospital, and at industrial properties located at the west end of San Pablo Avenue.

**5. The high cost of market-rate housing, in conjunction with an increase in lower-paying employment opportunities, reinforces the need to provide diverse housing opportunities to households at all income levels.**

While the number of jobs is expected to increase, many will be at salary levels that are below what is needed to afford market-rate housing in Pinole. While Pinole remains comparatively affordable for the San Francisco Bay region, proximity to employment centers, an attractive small-town character and an advantageous climate are expected to perpetuate increasing demand in a community with limited supply and generate higher housing costs. Job growth in Pinole has been primarily in the services industries, jobs with traditionally lower earning potential. This combination will make it difficult to provide housing

# GROWTH MANAGEMENT

opportunities for people who work in the community unless services and infrastructure are capable of accommodating increased housing production.

## ISSUES THIS ELEMENT ADDRESSES

This element provides goals, policies and actions that address the following issues:

- Encouraging cooperative transportation and land use planning between Pinole and its neighbors and regional agencies.
- Ensuring that appropriate funding mechanisms are in place to pay for facilities and services that are required to meet the demand generated by growth.
- Encouraging growth in areas where infrastructure and transportation, including transit services, are available.

## GOALS, POLICIES AND ACTIONS

- Goal GM.1: Support cooperative transportation, land use and public service planning in Contra Costa County.
- Goal GM.2: Ensure that new development pays for the facilities required to meet the demands generated by development.
- Goal GM.3: Support land use patterns that make efficient use of the transportation system and enhance public safety.
- Goal GM.4: Encourage infill and redevelopment in areas that are already served by utilities, infrastructure and public services.

**GOAL GM.1 Regional Planning.** Support cooperative transportation, land use and public service planning in Contra Costa County.

**POLICY GM.1.1 West Contra Costa County Planning Activities.** Achieve efficient public service delivery by coordinating with affected jurisdictions and agencies concerning public and private developments.

**Action GM.1.1.1 Regional Planning.** Work with regional planning agencies (e.g., Metropolitan Transportation Commission, Association of Bay Area Governments, Contra Costa Transportation Authority, West Contra Costa Transportation Advisory Committee, Bay Conservation and Development Commission, and Bay Area Air Quality Management District) and transit providers (e.g., WestCAT, AC Transit, and Bay Area Rapid Transit) to address regional land use, transportation and environmental issues.

# GROWTH MANAGEMENT

- Action GM.1.1.2** **LAFCO.** Work with the Local Agency Formation Commission (LAFCO) to periodically review the efficacy of public services and take advantage of opportunities to defray City costs without sacrificing services.
- Action GM.1.1.3** **WCCTAC.** Work with WCCTAC to develop and update the Action Plan for Routes of Regional Significance, to establish Multimodal Transportation Service Objectives (MTSOs), and to coordinate planning for projects and programs of regional importance.
- Action GM.1.1.4** **CCTA.** Continue to help maintain the Contra Costa Transportation Authority's travel demand modeling system by providing information on proposed improvements to the transportation system and planned and approved development within Pinole.
- Action GM.1.1.5** **Emergency Preparedness.** Continue to participate in regional emergency preparedness planning efforts and in shared emergency services and mutual aid opportunities.
- Action GM.1.1.6** **Hercules.** Endeavor to work with the City of Hercules to address wastewater disposal issues and opportunities to ensure compliance with operating permits, to provide sewage disposal to accommodate anticipated growth, and to remedy existing facilities deficiencies.
- Action GM.1.1.7** **CCTA.** Continue to maintain the adopted voter-approved Urban Limit Line according to the Principles of Agreement developed by the Contra Costa Transportation Authority.
- GOAL GM.2** **Development Mitigation.** Ensure that new development pays for the facilities required to meet the demands generated by development.
- POLICY GM.2.1** **Plan for Public Facility and Service Needs.** Future development shall be planned based on public facility and service capacity, community-wide needs, sound citywide and neighborhood planning, and public improvement programming.
- Action GM.2.1.1** **Service Standards.** Periodically monitor, review and update Pinole's service standards to maintain fire, police, parks, sewer, water, and flood control services within Pinole. The following standards will be used to guide decision making through the development review process.

## Parks and Recreation

**Parks:** 3.0 acres of neighborhood or regional parks, or 5.0 acres of dedicated open space per 1,000 residents.

# GROWTH MANAGEMENT

## Fire

Pinole will endeavor to maintain capital facilities, equipment and staffing sufficient to maintain the following service level:

1. **First Engine Company:** 5-minute response time for emergency calls 90 percent of the time.
2. **Water Requirements:** 3,500 gallons per minute (gpm) minimum on initial response assignment.

## Police

Pinole will strive to maintain capital facilities, equipment and staffing to maintain a 5-minute response time for emergency calls.

## Sanitary Facilities

Pinole will continue to work with Hercules and the West County Wastewater District to monitor, manage and maintain Pinole's wastewater collection and treatment system and to upgrade as necessary to meet permit requirements and capacity needed for current flow amounts and projected future growth.

## Water

Verification by East Bay Municipal Utility District (EBMUD) that adequate water supply and quality can be provided shall be required for approval of new development.

## Flood Control

1. **Capacity:** Flood protection facilities should be designed to contain a 100-year flood event, as determined by the Federal Emergency Management Agency (FEMA).
2. **Climate Change:** Flood protection improvements should anticipate the probable effect of climate changes as they relate to sea level.
3. **Upstream Improvements:** Coordinate with EBMUD to plan for a detention/diversion basin south of the city to meter peak period flows in Pinole Creek.

### **POLICY GM.2.2**

**Costs of New Development.** Ensure that any new development within, and adjacent to the City pays its share of the costs associated with the provision of facilities for fire, police, schools, parks, sanitary facilities, water, and flood control necessitated by it, by attaching project-specific mitigation requirements as conditions of approval.

# GROWTH MANAGEMENT

- Action GM.2.2.1 Regional Development Mitigation Program.** Participate in the development and implementation of a regional or subregional development mitigation program based on any nexus established through the Action Plan process.
- Action GM.2.2.2 Growth Management Fees.** Continue participating in the regional development mitigation program to establish fees, exactions, assessments or other mitigation measures to fund regional and subregional transportation improvements. The City will update and collect applicable fees to mitigate impacts of developments on the local and regional transportation system.
- Action GM.2.2.3 Growth Management Capital Projects.** Include capital projects, generally showing complete project cost and intended project phasing, in Pinole's annual Capital Improvement Program which are necessary to:
1. Extend services to new development.
  2. Maintain traffic standards established in the General Plan.
  3. Address the City's responsibilities under the adopted West Contra Costa Action Plan.
  4. Maintain standards for fire, police, parks, sewer, water, and flood control established in Pinole's Growth Management Element. *(Note: See Measure J program relating to Capital Improvement Program.)*
- Action GM.2.2.4 Development Review.** Participate in regional review of development proposals that have the potential to impact regional facilities, resources and services.
1. Circulate environmental documents to surrounding jurisdictions for review and comment.
  2. Submit to the West Contra Costa County Technical Advisory Committee proposed revision(s) to the West County Action Plan to mitigate impacts associated with proposed General Plan amendments over the threshold specified in the adopted West County Action Plan.
  3. Participate in the conflict resolution process established by the CCTA in the Growth Management Implementation Documents as a means of resolving disputes between neighboring jurisdictions related to the Action Plan and other Measure C/J transportation-related issues.
  4. Ensure that all new development bears a fair share cost of mitigating impacts on the City's ability to provide essential services.

# GROWTH MANAGEMENT

**POLICY GM.2.3 Development Costs.** Services and capital improvements necessary to serve new development should be installed and funded by the project.

**Action GM.2.3.1** Where feasible, development should provide improvements necessary to ensure adequate service to the project and create an adequate mechanism for ensuring ongoing funding for necessary services.

**Action GM.2.3.2** Where improvements are needed to serve multiple projects or existing development, the City will maintain a development mitigation program to collect the proportionate share of a development's contribution to capital and service costs associated with regional and local facilities and services needed to support the development. The development mitigation program may include, but not be limited to:

- a. Development Impact Fees;
- b. User Fees;
- c. Quimby Act Fees or other Park and Recreation Fees;
- d. Transportation Management Fees; and
- e. Connection Fees.

**GOAL GM.3 Efficient Transportation.** Support land use patterns that make efficient use of the transportation system and enhance public safety.

**POLICY GM.3.1 Transportation Management.** Make more efficient use of the regional and subregional transportation system.

**Action GM.3.1.1 Transportation System Management.** Update the Transportation System Management (TSM) ordinance to reflect General Plan policies.

**Action GM.3.1.2 Transportation Demand Management.** Adopt Transportation Demand Management practices that can be applied in new development projects.

 **POLICY GM.3.2 Multimodal Transportation.** Establish service standards for multiple modes of transportation that are focused on moving people rather than solely on moving automobiles.

**Action GM.3.2.1 Traffic Operations.** Apply the traffic operation standards (level of service) established in the Circulation Element.

**Action GM.3.2.2 Exceptions.** Maintain traffic operation standards at intersections except where:

# GROWTH MANAGEMENT

1. Operations exceed adopted standards but which are expected to meet standards following implementation of projects in the adopted five-year Capital Improvement Program.
2. Alternative modes of transportation are available (e.g., bicycle lanes and facilities, bus transit and shuttle service).
3. Projects result in housing that is affordable to people who work and live in Pinole.

## Action GM.3.2.3

**Alternative Modes of Transportation.** Work with regional transportation agencies to develop circulation standards that:

1. Emphasize the movement of people, not solely automobiles, as the performance objective.
2. Adjust service standards to include trips accommodated by bicycle routes and facilities, pedestrian connections and transit service.

## POLICY GM.3.3

**Provide Adequate Transportation Facilities and Services.** Provide adequate transportation facilities while maintaining neighborhood integrity. The following considerations are aimed at reducing traffic on residential streets and improving available transportation alternatives:

- a. Through-traffic should be discouraged as much as possible from residential streets.
- b. New commercial development should be focused along arterial corridors.
- c. Transit services that are accessible to children, adults, senior citizens and people with disabilities should be located within half a mile of schools, public facilities and shops.
- d. Commuters should have easy access to the BART system.
- e. A shuttle bus, especially for seniors, at regular intervals throughout the city, as well as hiking and biking trails, is desirable.
- f. Maintenance of AC Transit, BART feeder and WestCAT services.

## Action GM.3.3.1

**Bus Service.** Coordinate with WestCAT and AC Transit to strategically expand commute and local bus services in Pinole. Transit service planning should consider the following:

1. Loop service along primary circulation corridors.

# GROWTH MANAGEMENT

2. Enhanced access to major employment centers or transit hubs to minimize the number of transfers associated with trips.

**Action GM.3.3.2**     **Carpools and Transit.** The City will develop a plan to make more efficient use of the regional and subregional transportation system that includes the following considerations.

1. Improved access to commuter bus service by enhancing access to nearby park-and-ride facilities or by providing a park-and-ride facility in Pinole to support commuter bus service.
2. Promoting the use of carpools and vanpools.

 **POLICY GM.3.4**     **Coordinate Transportation.** Coordinate capital improvements and transit services to support medium- and high-density commercial and residential development along San Pablo Avenue, Appian Way and Pinole Valley Road with multiple modes of transportation.

**Action GM.3.4.1**     **Circulation Corridors.** Adopt the Three Corridors Specific Plan for the San Pablo Avenue, Appian Way and Pinole Valley Road corridors to include bicycle, pedestrian and transit facilities and services and convenient vehicle access.

**POLICY GM.3.5**     **West Contra Costa County Transportation Planning Activities.** Participate in regional transportation planning, particularly with the West Contra Costa Transportation Advisory Committee (WCCTAC).

**POLICY GM.3.6**     **Trips Within the Community.** Place a higher priority on facilitating trips with origins or destinations within the community than on efforts to provide improvements for through trips.

**Action GM.3.6.1**     **Discourage Trip Diversion.** Discourage use of San Pablo Avenue through Old Town as a bypass for Interstate 80 through street designs and improvements that slow traffic.

**Action GM.3.6.2**     **Route of Regional Significance.** Consider designating Fitzgerald Avenue as a route of regional significance that could replace or supplement Appian Way as the north-south route of regional significance in Pinole.

 **POLICY GM.3.7**     **Mobility-Impaired.** Support efforts to provide safe and convenient transportation systems for all citizens of Pinole, particularly mobility-impaired individuals.

 **POLICY GM.3.8**     **Public Transit.** Encourage the development of a safe, efficient and reliable transit system, in coordination with the West Contra Costa Action Plan, to provide a convenient alternative to driving.

# GROWTH MANAGEMENT

**GOAL GM.4 Compact Development and Service Areas.** Encourage infill and redevelopment in areas that are already served by utilities, infrastructure and public services.

**POLICY GM.4.1 Planning for Present and Future Community Needs.** Plan for, provide and maintain a level of public infrastructure facilities and services that adequately serves the present and future needs of the community.

 **POLICY GM.4.2 Regional Jobs/Housing Balance.** Consistent with the Land Use and Economic Development Element of the Pinole General Plan, encourage reasonable opportunity for people to live and work within west Contra Costa County.

**Action GM.4.2.1 Housing Element Programs.** In accordance with the General Plan's Housing Element, provide housing opportunities in a variety of structure and tenure types for all economic sectors and compositions of households to maintain a jobs/housing balance as a method of potentially reducing commute trip lengths.

# CHAPTER 7: CIRCULATION

# CIRCULATION

# CIRCULATION

## VISION STATEMENT

**Pinole will maintain and improve a well-planned, multimodal circulation system. The City will promote accessible, economically viable and environmentally sound transportation options that meet the needs of residents, employers, employees and visitors for safe, convenient and efficient travel by a variety of methods.**

## INTRODUCTION

This element of the General Plan describes the existing transportation conditions in the City of Pinole. It describes the various modes in the existing transportation system, the existing traffic volumes on area roadways, and current levels of service. Relevant planning documents and policies and planned roadway improvements for the area are also described.

A Circulation Element has been required as part of local general plans since 1955. Guidelines adopted by the California Office of Planning and Research emphasize the need to develop a “balanced, multimodal transportation system.” Cost efficiency and protection of

environmental quality, including air quality, require attention to non-auto transportation facilities and careful coordination with the Land Use and Economic Development Element (Chapter 5). Section 65302(b) of the Government Code summarizes state law requirements:

*A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, and other local public utilities and facilities all correlated with the land use element of the plan.*

## PURPOSE

Traffic congestion and other circulation constraints are major considerations in determining appropriate land uses and responding to future conditions that will affect the quality of life in Pinole. The Circulation Element provides data concerning existing and future conditions as a factual basis for community goals, policies and implementing actions for existing and proposed roadway improvements and other transportation needs.

Pinole’s Circulation Element addresses such issues as regional traffic congestion, traffic impacts on neighborhoods, public transit, trails and parking. More than other elements, the Circulation and Land Use elements act in concert to help achieve a vision of sustainability for the city. This element expresses a vision for the future where sustainable options of transportation, in conjunction with thoughtful development, provide for the needs of existing residents and businesses while preserving choices for future generations.

## RELATIONSHIP TO OTHER GENERAL PLAN ELEMENTS

- Chapter 4: The Growth Management Element encourages future growth to locate along the primary travel corridors through the community and in areas that are or can easily be served by transit.
- Chapter 5: The Land Use and Economic Development Element establishes land use designations that guide future Pinole growth and demands on the circulation system.

# CIRCULATION

- Chapter 8: The Community Services and Facilities Element sets policies for the future maintenance of the road network in Pinole.
- Chapter 10: The Natural Resources and Open Space element addresses pedestrian trails and linkages for Pinole.
- Chapter 11: The Sustainability Element encourages transit options for Pinole and guides future growth to Pinole's transit corridors. This element also addresses greenhouse gas (GHG) reductions that may be realized by reducing automobile trips.

## ISSUES AND OBJECTIVES

### LOCAL AND REGIONAL REQUIREMENTS

A number of agencies and pieces of legislation govern the growth and maintenance of regional and local transportation systems. The Metropolitan Transportation Commission (MTC) is the regional organization responsible for prioritizing transportation projects.

In November 2004, voters approved Measure J, extending the Contra Costa County Transportation Improvement and Growth Management Program (Measure C, 1988) by 25 years. Measure C is enacted by the Contra Costa Transit Authority (CCTA). Full details of pertinent Measure J requirements can be found in the Growth Management Element. Below are highlights of Measure J that relate to the Circulation Element.

Measure J continues a 0.5 percent countywide sales tax through the year 2034 that will be used to address existing major regional transportation problems. To qualify for its share of the sales tax, the City of Pinole will:

1. Adopt a development mitigation program (adopted by Resolution 2008-92 on June 17, 2008);
2. Provide diverse housing options for people who live and work in Pinole (refer to Chapter 6 – Housing Element);
3. Participate in cooperative multi-jurisdictional planning (Pinole continues to be an active participant on the West Contra Costa Transportation Advisory Committee);
4. Maintain the adopted Urban Limit Line (ULL) (adopted by Resolution 2007-12 on February 6, 2007);
5. Implement a five-year capital improvement program (the 5-year CIP is updated annually); and
6. Adopt a Transportation Systems Management Ordinance (adopted by Ordinance 2006-06 on June 20, 2006).

# CIRCULATION

Pinole has an adopted Growth Management Element as part of its General Plan, as required by Measure J. In addition, Measure J requires that tax revenues be dedicated to transportation projects in Contra Costa County and to the implementation of a Growth Management Program by all the cities and the County. Specifically, Measure J provides funding for three categories of transportation projects:

1. Transportation projects identified in Measure J;
2. Paratransit programs;
3. Transportation projects funded by Local Street Maintenance and Improvement or "Return-to-Source" funds.

Pinole has met and will continue to meet all Measure J requirements.

The West Contra Costa Transportation Advisory Committee (WCCTAC) is one of four Regional Transportation Planning Committees in Contra Costa County, and the committee of which Pinole is a member. The Regional Transportation Planning Committees were created to manage the 1988 Measure C 1/2 cent transportation sales tax projects and programs, as well as its extension, Measure J, approved by Contra Costa voters in 2004. In addition to managing revenues from Measures C and J, WCCTAC also administers the subregional transportation mitigation fee program (STMP) and participates in defining and implementing policies, programs and projects to improve local and regional transportation and air quality.

## **PINOLE'S EXISTING CIRCULATION SYSTEM**

The roadway network in Pinole is made up of Interstate 80 (I-80), operated by the California Department of Transportation, arterials, collectors, and local streets. Roadways in Pinole also support pedestrian and bicycle facilities, though there are some deficiencies in those areas that are discussed below. Two railroad lines run along the San Pablo Bay shoreline and support both passenger (Amtrak) and freight rail service (Union Pacific and Burlington Northern Santa Fe). This circulation network connects to neighboring jurisdictions which offer access to ferry service, passenger rail service, and the Bay Area Regional Transit (BART) system. Routes of regional significance in Pinole are I-80, San Pablo Avenue, and Appian Way. The Background Report contains more details of Pinole's transportation services and facilities.

## **Transit Systems**

Transit systems provide a motorized alternative to private vehicles. As discussed in the Sustainability Element (Chapter 11), local governments are taking on responsibility for combating climate change. This is done primarily through reducing greenhouse gas (GHG) emissions, a large portion of which are caused by automobile transportation. By reducing vehicle miles traveled and single-occupancy vehicle use, and encouraging the use of other transit options, Pinole can meet GHG reduction targets, meet state government requirements for reducing GHG emissions, contribute to efforts to combat climate change and become more sustainable.

# CIRCULATION

## Bus Service

Bus service in Pinole is provided by the West Contra Costa Transit Authority (WestCAT) and the Alameda Contra Costa Transit Authority (AC Transit). Bus service facilities run primarily along Pinole's main transportation corridors: San Pablo Avenue, Pinole Valley Road and Appian Way.

## Passenger Rail Service

The San Francisco Bay Area Rapid Transit District (BART) provides regional transit service to Alameda, San Francisco, Contra Costa and San Mateo counties. There is currently no BART service in Pinole. However, WestCAT operates the J bus route, which connects to the BART station at El Cerrito del Norte. In addition, the Orinda BART station is approximately 12 miles from the city and the Richmond BART station is approximately 6 miles from the city.

Amtrak operates passenger rail service for three routes that traverse western Contra Costa County. While there is no station in Pinole, the closest stations are an Amtrak station at the Richmond BART station (approximately 6 miles) and the Martinez station (approximately 9 miles), and there are plans to build a ferry and Amtrak station in neighboring Hercules. Two of Amtrak's routes that stop in Richmond are intrastate services, the Capitol Corridor serving Sacramento/San Jose and the San Joaquin serving Oakland/Bakersfield. The other route is the California Zephyr, an interstate service serving Emeryville/Chicago. The Coast Starlight route, which serves Los Angeles and Seattle, also shares the existing track.

## Freight Rail Service

The Union Pacific and Burlington Northern Santa Fe railroads operate freight services that pass through Pinole. The Union Pacific tracks are located along the San Pablo Bay shoreline, which limits possible public access to the shoreline. Amtrak passenger trains share these tracks with the freight trains.

## **BICYCLING FACILITIES AND PROGRAMS**

Pinole currently has few designated bicycle facilities. Reasons for this include disconnection, lack of signage, lack of roadway crossing aids, topography, and lack of bicycle lanes, and road width issues make it difficult to encourage the use of bicycles as a more sustainable transportation alternative.

Bicyclists need parking facilities to access various places and services. Bicycle rack parking is located at City Hall and Fernandez Park. According to the Contra Costa Countywide Bicycle and Pedestrian Plan, Pinole requires adequate bike parking facilities at transportation centers, public parks and buildings, recreational facilities, commercial centers, and large multi-family residential projects. Other facilities that may enhance the bicycle system include directional signage indicating points of interest and mileage, water fountains, bicycle loops and bicycle showers at private facilities, and bike boxes at intersections to facilitate high-volume left turns.

**Figure 7.1**  
WestCAT and AC Transit Bus Service  
**PMC**

# CIRCULATION

## PEDESTRIAN SYSTEMS

Due to the age of existing infrastructure, many sidewalks in Pinole are too narrow to meet the Americans with Disabilities Act (ADA) standards and have utility poles and other obstructions in the pedestrian pathway. Certain sidewalks in Pinole also are too narrow to facilitate convenient pedestrian travel. Most signalized intersections have marked crosswalks on all roads and pedestrian-activated signals. Intersections close to I-80 prohibit pedestrian crossing across some road segments, though some pedestrians cross in spite of these prohibitions. Only one intersection has audible crossing signals (San Pablo Avenue at Sunnyview Drive) and none have audible actuation. Marked crosswalks are also generally found at unsignalized intersections on some legs. Pedestrian curb ramps are located at most intersections except at some T-intersections; however, many ramps are steep and are not optimally positioned to lead into the crosswalk. Additionally, many existing pedestrian ramps lack high-contrast textured markings that optimally delineate the pedestrian and vehicle areas of the intersection.

The city's multi-use paths along Pinole Creek and in Bayfront Park at the Bay Trail provide recreational and transportation opportunities to walkers. The Pinole Creek Trail provides connections to several activity centers, but the Bay Trail must still be completed along the Bay shoreline as discussed in the Community Services and Facilities Element (Chapter 8) and Natural Resources and Open Space Element (Chapter 10). Disconnection, inadequate signage and width issues for bicyclists are equally problematic for pedestrians. Additionally, pathway connections from Tennent Avenue and Railroad Avenue to the Bay Trail are unpaved and unsigned. Neighborhood access to the Pinole Creek Trail is provided at Prune Street but discouraged at Plum Street. The Old Town area also includes convenient transit stops along portions of San Pablo Avenue and Tennent Avenue that are easily accessible to pedestrians.

## OTHER TRANSPORTATION SYSTEMS

### AIRPORTS

The closest airports to Pinole are Oakland International Airport, which is 27 miles away, and San Francisco International Airport, which is 34 miles away. Buchanan Field is a local airport that does not currently support commercial airline service and is located in Concord, approximately 15 miles east of Pinole.

### PARKING

Parking in Pinole is generally readily available except in Old Town, though off-street parking lots and metered on-street parking have not been used as a method to manage parking demand.

## EXISTING TRANSPORTATION PROGRAMS

### TRAFFIC CALMING PROGRAM

Neighborhoods wishing to install or remove speed humps on local or collector streets within residential areas may submit an application to the Public Works Department. According to the adopted residential traffic calming policy approved by the City Council on April 21, 2009, the

# CIRCULATION

installation or removal of speed humps requires approval from 65 percent of the property owners within a defined area determined by the Public Works Department

## **TRANSPORTATION DEMAND MANAGEMENT PROGRAM**

Developed because of the growth management requirement of Measure C, a transportation demand management program, 511 Contra Costa, was created to promote alternatives to the single-occupant vehicle, such as carpooling, vanpooling, telecommuting, biking, transit and walking in Contra Costa County. The program has three offices in the county. Pinole is represented by the office located in San Pablo.

## **EAST BAY SMART CORRIDOR PROGRAM**

The City of Pinole is a partner of the East Bay SMART Corridors program, the goals of which are to “better manage congestion and incidents along regional routes, improve transportation mobility, efficiency and safety, and to provide timely, multi-modal transportation information to agency transportation managers and to the public”<sup>1</sup> along three major arterial corridors including the San Pablo Avenue corridor, which runs through Pinole.

## **I-80 INTEGRATED CORRIDOR MOBILITY PROJECT**

The I-80 Integrated Corridor Mobility (I-80 ICM) project is sponsored by the Alameda County Congestion Management Agency, WCCTAC, CCTA, California Department of Transportation (Caltrans), MTC, local agencies including the City of Pinole and local transit agencies in Alameda and Contra Costa counties. The I-80 ICM project’s goal is to enhance the current transportation network along I-80 and its parallel arterials, such as San Pablo Avenue, by building an integrated system that would improve the safety and mobility of all users.

## **FOCUS**

FOCUS, short for the Focusing Our Vision initiative, is a regional planning initiative undertaken by the Association of Bay Area Governments (ABAG) and the MTC in coordination with the Bay Area Air Quality Management District (BAAQMD) and the Bay Conservation and Development Commission (BCDC) to support regional development patterns that are compact and transit-oriented.

As part of the FOCUS program, all three of Pinole’s major corridors have been designated as potential or planned Priority Development Areas (PDA). PDAs are eligible for capital infrastructure funds, planning grants and technical assistance.

Designation of PDAs in Pinole expresses the City’s priorities for managed growth and sustainability. This is one way the City is continuing to work with regional agencies to accommodate growth and plan future development in a more sustainable manner.

# CIRCULATION

Regional agencies are working with cities to provide technical assistance and grants and to facilitate development within PDAs. Future funding opportunities are anticipated in partnership with state agencies and other sources to focus regional development within PDAs as part of a long-term strategy to accommodate future growth in a more sustainable manner.

## PINOLE'S FUTURE CIRCULATION CONDITIONS

Future traffic conditions for Pinole are projected using the CCTA Travel Demand Model. Level of service (LOS) is a measure of effectiveness by which traffic engineers measure auto and truck service on existing or planned roadways. The definitions of the LOS measures are:

- A. Traffic flowing freely
- B. Generally unimpeded traffic flow
- C. Slower but stable flow with minor delays
- D. Reduced speeds and increased delays
- E. Slow speeds and significant delays
- F. Stop-and-go traffic, high level of delay

According to projected volumes, the future auto traffic conditions in Pinole will generally function at acceptable LOS, with only two intersections and four road segments that will eventually function at LOS E or LOS F. Please see **Figure 7.4**. While most of Pinole's roadway system will continue to function within acceptable levels, increases in daily volumes in segments along San Pablo Avenue, Appian Way and Pinole Valley Road will slowly begin to exceed the capacity of the roadway. Since increase in daily volumes is minimally due to growth in Pinole, the increase in daily volumes can mostly be attributed to growth adjacent areas, such as Hercules, San Pablo and the unincorporated county, as well as the lack of alternate transportation options. Another cause of the degradation in operations can be attributed to the diversion of through traffic from the congested I-80 onto local streets. The anticipated growth in both the San Francisco Bay Area and the Sacramento region is expected to result in increased demand on the I-80 corridor.

Traffic improvements that would widen San Pablo Avenue in Old Town in order to avoid LOS F, or support vehicular circulation at the expense of pedestrian circulation, have the distinct potential to change the historic character of Old Town Pinole, damage the economic vitality of the area, and potentially decrease public safety and enjoyment. The viability of the City being able to purchase additional public right-of-way in that area is not feasible.

For these reasons, and with the overarching theme of sustainability in mind, the City has chosen to adopt policies to enhance bicycle, pedestrian and public transit options.

As part of the ongoing effort to encourage future development along the three main transportation corridors in Pinole (San Pablo Avenue, Pinole Valley Road and Appian Way), the

# CIRCULATION

City will adopt the Three Corridors Specific Plan. This Specific Plan provides new land use designations, design standards and transit opportunities for the three corridors. One of the development projects that the Specific Plan encourages is the narrowing of San Pablo Avenue through Old Town Pinole. The road would be narrowed down to two lanes, a bike lane added, and pedestrian facilities enhanced, which would slow down traffic, discourage the use of San Pablo Avenue as a bypass for I-80, and encourage economic activity in the Old Town area.

The City will encourage economic development in Old Town that supports this area as a destination and the vibrant cultural heart of the community and discourage the use of San Pablo Avenue in Old Town as a bypass for I-80. Old Town will continue to be served by shared parking facilities and on-street parking as specified in the Zoning Code in order to preserve the character of Old Town. Please see **Figure 7.5** for a map of the Old Town Parking District. In addition, the City will encourage road improvements that increase pedestrian safety, especially in areas such as Old Town where there are destinations easily accessed by pedestrians. To this end, the City will support vehicle LOS F as the traffic circulation threshold for the Old Town section of San Pablo Avenue.

It should be noted that several planning efforts are under way to address regional traffic issues that may improve the LOS in Old Town. They include (1) the I-80 Corridor Study by the Sacramento Area Council of Governments, ABAG, the MTC, and the Solano Transportation Authority; and (2) the I-80 Integrated Corridor Mobility Project. Further, the WCCTAC (West Contra Costa Transportation Advisory Committee) Action Plan includes objectives to help alleviate congestion along the I-80 corridor and could reduce the traffic impacts on the local streets in Pinole. The City will continue to work with regional agencies toward improving transportation conditions in Pinole.

## ISSUES THIS ELEMENT ADDRESSES

This element provides goals, policies and actions that address the following issues, many of which were raised at public meetings for the Three Corridors Specific Plan, as well as during research to prepare for the update of the General Plan. Some areas of Pinole's circulation system that are addressed in the goals, policies and actions are:

- Expanding and enhancing the pedestrian trail system in Pinole.
- Concentration of future development and circulation improvements around Pinole's three primary transportation corridors: San Pablo Avenue, Pinole Valley Road and Appian Way (also see the Land Use and Economic Development Element (Chapter 5) and the Sustainability Element (Chapter 11)).
- Improvements to Pinole's bicycle facilities.
- More walkable streets with wider sidewalks, pedestrian buffers, and more signalized crossings with higher visibility and actuation.
- Maintain level of service (LOS) standards for traffic operations, except in Old Town, where the City will work with CCTA to reduce the threshold to LOS F.

**Figure 7.4**  
LOS Thresholds  
**PMC**

**Figure 7.5**  
Old Town Parking District

# CIRCULATION

- Plan for future growth and meet Measure J requirements (see Background Report and the Growth Management Element (Chapter 4)).
- Keep Pinole accessible for all members of the community.

## GOALS, POLICIES AND ACTIONS

The goals of this element are as follows and are listed subsequently with corresponding policies and actions.

- Goal CE.1: Reduce vehicle miles traveled and encourage the use of public transit.
- Goal CE.2: Achieve a coordinated regional and local transportation system that minimizes traffic congestion and efficiently serves users.
- Goal CE.3: Provide timely input and effective means (as appropriate) of programming street and highway improvements to maintain the objective peak hour level of service without detrimentally impacting community character or commercial activity.
- Goal CE.4: Establish programs to support sidewalk, trail and street enhancements, where feasible.
- Goal CE.5: Provide adequate parking and loading facilities while encouraging alternative means of transportation.
- Goal CE.6: Reduce the amount of peak hour automobile congestion on city streets, as appropriate.
- Goal CE.7: Support bicycle use as a mode of transportation by enhancing infrastructure to accommodate bicycles and riders.
- Goal CE.8: Provide a safe network of well-maintained pedestrian walkways throughout Pinole that encourages walking as a form of non-motorized transportation.

**GOAL CE.1** Reduce vehicle miles traveled and encourage the use of public transit.

 **POLICY CE.1.1** Encourage strategic growth that concentrates future development along Pinole's three primary transit corridors (San Pablo Avenue, Appian Way and Pinole Valley Road).

**Action CE.1.1.1** Adopt and implement the Three Corridors Specific Plan.

**Action CE.1.1.2** Adopt a Resolution of Support for the designation of Appian Way, San Pablo Avenue and Pinole Valley Road as Preferred Development Areas (PDAs).

# CIRCULATION

**Action CE.1.1.3** Apply for grants and other funding, as appropriate to implement the PDAs.

 **POLICY CE.1.2** Coordinate development of the circulation system with sustainable land use planning.

**Action CE.1.2.1** Give priority to projects that will contribute to a reduction in vehicle miles traveled per capita, while maintaining economic vitality and sustainability.

**Action CE.1.2.2** Require development to provide bus, bicycle, pedestrian and alternative fuel vehicle facilities, as appropriate.

**Action CE.1.2.3** Provide safe and convenient access for pedestrians and bicyclists, wherever feasible.

 **Policy CE.1.3** Encourage development that is sensitive to both local and regional transit measures and that promotes the use of alternative modes of transportation.

**Action CE.1.3.1** Consult with transit providers during review of development proposals.

**Action CE.1.3.2** Include facilities that support alternative modes of transportation (pedestrian, bicycles, public transit, electric vehicles, etc.) where feasible.

 **POLICY CE.1.4** Encourage maximum utilization of the existing public transit system and alternate modes of transportation in Pinole.

**Action CE.1.4.1** Study the feasibility of increasing public transit frequency in areas currently served, and continue evaluating the possibility of expanding service to areas currently without service.

**Action CE.1.4.2** Include links to public transit resources, bike trails maps, pedestrian trails maps and carpool/van pool information on the City's website.

**Action CE.1.4.3** Pursue extension of rapid bus service to Pinole and enhance transit facilities that serve Pinole users.

**Action CE.1.4.4** Support provision of wayfinding signage and markers for transit stops and multi-use trails.

 **POLICY CE.1.5** Encourage transit facilities that will provide good access to major public facilities and employment centers in the city.

**Action CE.1.5.1** Enhance existing and provide additional bus shelters and other amenities that support transit use, where feasible and appropriate.

**POLICY CE.1.6** Encourage transit services between major employment centers in each area of the city and surrounding communities.

# CIRCULATION

**Action CE.1.6.1** The City shall continue to work cooperatively with local and regional transit with transportation agencies and other jurisdictions such as BART, WCCTAC, Transit Providers, West County Jurisdictions, CCTA, Railroads, to maximize connectivity to existing or proposed transit stations within the GPU Planning Area.

**Action CE.1.6.2** Work with WestCAT, AC Transit and other transit providers to support expanded transit lines and increased frequency of service on major transit arterials.

**GOAL CE.2** Achieve a coordinated regional and local transportation system that minimizes traffic congestion and efficiently serves users.

**POLICY CE.2.1** Local circulation system improvements should be consistent with the goals and objectives stated in the Metropolitan Transportation Commission (MTC) Regional Transportation Plan.

**Action CE.2.1.1** Work with local and regional jurisdictions in the preparation of regional and State-mandated regional plans.

**Action CE.2.1.2** Work with WCCTAC to develop and update the Action Plan for Routes of Regional Significance, to establish Multimodal Transportation Service Objectives (MTSOs), and to coordinate planning for projects and programs of regional importance.

**Action CE.2.1.3** Work with emergency service providers to ensure the transportation system facilitates efficient service delivery and protects public safety.

**POLICY CE.2.2** Identify needed improvements to the highway/interstate facilities in the city and in order to aid Caltrans in implementing necessary programs on the state highway system and its interchanges/intersections with local roadways.

**Action CE.2.2.1** Work with Caltrans and adjacent jurisdictions to improve the operational performance of I-80 and local transit corridors designated Priority Development Areas (San Pablo Avenue, Appian Way and Pinole Valley Road).

**Action CE.2.2.2** Work with Caltrans in analyzing the performance of freeway interchanges located in the General Plan area and seek appropriate improvements.

**Action CE.2.2.3** Improve the principal arterial gateways to Pinole to facilitate the movement of traffic flowing into and out of the city.

**GOAL CE.3** Provide timely input and effective means (as appropriate) of programming street and highway improvements to maintain the objective peak hour level of service without detrimentally impacting community character or commercial activity.

# CIRCULATION

**POLICY CE.3.1** Apply the traffic service objectives indicated on Figure 7.4 [of the Circulation Element] for the identified roadways. LOS (level of service) and volume to capacity (V/C) thresholds are defined as follows:

**Level of Service A (50 to 59 V/C):** Indicates a relatively free flow of traffic, with little or no limitation on vehicle movement or speed.

**Level of Service B (60 to 69 V/C):** Describes a steady flow of traffic, with only slight delays in vehicle movement and speed. All queues clear in a single signal cycle.

**Level of Service C (70 to 79 V/C):** Denotes a reasonably steady, high-volume flow of traffic, with some limitations on movement and speed, and occasional backups on critical approaches. LOS C+ = 70 to 75 V/C. LOS C- = 75 to 79 V/C.

**Level of Service D (80 to 89 V/C):** Denotes the level where traffic nears an unstable flow. Intersections still function, but short queues develop and cars may have to wait through one cycle during short peaks. LOS D+ = 80 to 85 V/C. LOS D- = 85 to 89 V/C.

**Level of Service E (90 to 99 V/C):** Describes traffic characterized by slow movement and frequent (although momentary) stoppages. This type of congestion is considered severe, but is not uncommon at peak traffic hours, with frequent stopping, long-standing queues, and blocked intersections. LOS E+ = 90 to 94 V/C.

**Level of Service F (100+ V/C):** Describes stop-and-go traffic characterized by traffic jams and stoppages of long duration. Vehicles at signalized intersections usually have to wait through one or more signal changes, and “upstream” intersections may be blocked by the long queues.

**Action CE.3.1.1** Work with WCCTAC and CCTA to revise the Action Plan level of service standard for San Pablo Avenue within Old Town to LOS F and for Appian Way between Mann Drive and I-80 to LOS E as well as new MTSO's that reflect non-motorized LOS to create a more pedestrian-friendly environment and facilitate pedestrian and bicycle access and circulation.

**Action CE.3.1.2** Project applicants shall provide a traffic study forecasting traffic impacts, identifying deficient roadways and intersections, and providing an implementation plan for needed improvements to the satisfaction of the Public Works Director/City Engineer.

**Action CE.3.1.3** The City shall develop a Roadway/Trail Master Plan to improve the sidewalk, bike trail, pedestrian trail and roadway system, as necessary for buildout of the General Plan.

# CIRCULATION

**POLICY CE.3.2** Maintain roadway network at or above established LOS thresholds.

**POLICY CE.3.3** All projects shall pay their fair share of the cost for project impacts on the circulation network in order to ensure that established levels of service are met.

**Action CE.3.3.1** Establish a mechanism for collecting appropriate fees from development projects that will offset negative impacts on LOS thresholds.

**Action CE.3.3.2** Adopt traffic impact fees that are based upon peak hour trip generation.

 **POLICY CE.3.4** Reduce traffic congestion at key intersections throughout the city, as appropriate and in line with the overall sustainability goals of the City.

**Action CE.3.4.1** Construct necessary improvements to intersections to ensure that the applicable levels of service mentioned in Policy CE.3.1 are achieved.

**GOAL CE.4** Establish programs to support sidewalk, trail and street enhancements, where feasible.

**POLICY CE.4.1** Pinole will coordinate local transportation plans and programs with the CCTA to ensure eligibility for state and federal funding.

**POLICY CE.4.2** Pinole will coordinate local funding with the Regional Transportation Plan (RTP) to ensure eligibility for maximum available funding under the Regional Transportation Improvement Plan (RTIP).

**POLICY CE.4.3** The City will assess transit and multimodal impact fees on new developments to fund public transportation infrastructure, bicycle infrastructure, pedestrian infrastructure and other multimodal accommodations, as appropriate.

**Action CE.4.3.1** Study multimodal impact fees to determine an appropriate amount and means of assessing them.

**POLICY CE.4.4** Prioritize transportation funding to support public transit and other non-auto modes of transportation.

**Action CE.4.4.1** Before funding transportation improvements that increase roadway capacity and vehicle miles traveled, the City will evaluate the feasibility and effectiveness of funding projects that support alternative modes of transportation and reduced vehicle miles traveled, including transit and bicycle and pedestrian access.

**Action CE.4.4.2** Roadways experiencing or forecast to experience worse than applicable level of service conditions (unstable or forced traffic flows) shall be improved, unless economic conditions, community character issues or

# CIRCULATION

public health, safety or welfare factors are such that needed improvements would be detrimental to other City goals and objectives.

**POLICY CE.4.5** Inventory sidewalk conditions to identify opportunities for enhancements to the circulation system and to help prioritize repair and maintenance activities as funding becomes available.

**GOAL CE.5** Provide adequate parking and loading facilities while encouraging alternative means of transportation.

 **POLICY CE.5.1** Provide off-street parking to employees; however preferential parking at several locations in the city shall be made available to vanpools, carpools, alternative fuel vehicles and other transit users, where feasible and appropriate.

**Action CE.5.1.1** Continue to encourage shared parking facilities for both private businesses and public agencies.

**Action CE.5.1.2** Continue to maintain the Old Town parking district as described in **Figure 7.5**.

**POLICY CE.5.2** Reserve on-street parking in commercial areas for short-term users.

**Action CE.5.2.1** Consider as needed the use of timed/metered parking to discourage long-term parking in Old Town, provided resources are available for enforcement.

**POLICY CE.5.3** Work with various government agencies to provide secure parking at park-and-ride lots and transit stations.

 **POLICY CE.5.4** Establish parking policies and requirements that support alternative modes of transportation.

**Action CE.5.4.1** Allow reduction of minimum on-site parking requirements for development that includes exceptional features that support multiple modes of transportation.

**Action CE.5.4.2** Encourage shared parking programs in mixed-use and transit-oriented development areas.

**GOAL CE.6** Reduce the amount of peak hour automobile congestion on city streets, as appropriate.

**POLICY CE.6.1** Encourage the use of carpooling and vanpooling to maintain an acceptable LOS on city streets and I-80.

# CIRCULATION

- Action CE.6.1.1** Designate a certain percentage of parking spaces for ride-sharing vehicles.
- Action CE.6.1.2** Require the development of Transportation Management Associations (TMA) for large employers and commercial/industrial complexes. These TMAs would develop plans to encourage their employees to use some form of collective transportation to commute to and from work. These plans should not only include information regarding rideshare lists and available transit, but may also include provision of transit passes, preferential parking and other incentives to participating employees.
- POLICY CE.6.2** Implement transportation demand management strategies in conjunction with land uses in order to prevent future traffic congestion in the city.
- Action CE.6.2.1** Coordinate with ride-sharing programs to provide up-to-date lists of potential riders and to educate the public on commuting options.
- Action CE.6.2.2** Encourage the development of employer-funded vanpool and shuttle bus services to new employment centers.
- Action CE.6.2.3** Encourage employer provision of information on alternative modes of transit.
- Action CE.6.2.4** Encourage employers to offer flextime arrangements to their employees in order to reduce the percentage of trips made during peak hours.
- Action CE.6.2.5** Work with schools to encourage carpooling and a flexible class schedule in order to reduce the percentage of trips made during peak hours.
- Action CE.6.2.6** Establish and apply minimum carpool requirements for all nonresidential developments.
- POLICY CE.6.3** Strive to achieve a 30 percent reduction in the total number of peak period employee trips.
- Action CE.6.3.1** Encourage and utilize shuttles to serve neighborhoods, employment centers and major destinations.
- Action CE.6.3.2** Work with existing shuttle service providers to coordinate their services with other forms of transit, special events and work centers.
- Action CE.6.3.3** Encourage home offices, live/work sites and satellite work centers in appropriate locations.
- Action CE.6.3.4** Encourage telecommuting options through public outreach and with new and existing employers, as appropriate.

# CIRCULATION

**Action CE.6.3.5** Explore the potential for creation of a transportation assessment district to help fund transportation improvements and repairs throughout the city.

**Action CE.6.3.6** Explore the creation of a network of park-and-ride facilities to support and encourage the use of regional transit.

**Action CE.6.3.7** Identify and correct gaps in the pedestrian travel network, whenever feasible.

**Action CE.6.3.8** Work with WestCAT and AC Transit to construct additional bus turnouts along the following Pinole Roadways: San Pablo Avenue, Pinole Valley Road, Appian Way, and Fitzgerald Drive.

**GOAL CE.7** Support bicycle use as a mode of transportation by enhancing infrastructure to accommodate bicycles and riders.

 **POLICY CE.7.1** Enhance the city's bikeway network through the use of Class I, II and III bikeways.

**Action CE.7.1.1** Develop street design and bikeway design standards to address all street users, autos, public transit, bicycles and pedestrians of all ages and abilities.

**Action CE.7.1.2** Prepare and regularly update a Pinole bikeways map and make it available on the City's website.

**Action CE.7.1.3** Provide safe access to public transportation and other non-motorized uses through construction of dedicated bicycle paths.

 **POLICY CE.7.2** Establish standards for new development and redevelopment projects to support bicycle use.

**Action CE.7.2.1** Establish engineering standards for pedestrian and bicycle facilities.

**Action CE.7.2.2** Require provision of adequate, convenient and secure bike parking in conjunction with private development.

**Action CE.7.2.3** Provide public bike parking as funding is available.

**Action CE.7.2.4** Require projects to include bicycle facilities, as appropriate.

 **POLICY CE.7.3** Establish a network of multi-use paths to facilitate safe and direct off-street bicycle and pedestrian travel.

**Action CE.7.3.1** Where feasible, provide bike racks along these trails at safe, lighted locations.

# CIRCULATION

**Action CE.7.3.2** Pursue enhanced funding for bicycle and pedestrian facilities and access projects.

**Action CE.7.3.3** Adopt bicycle parking standards that encourage and facilitate bicycle travel.

**Action CE.7.3.4** Minimize bicycle/pedestrian/motor vehicle conflicts by providing proper trail, street and intersection design and separation.

**POLICY CE.7.4** Establish bicycle safety as a priority through ongoing public education.

**Action CE.7.4.1** Assist in the development and dissemination of public education programs to promote bicycle safety.

**GOAL CE.8** Provide a safe network of well-maintained pedestrian walkways throughout Pinole that encourages walking as a form of non-motorized transportation.

 **POLICY CE.8.1** Require development to provide pedestrian walkways that are safe, interconnected and accessible by all members of the community

**Action CE.8.1.1** As feasible, ensure that all intersections in areas with pedestrian usage are signalized with curb ramps, bulbouts, high-contrast crosswalks and pedestrian actuation, and other safety measures.

**Action CE.8.1.2** Where feasible, use landscaping or physical barriers on high-capacity arterials to separate vehicles and pedestrians.

 **POLICY CE.8.2** Encourage the community to take advantage of Pinole's pedestrian facilities and recreational opportunities and increase non-motorized modes of transportation.

**POLICY CE.8.3** Design access ways to school facilities that will ensure public safety.

**Action CE.8.3.1** In conjunction with the public school system and other appropriate public facilities and programs, assist in developing public education programs to promote pedestrian safety.

**Action CE.8.3.2** Ensure that all intersections near schools are signalized with curb ramps, high-contrast crosswalks and pedestrian actuation, where feasible.

**Action CE.8.3.3** Actively support the Safe Routes to Schools program, including making use of available funding and technical assistance.

 **POLICY CE.8.4** Encourage the location of basic shopping and services within walkable distances to residential areas.

**Action CE.8.4.1** Use strategic planning to establish land use patterns that encourage mixed-use, walkable development.

## Chapter 2.54

### TRANSPORTATION SYSTEMS MANAGEMENT

---

#### Sections:

2.54.010 Findings.

2.54.020 Purpose, goals and objective.

2.54.030 Severability.

#### **2.54.010 FINDINGS.**

The City Council finds and determines that:

A. Transportation systems management (hereinafter referred to as "TSM") has the potential to reduce vehicle trips and vehicle emissions more efficiently and cost effectively than major roadway improvements.

B. For many years prior to the passage of Contra Costa County Measure C in 1988, local jurisdictions developed and implemented a variety of TSM and transportation demand management (hereinafter referred to as "TDM") projects and programs (e.g., operation of transit systems, construction of bicycle facilities, land use policy coordination and related improvements).

C. Since 1992, the Contra Costa transportation authority has committed both Measure C and Transportation Fund for Clean Air (TFCA) funds to four sub-area programs for the implementation of Measure C and clean air plan goals.

D. Pursuant to the provisions of Measure C, adoption of a TDM ordinance was deemed to be one component of a comprehensive transportation planning effort.

E. In compliance with the requirements of the TDM ordinance, large employers were required to develop and implement trip reduction programs at work sites and, pursuant to those requirements, implementation of the TDM ordinance was delegated to the West Contra Costa transportation advisory committee (WCCTAC).

F. The countywide comprehensive transportation plan incorporates each regional committee's action plan for routes of regional significance, which supports specific TSM/TDM goals and objectives.

G. Over the past four years, the sub-area TDM programs have been successful in reducing vehicle trips and emissions at the employment sites specified in the TDM ordinance, as well as in school and residential areas where programs have been implemented.

H. Since the adoption of the TDM ordinance, TDM efforts have been expanded to include aspects of the transportation systems other than employer programs (e.g., enhancement of transit and bicycle facilities, incorporation of new technologies into the system, land use policy coordination, and related enhancements).

I. In adopting the ordinance codified in this chapter, cooperation and coordination with other local jurisdictions and regions in furthering TSM are acknowledged as having the potential to enhance the efficiency and costeffectiveness of its efforts; and, accordingly, the Council of the city directs staff to

take steps to implement TSM in accordance with the policies, goals and objectives set forth in this chapter, and in cooperation with WCCTAC staff. (Ord. 97-109 § 3(part), 1997).

## **2.54.020 PURPOSE, GOALS AND OBJECTIVE.**

A. Purpose. In light of legislation passed eliminating mandatory employer-based trip reduction requirements, the following purposes, goals and objectives are adopted in order to assist staff in implementing this TSM chapter and TSM programs. The city establishes this TSM chapter:

1. To promote maximum efficiency in the existing transportation system and to further the transportation goals of the Measure C growth management program, Contra Costa's congestion management program, the Bay Area clean air plan, and the west county action plan, by:
  - a. Promoting and encouraging the use of transit, ridesharing, bicycling, walking, flexible work hours and telecommuting as alternatives to solo driving,
  - b. Incorporating these goals and objectives into the land use review and planning process,
  - c. Developing proactive programs and/or projects either alone, in conjunction with other jurisdictions, or with WCCTAC, aimed at achieving these goals,
  - d. Considering the incorporation of appropriate technology designed to facilitate traffic flow, provide transit and highway information, provide trip generation alternatives, and considering the incorporation of related technology into the transportation system,
  - e. Cooperating with other jurisdictions, the private sector and transit operators in planning and implementing transportation programs,
  - f. Educating west county employees, employers, residents and students regarding the benefits and availability of commute alternatives,
  - g. Working with the transit authorities to better serve west Contra Costa County,
  - h. Encouraging the most cost-effective transportation improvement projects aimed at achieving congestion relief, and
  - i. Cooperating with other jurisdictions and agencies, the private sector and transit operators in planning and implementing transportation programs;
2. To reflect an ongoing commitment to expand TSM efforts beyond employer based trip reduction programs, in order to achieve congestion management and air quality goals; and
3. To comply with applicable state and federal laws as well as with Measure C growth management program requirements pertaining to TSM.

B. The goal of this TSM chapter is to ensure the continuation of a proactive TSM program effort aimed at reducing vehicle trips, vehicle emissions and traffic congestion in the most efficient and cost effective manner.

C. The objective of this section is to establish the following policies:

1. To participate, in conjunction with other jurisdictions and WCCTAC, in a proactive effort to support and develop projects which will achieve the Measure C TSM/TDM goals as described in the west county action plan, the countywide comprehensive transportation plan, the Measure C strategic plan, the congestion management plan, and/or the Bay Area clean air plan. Such participation may include, but need not be limited to:
  - a. Promotion and encouragement of the use of transit, ridesharing, bicycling, walking, flexible work hours, telecommuting or other alternatives to solo driving,

b. Defining and implementing projects incorporating appropriate technology designed to facilitate traffic flow, provide transit and highway information, and related technology;

2. To incorporate these goals into the land use review and planning process. (Ord. 97-109 § 3(part), 1997).

#### **2.54.030 SEVERABILITY.**

If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this chapter is for any reason held to be unconstitutional or invalid, such a decision shall not affect the validity of the remaining portions of this chapter. The City Council declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase of this chapter irrespective of the unconstitutionality or invalidity of any section, subsection, subdivision, paragraph, sentence, clause or phrase. (Ord. 97-109 § 3 (part), 1997).

## **CITY COUNCIL REPORT**

**9.F.**

**DATE:** JUNE 17, 2025  
**TO:** MAYOR AND COUNCIL MEMBERS  
**FROM:** Stacy Shell, Human Resources Director, 510-741-3864, sshell@pinole.gov  
**SUBJECT:** APPROVE AN AMENDMENT TO THE EMPLOYMENT AGREEMENT FOR THE CITY CLERK

### **RECOMMENDATION**

It is recommended that the Pinole City Council approve an amendment to provide a four (4) year term extension to the employment agreement for Heather Bell as City Clerk.

### **BACKGROUND**

In March 2019, the City Council appointed Ms. Bell to the position of City Clerk. On March 6, 2019, Ms. Bell and Mayor Murray signed a four-year-term employment agreement through March 5, 2023. Ms. Bell commenced her duties as City Clerk on March 6, 2019. The City Council and Ms. Bell had previously entered into subsequent employment agreement amendments to provide cost of living adjustments, merit increases, market rate adjustments, employee benefit enhancements, and a term extension.

### **REVIEW AND ANALYSIS**

The City of Pinole Municipal Code (PMC), Title II, Administration and Personnel, Chapter 2.05, Office of the City Clerk, Section 2.05.010, Office Created, provides the City Council with the authority to establish the office of the City Clerk and appoint a City Clerk on the basis of their administrative and executive abilities and qualifications and hold office for and during the pleasure of the City Council (City of Pinole Ordinance No. 2004-13, Section 1, 2004). On June 3, 2025, the City Council completed an evaluation of Ms. Bell's performance and thereafter began negotiating changes to her employment agreement.

At this time, the City Council desires to extend the term of Ms. Bell's employment agreement for four (4) years as codified in Exhibit A of the Resolution attached to this City Council Report.

### **FISCAL IMPACT**

City staff does not expect there to be any new fiscal impact to the General Fund of the Fiscal Year 25/26 Budget.

### **ATTACHMENTS**

- A. Resolution
- B. Amendment #1-2025 Bell

RESOLUTION NO. 2025-\_\_

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PINOLE, COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA, APPROVING AN AMENDMENT TO THE EMPLOYMENT AGREEMENT FOR THE CITY CLERK**

**WHEREAS**, the City Council and Heather Bell entered into an Employment Agreement (“Agreement”) for the position of City Clerk on March 6, 2019; and

**WHEREAS**, Ms. Bell commenced her duties as City Clerk on March 6, 2019; and

**WHEREAS**, the City and Employee have previously entered into multiple amendments to the Agreement; and

**WHEREAS**, the City Council performed an evaluation of Employee on May 20, 2025 and June 3, 2025 and thereafter began negotiating changes to the Agreement; and

**WHEREAS**, the City and Employee now wish to amend the Agreement by extending the term for four (4) years.

**NOW, THEREFORE, BE IT RESOLVED**, that the City Council of the City of Pinole does hereby approve an amendment the Agreement hereunto attached as Exhibit A and authorize the Mayor to execute the said amendment.

**PASSED AND ADOPTED** at a regular meeting of the Pinole City Council held on the 17<sup>TH</sup> day of June 2025 by the following vote:

AYES: COUNCILMEMBERS:

NOES: COUNCILMEMBERS:

ABSENT: COUNCILMEMBERS:

ABSTAIN: COUNCILMEMBERS:

I, hereby certify that the foregoing resolution was regularly introduced, passed, and adopted on this 17<sup>th</sup> day of June 2025.

---

Heather Bell  
City Clerk

**AMENDMENT #1-2025 TO THE AGREEMENT FOR EMPLOYMENT OF  
HEATHER BELL**

This Amendment #1-2025 to the Agreement for the Employment of Heather Bell (the "Amendment") is made and entered into as of June 17, 2025 by and between the City of Pinole (the "City"), a California general law city, and Heather Bell, an individual ("BELL" or "Employee").

**RECITALS**

**WHEREAS**, the City and Employee previously entered into that certain Agreement for the Employment of Heather Bell effective as of March 18, 2019 (the "Agreement") for a term of four (4) years; and

**WHEREAS**, the City and Employee have previously entered into multiple amendments to the Agreement; and

**WHEREAS**, on April 5, 2022 the City Council approved Resolution No. 2022-28 extending the term of the Agreement an additional three (3) years through March 18, 2026;

**WHEREAS**, the City Council performed an evaluation of Employee on May 20, 2025 and June 3, 2025 and thereafter discussed further amendment to the Agreement; and

**WHEREAS**, the City Council desires to extend the term of Employee's employment agreement for an additional four (4) years through March 18, 2030; and

**NOW, THEREFORE**, in consideration of the mutual covenants contained herein and good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the City and BELL agree as follows:

1. **Term of Agreement.** This Agreement will become effective on the date executed by the Mayor and will continue through March 18, 2030. The parties to this Agreement may terminate this Agreement pursuant to the provisions of paragraph 5.
2. **Effective Date.** This Amendment shall be effective June 17, 2025.
3. **Effect.** Except as expressly provided for herein, all other terms and conditions of the Agreement, as previously amended, shall remain in full force and effect.

## CITY COUNCIL REPORT

**9.G.**

**DATE:** JUNE 17, 2025  
**TO:** MAYOR AND COUNCIL MEMBERS  
**FROM:** Melissa Klawuhn, Police Chief, mklawuhn@pinole.gov  
Jeremy Crone, Commander, 510-724-8946, jcrone@pinole.gov  
**SUBJECT:** ADOPT AND ORDINANCE RENEWING AB481 MILITARY USE EQUIPMENT

### **RECOMMENDATION**

Staff recommends the City Council waive the second reading and adopt an ordinance approving the renewal of the City's Military Equipment Use Policy as Stated in Chapter 2.60 "Military Equipment Policy" of the Pinole City Municipal Code, based upon approval of the Pinole Police Department's 2024-2025 Annual Military Equipment Report, in compliance with AB 481.

### **BACKGROUND**

California Assembly Bill (AB) 481 (Government Code §7070 *et seq.*) requires the Pinole Police Department ("Department") to obtain City Council approval of a military equipment use policy by ordinance before purchasing, raising funds for, acquiring or using "military equipment" as defined in Government Code §7070 (c). Under AB 481, the City Council may only approve the policy if it makes specific findings regarding the equipment including safeguards, cost effectiveness, reasonableness of use, and fiscal impact.

On May 3, 2022, the City Council approved the Department's Policy (identified as Department Policy 707) finding it meets the requirements under AB 481 and introduced and adopted an ordinance adding Chapter 2.60 "Military Equipment Policy" to the Pinole Municipal Code (Ord. 2022-02).

### **REVIEW AND ANALYSIS**

Once the Department obtains approval for a military equipment use policy, AB 481 requires the Department submit to the City Council an annual military equipment report for each type of military equipment approved within one year of approval, and annually thereafter for as long as the military equipment is available for use. The Department must also make each annual military equipment report publicly available on its internet website for as long as the military equipment is available for use. Additionally, the City Council must review the ordinance that it has adopted, approving the funding, acquisition, or use of military equipment, at least annually, and vote on whether to renew the ordinance at a regular meeting. During the review process, the City Council must determine, based on the military equipment report, whether each type of military equipment in the report has complied with the standards for approval set forth in Government Code sections 7071(d)(1) and 7071(e)(2). The City Council most recently approved and reaffirmed the Department's Policy on July 2, 2024 (Ordinance 2024-04).

In compliance with the Government Code, the Department's annual use report and policy was released to the community via the Department's transparency portal on May 7, 2025, and provided to City Council. On June 3, 2025, the Department held a well-publicized and conveniently located public meeting, at which the general public was able to discuss and ask questions regarding the annual military equipment report and the law enforcement agency's funding, acquisition, or use of military equipment.

By this ordinance, the Department seeks City Council 1) approval of its 2024-2025 annual military equipment report, 2) authority to acquire one (1) DJI Mavic 3 Thermal (M3T) UAS drone and 3) renewal of Pinole Police Department Policy 707 upon a finding that the report has complied with the standards for approval set forth in Government Code sections 7071(d)(1) and 7071(e)(2). If approved on second read, the ordinance and policy will go into effect in thirty (30) days.

On June 3, 2025, at a regularly scheduled City Council Meeting, the Department presented its annual use report and proposed policy to Council for review and approval. Additionally, a public hearing was held at which the general public was able to discuss and ask questions regarding the Department's annual military equipment report and policy. After review and consideration, four councilmembers voted affirmatively and one councilmember voted against approval of the annual report and introduction by title only of the proposed ordinance to approve and renew Chapter 2.60 to the Pinole Municipal Code adopting the Policy in compliance with AB 481.

### **FISCAL IMPACT**

There is no direct fiscal impact from the adoption of the ordinance.

**ORDINANCE NO. 2025-XXXX**

**AN ORDINANCE OF THE CITY OF PINOLE APPROVING AND RE-ADOPTING A  
MILITARY EQUIPMENT USE POLICY AS STATED IN CHAPTER 2.60 “MILITARY  
EQUIPMENT POLICY” OF THE PINOLE MUNICIPAL CODE IN COMPLIANCE  
WITH ASSEMBLY BILL 481 (GOVERNMENT CODE SECTION 7070, *et. seq.*)**

**WHEREAS**, on September 30, 2021, Governor Gavin Newsom signed into law Assembly Bill 481 relating to the use of military equipment by California law enforcement agencies; and

**WHEREAS**, Assembly Bill 481 seeks to provide transparency, oversight, and an opportunity for meaningful public input on decisions regarding whether and how military equipment is funded, acquired, or used by law enforcement agencies; and

**WHEREAS**, Assembly Bill 481, codified at California Government Code section 7070, *et. seq.*, requires law enforcement agencies obtain approval of the applicable governing body, by an ordinance adopting a “military equipment” use policy, at a regular meeting held pursuant to open meeting laws, prior to taking certain actions relating to the funding, acquisition, or use of military equipment. The term “military equipment” is defined in California Government Code section 7070(c); and

**WHEREAS**, the policy must be a document covering the inventory, description, purpose, use, acquisition, maintenance, fiscal impacts, procedures, training, oversight, and complaint process, applicable to the police department’s use of such equipment; and

**WHEREAS**, Assembly Bill 481 allows the governing body of a city to approve the military equipment use policy for continued or future funding, acquisition, or use of military equipment within its jurisdiction only if it makes specified determinations specified in Government Code section 7071(d); and

**WHEREAS**, on May 3, 2022, the City Council adopted Ordinance 2022-02 approving and adopting a military equipment use policy identified as Pinole Police Department Policy 707, having received the information required under Assembly Bill 481 regarding the Pinole Police Department’s use of military equipment as defined in said law and upon a finding of the specified determinations required under Government Code Section 7071(d); and

**WHEREAS**, on July 2, 2024, the City Council approved and reaffirmed the Department’s Policy (identified as Department Policy 707) finding it met the requirements under AB 481 and introduced and adopted an ordinance adding Chapter 2.60 “Military Equipment Policy” to the Pinole Municipal Code (Ord. 2024-04).

**WHEREAS**, Government Code section 7072 provides that a law enforcement agency that receives approval for a military equipment use policy pursuant to Section 7071 shall submit to the governing body an annual military equipment report for each type of military equipment approved by the governing body within one year of approval, and annually thereafter for as long as the military equipment is available for use; and

**WHEREAS**, the law enforcement agency shall also make each annual military equipment report publicly available on its internet website for as long as the military equipment is available for use; and

**WHEREAS**, the annual military report shall include the following information for the immediately preceding calendar year for each type of military equipment:

- a. A summary of how the military equipment was used and the purpose of its use;
- b. A summary of any complaints or concerns received concerning the military equipment;
- c. The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response;
- d. The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report;
- e. The quantity possessed for each type of military equipment;
- f. If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment; and

**WHEREAS**, Government Code section 7071(d) provides the governing body shall determine, based on the annual military equipment report submitted pursuant to Section 7072, whether each type of military equipment identified in that report has complied with the following standards for approval:

- a. The military equipment is necessary because there is no reasonable alternative that can achieve the same objective of officer and civilian safety;
- b. The proposed military equipment use policy will safeguard the public's welfare, safety, civil rights, and civil liberties;
- c. If purchasing the equipment, the equipment is reasonably cost effective compared to available alternatives that can achieve the same objective of officer and civilian safety;
- d. Prior military equipment use complied with the military equipment use policy that was in effect at the time, or if prior uses did not comply with the accompanying military equipment use policy, corrective action has been taken to remedy nonconforming uses and ensure future compliance; and

**WHEREAS**, if the governing body determines that a type of military equipment identified in that annual military equipment report has not complied with the standards for approval set forth

above, the governing body shall either disapprove a renewal of the authorization for that type of military equipment or require modifications to the military equipment use policy in a manner that will resolve the lack of compliance; and

**WHEREAS**, the governing body shall review any ordinance that it has adopted approving the funding, acquisition, or use of military equipment at least annually and vote on whether to renew the ordinance at a regular meeting held pursuant to open meeting laws; and

**WHEREAS**, the Pinole Police Department's annual military equipment report was posted on the department's internet website on May 6, 2025 and within thirty (30) days conducted a well-publicized public meeting concerning the renewal of the military equipment at issue in compliance with Government Code Section 7072 (b); and

**WHEREAS**, the Pinole Police Department seeks renewal of Policy 707; and

**WHEREAS**, the City Council of the City of Pinole, having received the information required under Assembly Bill 481 regarding the Pinole Police Department's renewed use of military equipment as defined in said law, and makes the specified determinations required under Government Code Section 7070, *et. seq.*, deems it to be in the best interest of the City to approve and renew the Pinole Police Department's Military Equipment Funding, Acquisition and Use Policy as set forth in the policy identified as Pinole Police Department Policy 707.

NOW THEREFORE, BE IT RESOLVED, in accordance with Government Code Section 7070 *et. seq.*, and pursuant to the findings stated herein, that the City Council of the City of Pinole hereby finds as follows:

**Section 1. Recitals.**

The above recitals are true and correct and made a part of this Ordinance.

**Section 2. Determinations.**

Based on the findings above, in addition to information provided to the City Council at the public meeting, the City Council determines as follows:

1. The military equipment identified in the annual military equipment report has complied with the standards for approval as set forth in Government Code section 7071 subdivision (d).
2. The Pinole Police Department's Military Equipment Use Policy is necessary because there are no reasonable alternatives that can achieve the same objectives of officer and civilian safety.
3. The Pinole Police Department's Military Equipment Use Policy will safeguard the public's welfare, safety, civil rights, and civil liberties.

4. The military equipment identified in the Pinole Police Department's Military Equipment Use Policy is reasonably cost effective compared to available alternatives that can achieve the same objectives of officer and civilian safety.
5. Prior military equipment use by the Pinole Police Department complied with the Military Equipment Use Policy although it was not yet in effect at the time, or if prior uses did not comply with the accompanying military equipment use policy, corrective action has been taken to remedy nonconforming uses and ensure future compliance.
6. The Pinole Police Department's Military Equipment Use Policy, Policy 707, setting forth the City's military equipment use policy is approved and renewed.

**Section 3. Severability.** If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision will not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have passed this ordinance and each of every section, subsection, sentence, clause, or phrase not declared invalid or unconstitutional without regard to whether any portion of the ordinance would be subsequently declared invalid or unconstitutional.

**Section 4. Effective Date and Duration.** This ordinance shall take effect thirty (30) days after its final adoption.

**Section 5. Publication.** The City Clerk is directed to cause this ordinance to be published in a manner required by law.

PASSED AND ADOPTED at a regular meeting of the Pinole City Council held on June 17, 2025, the City Council passed this urgency ordinance by the following vote:

|          |                 |
|----------|-----------------|
| AYES:    | COUNCILMEMBERS: |
| NOES:    | COUNCILMEMBERS: |
| ABSTAIN: | COUNCILMEMBERS: |
| ABSENT:  | COUNCILMEMBERS: |

IN WITNESS of this action, I sign this document and affix the corporate seal of the City of Pinole on June 17, 2025.

# INTRODUCTION

On September 30, 2021, the Governor of the State of California approved Assembly Bill 481 (codified as Chapter 12.8 of the California Government Code) requiring law enforcement agencies such as the Pinole Police Department to have a military use policy approved by the City Council prior to requesting, seeking funding, acquiring or using military equipment. Assembly Bill 481 allows the governing body to approve the policy within its jurisdiction only if it determines that the military equipment meets specified standards.

On May 3, 2022, the City of Pinole Council adopted Ordinance 2022-02 approving Pinole Police Department Policy #707: Military Equipment Funding, Acquisition, and Use. As required by Assembly Bill 481 and the Ordinance, annually the Pinole Police Department must prepare a report on the use of each type of military equipment approved in the Policy over the last year. Subsequently, the City Council must then review the Ordinance, Policy and Annual Report, and determine whether the Department's use of military equipment in the past year complied with the Policy, and whether to continue the Ordinance and Policy, take action (by ordinance) to modify the Policy or repeal the Ordinance.

As set forth in the Policy, the Pinole Police Department retains and employs limited military equipment to safeguard its community. Pinole Police Department officers and certified instructional staff, receive training throughout the year on the use of military equipment approved under the Policy. The Department also maintains a current Certificate of Compliance for California Government Code with the State of California, via Cal OES.

This Annual Report outlines the Pinole Police Department's military equipment inventory and usage, community complaints over use of military equipment, and internal audits from May 1, 2024, through April 30, 2025. The Department will submit its Military Equipment Annual Report to City Council annually in compliance with AB 481.

## DEFINITIONS

Definitions of Military Equipment established by California Government Code §7070:

(Pinole Police Department utilizes a limited number of the resources listed below)

Military equipment includes but is not limited to the following types of equipment:

- Unmanned, remotely piloted, powered aerial or ground vehicles
- Mine-resistant ambush-protected (MRAP) vehicles or armored personnel carriers
- High mobility multipurpose wheeled vehicles (HMMWV), two-and-one-half-ton trucks, five-ton trucks, or wheeled vehicles that have a breaching or entry apparatus attached
- Tracked armored vehicles that provide ballistic protection to their occupants
- Command and control vehicles that are either built or modified to facilitate the operational control and direction of public safety units
- Weaponized aircraft, vessels, or vehicles or any kind
- Battering rams, slugs, and breaching apparatuses that are explosive in nature. This does not include a handheld, one-person ram
- Firearms and ammunition of .50 caliber or greater, excluding standard-issue shotguns and standard-issue shotgun ammunition
- Specialized firearms and ammunition of less than .50 caliber, including firearms and accessories identified as assault weapons in Penal Code §30510 and Penal Code §30515, with the exception of standard-issue firearms
- Any firearm or firearm accessory that is designed to launch explosive projectiles
- Noise-flash diversionary devices and explosive breaching tools
- Munitions containing tear gas or OC, excluding standard, service-issued handheld pepper spray
- Taser Shockwave, microwave weapons, water cannons, and long-range acoustic devices (LRADs)
- Kinetic energy weapons and munitions (e.g. 40MM launcher, bean bag shotgun, foam tipped projectiles)
- Any other equipment as determined by a governing body or a state agency to require additional oversight.

## Pinole Police Department Military Equipment Inventory

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                          |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| <b>1. Equipment Type:</b> Mine Resistant Ambush Protected Vehicle (MRAP) – CA Govt Code §7070(c)(2)                                                                                                                                                                                                                                                                                                                                                                                                                                   |                          |
| <b>Quantity Owned or Sought:</b> 1                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | <b>Lifespan:</b> Unknown |
| <b>Purpose/Authorized User:</b> Emergency Rescue Vehicle (ERV) to safely evacuate residents in the event of a natural disaster or critical incidents. To move personnel and/or resources in support of natural disasters (i.e. flood, fire, earthquake), large scale logistics, active shooter incidents, and incidents where there is reason to expect potential armed resistance requiring protection. Use may be authorized by Watch Commander or Tactical/Operations Commander, based on the circumstances of the given incident. |                          |
| <b>Fiscal Impact:</b> Acquired under the Law Enforcement Support Program Office (LESO): \$0 for equipment. \$9,200 for delivery, paint and upfitting. Annual maintenance cost is approximately \$1,000.00. For the reporting period of May 2024 – April 2025, \$8,090 was spent on deferred maintenance to repair the ballistic glass windshields.                                                                                                                                                                                    |                          |
| <b>Legal and Procedural Rules Governing:</b> It is the policy of the department to utilize armored vehicles only for law enforcement purposes and pursuant to State and Federal law.                                                                                                                                                                                                                                                                                                                                                  |                          |
| <b>Training Required:</b> Department provided training.                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                          |
| <b>Other Notes:</b> The MRAP is an armored vehicle manufactured by BAE Systems/Caiman weighing over 34,000 pounds and can carry a payload of over 4,000 pounds. The vehicle has six (6) wheels fitted with tires and is all-wheel drive, powered by a diesel engine. The vehicle measures approximately 22 feet long, 8 feet wide, and 10 feet tall.                                                                                                                                                                                  |                          |

|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Purpose/Authorized Uses:</b> Unmanned Aerial System (UAS) designed for public safety. The UAS is a battery powered, remote operated device with a flight time of approximately 36-45 minutes depending on weather and flight conditions. The UAS has proven to be useful to public safety agencies in crime scene analysis, search and rescue, pre-operation surveillance and other critical incidents where aerial views enhance the safety and efficiency of law enforcement personnel. The UAS would assist officers or incident commanders in situations that would include, but not limited to: major collision investigations, emergency life threatening situations, search for missing persons, natural disaster management, crime scene photography, and critical incidents for preservation of life and public safety missions. |

|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Purpose/Authorized User:</b> Trailer is purpose-built to facilitate the operational control and direction of public safety units conducting DUI enforcement checkpoints, traffic safety operations, and responding to or at an incident. The Command and Control (C&C) trailer serves as a centralized location for command decision making, enhanced communication and other situational awareness capabilities. Use may be authorized by Watch Commander or Tactical/Operations Commander, based on the circumstances of the given incident. |

|                                                                                                                                                                                       |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Other Notes:</b> The command-and-control trailer is standard tow-behind trailer with dual axels manufactured by Universal Trailer with a GVW of 3,100 pounds. The trailer measures |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

approximately 16 feet long, 8.5 feet wide, and 9 feet tall. The trailer is equipped with a fold-down rear door, lighting, and a generator.

**5. Equipment Type:** Semiautomatic Rifles and Ammunition - CA Gov't Code §7070(c)(10)

**Quantity Owned or Sought:** 28

**Lifespan:** 15 years

**Purpose/Authorized User:** Colt AR-15/M4 Carbine semiautomatic shoulder fired rifle with long spirally grooved barrel that fires .223 Rem/5.56 mm projectile bullet. The rifles are equipped with 10.5" barrel, Surefire muzzle brake, and Surefire SOCOM556-RC2 suppressors. Ammunition is Speer Gold Dot caliber .223 62 grain.

A standard officer issue to be used as a precision weapon to address a threat with more precision and/or greater distances than a handgun, if present and feasible.

**Fiscal Impact:**

- Colt AR-15/M4 Rifle: \$32,400, quantity: 28
- Surefire muzzle brake: \$2,779, quantity: 28
- Surefire SOCOM556-RC2 Suppressors: \$22,408, quantity: 28
- .223 62 gr ammunition: \$2,715, quantity: 4,525
- Annual maintenance cost is approximately \$1,500

**Legal and Procedural Rules Governing:** All applicable State, Federal and Local laws governing police use of force. Various Pinole Police Department Policies on Use of Force and Firearms.

**Training Required:** Department firearms training and qualifications as required by law and policy by POST certified instructors. CA POST certified 24-hour patrol rifle course.

**Other Notes:** These rifles are standard issue service weapons for our officers and therefore exempted from this Military Equipment Use Policy per CA Gov't Code §7070 (c)(10). They have been included in this document in an abundance of caution and in the interest of transparency.

**6. Equipment Type:** Pepper Ball Launcher and Projectiles - CA Gov't Code §7070(c)(12)

**Quantity Owned or Sought:** 4

**Lifespan:** 20 years

**Purpose/Authorized User:** FN 303 MK2 Less Lethal Launcher utilizing compressed-air to fire less-lethal fin-stabilized projectiles. The FN303 MK2 features a magazine fed system that offers the ability to quickly switch between projectile types. Projectiles: .5% PAVA containing pepper powder designed for direct impact and area saturation, Clear Impact projectile intended for distraction, Washable Paint for training and marking, Indelible Paint projectile intended for marking with indelible colorant for later identification, and Inert Powder projectile for training.

To limit the escalation of conflict where employment of lethal force is prohibited or undesirable. Provides officers with a less-lethal option in incidents of combative or self-destructive individuals, riot/crowd control and civil unrest incidents, circumstances where a tactical advantage can be obtained, potentially vicious animals, and training exercises or approved demonstrations.

The FN 303 MK2 is a like for like replacement of the PepperBall VKS Launcher legacy system.

**Fiscal Impact:**

- FN 303 MK2 & Slings: \$5,080, quantity: 4

## Community Concerns and Complaints

In April of 2022, the Pinole Police Department published its Military Equipment Funding, Use and Acquisition policy on its website which remains publicly available on the website as amended annually thereafter. Community concerns and complaints can be received via the Department's website, in-person at the police department or in the field during police contacts, telephone, emails and social media.

### **2024/2025 Community Concerns, Complaints & PD Internal Investigations Related to Military Equipment Use**

## Internal Inventory & Audit (PPD Military Equipment)

Per Pinole Police Department policy 707.3 (c), the Department's military equipment coordinator, is required to complete an internal inventory of all military equipment within the possession of the Department at least once annually.

An inventory was completed on April 12, 2025, which identified all of the Department's military equipment in preparation to fulfill the obligations set by Assembly Bill 481.

The Department did not add any new military equipment to its inventory since that time. All current military equipment inventory was found to be in good shape and working order.

## Projected Military Equipment Acquisition (2025/2026)

For 2025/2026 (May - April), the Pinole Police Department projects the purchase of COLT AR15/M4 ammunition and FN 303 MK2 projectiles to replenish inventory due to training. The Department anticipates the purchase of one (1) additional Mavic 3T UAS (drone) with funds approved during the 2023/2024 budget (rolled to 2024/2025).

The Department also anticipates upgrading the existing sight posts on the COLT AR15/M4 platform to increase visibility in low-light environments and overall durability. In addition, the Department is evaluating the replacement of the current lighting system on the COLT AR15/M4 platform due to the current lighting system reaching end of life.

| Military Equipment        | Projected Purchase Amount      | Projected Purchase Price |
|---------------------------|--------------------------------|--------------------------|
| .223 62 gr ammunition     | 7,000 rounds                   | \$4,000                  |
| FN 303 MK2 Projectiles    | 300 rounds                     | \$1,400                  |
| Mavic 3T UAS              | 1 Drone with support equipment | \$8,000                  |
| COLT AR15/M4 Front Sights | 30                             | \$3,800                  |
| COLT AR15/M4 Lights       | 30                             | \$5,500                  |

## **CITY COUNCIL REPORT**

**XXX**

**DATE:** June 3, 2025

**TO:** HONORABLE MAYOR AND COUNCIL MEMBERS

**FROM:** COMMANDER JEREMY CRONE

**SUBJECT:** PUBLIC HEARING; CONDUCT FIRST READING OF ORDINANCE  
APPROVING RENEWAL OF THE CITY OF PINOLE'S MILITARY  
EQUIPMENT POLICY AS STATED IN CHAPTER 2.60 OF THE  
PINOLE MUNICIPAL CODE; AND REVIEW OF 2024-20254  
ANNUAL REPORT IN COMPLIANCE WITH AB 481

---

### **RECOMMENDATION**

Staff recommends that the City Council conduct a public hearing, review and approve the 2024-2025 Pinole Police Department Annual Military Equipment Report, and waive full reading and introduce by title only an ordinance approving and re-adopting a Military Equipment Use Policy as Stated in Chapter 2.60 "Military Equipment Policy" of the Pinole City Municipal Code in compliance with AB 481.

### **BACKGROUND**

On September 30, 2021, Governor Newsom signed into law Assembly Bill (AB) 481, requiring a law enforcement agency's applicable governing body, the City Council, to adopt a Military Equipment Use Policy relating to the funding, acquisition, and use of military equipment and implement it by Ordinance. On May 3, 2022, the City Council approved the Department's Policy (identified as Department Policy 707) finding it meets the requirements under AB 481 and introduced and adopted an ordinance adding Chapter 2.60 "Military Equipment Policy" to the Pinole Municipal Code (Ord. 2022-02).

AB 481 (Government Code §7072) requires that the Department submit to the City Council an annual military equipment report for each type of military equipment approved within one year of approval, and annually thereafter for as long as the military equipment is available for use. The annual report shall include a summary of each type of military equipment, its intended purpose, how each type of equipment was used by the agency during the preceding year, a summary of any complaints received concerning the equipment, the results of any internal audits pertaining to violations of the 1 military equipment use policy, the total cost for each type of equipment, and quantity possessed.

Additionally, the City Council must review the ordinance that it has adopted, at least annually, and vote on whether to renew the ordinance at a regular meeting. During the review process,

the City Council must determine, based on the military equipment report, whether each type of military equipment in the report has complied with the standards for approval set forth in Government Code sections 7071(d)(1) and 7071(e)(2). If it determines a type of equipment identified in the report has not complied with the standards for approval, the City Council must either disapprove of the renewal of the ordinance or require modifications to the military equipment use policy in a manner that will resolve the lack of compliance.

The City Council most recently approved and reaffirmed the Department's Policy (identified as Department Policy 707) on July 2, 2024, finding it met the requirements under AB 48. By this ordinance the Department seeks 1) approval of its 2024-2025 annual military equipment report, 2) authority to acquire one (1) DJI Mavic 3 Thermal (M3T) UAS drone defined as "military equipment" under the statute, and 3) renewal of Pinole Police Department Policy 707 upon a finding that the report has complied with the standards for approval set forth in Government Code sections 7071(d)(1) and 7071(e)(2).

Attachment A is the proposed ordinance. Attachment B is the 2024-2025 Annual Report, including the inventory list of military equipment the Department has and intends to use in the future that falls within the definition of "military equipment" under AB 481. Attachment C is the Department's military equipment use policy. Attachment D is the Department's Unmanned Aerial System (UAS) Operations policy.

## **DISCUSSION**

### **Annual Report**

AB 481 requires a law enforcement agency that receives approval for a military equipment use policy to submit to the City Council an annual military equipment report for each type of military equipment approved within one year of approval, and annually thereafter for as long as the military equipment is available for use. (Govt. Code §§7071(d)(1) and 7071(e)(2).) The law enforcement agency must also make each annual military equipment report publicly available on its internet website for as long as the military equipment is available for use. Government Code section 7072 (a) states that the annual report must include the following information:

1. A summary of any complaints or concerns received concerning the military equipment.
2. The results of any internal audits or information about violations of the military equipment use policy. This includes any actions taken in response.
3. The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report.
4. The quantity possessed for each type of military equipment.
5. If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment.
6. A summary of how the military equipment was used and the purpose of its use.

In compliance with the Government Code, the Department's annual use report and policy was released to the community, via the Department's transparency portal on May 6, 2025, and provided to City Council. Within 30 days of submitting and publicly releasing its annual military equipment report, the Department is required hold at least one well-publicized and conveniently located public meeting, at which the general public may discuss and ask questions regarding the annual military equipment report and the law enforcement agency's funding, acquisition, or use of military equipment. That meeting is being held concurrently with the presentation of this ordinance. The annual use report contains all the required elements of Government Code section 7072 (a) set forth above.

The 2024-2025 Annual Report (Attachment B) outlines the Department's military equipment inventory and usage, community complaints over use of military equipment, and internal audits from May 1, 2024, through April 30, 2025. An inventory was completed on April 12, 2025, which identified all of the Department's military equipment in preparation to fulfill the obligations set by Assembly Bill 481. Equipment used by the Department during the preceding year is found to be consistent with current Policy 707. No complaints concerning the equipment were made to the Department.

During this period (May 2024 – April 2025), the Department has used military equipment under this policy during community events (ERV and command post) and officer training (ERV, rifles, FN 303 MK2, Drones). The Department utilized the Command Post in a mutual aid request to assist with logistics and personnel on an authorized DUI checkpoint for an allied agency. The Department had three (3) incidents in which an outside agency provided their authorized UAS to assist with the search for fleeing suspects who posed a danger to the community. The Department officially stood up the UAS Drone program in December of 2024. From December 2024 through the end of this period, the Department deployed drones in 27 incidents. These incidents included mutual aid assistance to allied agencies and for incidents taking place in the City of Pinole.

During this period, the Colt AR-15/M4 Carbine rifles underwent routine maintenance. For the 2024/25 Annual City Budget, Council approved \$30,000 for the purchase, training and maintenance of a UAS program (roll-over).

During this period, the Department performed much needed deferred maintenance to the Emergency Rescue Vehicle (ERV/MRAP) in the form of repair to the ballistic windshields.

#### Proposed Acquisition

In accordance with Government Code section 7072 (a), the Department is requesting approval for the purchase of one (1) additional DJI Mavic 3 Thermal (M3T) UAS (drone) as set forth in the annual report and inventory. The Mavic 3 is an unmanned Aerial System (UAS) designed for public safety. The UAS is a battery powered, remote operated device with a flight time of approximately 36-45 minutes depending on weather and flight conditions. The UAS has proven to be useful to public safety agencies in crime scene analysis, search and rescue, pre-operation surveillance and other critical incidents where aerial views enhance the safety and efficiency of law enforcement personnel. The UAS would assist officers or incident commanders in situations that would include, but not limited to: major collision investigations,

emergency life threatening situations, search for missing persons, natural disaster management, crime scene photography, and critical incidents for preservation of life and public safety missions. The UAS falls under CA Government Code section 7070(c)(1) – Unmanned, remotely piloted, powered aerial or ground vehicles. The addition of a third drone will increase the redundancy of the program and provide additional training opportunities for our current and future pilots while maintaining appropriate equipment rotation for in-service.

The UAS is operated under FAA Part 107 authorization and regulations and in accordance with Department Policy 607- Unmanned Aerial System (UAS) Operations (Attachment D). This policy ensures compliance with FAA regulations, sets forth training requirements, authorizations for use, privacy, and prohibited uses.

The Department has a significant interest in continuing to have access to equipment that will provide peace officers as many options as possible to safeguard lives, ensure safety, and protect civil liberties of the citizens of the City of Pinole. The use of the military equipment identified on the inventory list is vital to the Department's mission and will continue to be strictly regulated through internal processes and oversight.

#### Renewal of Military Equipment Use Policy

In addition, the Department is required to re-submit the previously approved policy for re-approval consideration, as an agenda item during open session. The previously approved policy is attached to this report (Attachment C). Council must determine, based on the annual military equipment report, whether each type of military equipment identified in the report has complied with the following:

1. The military equipment is necessary because there is no reasonable alternative that can achieve the same objective of officer and civilian safety.
2. The policy will safeguard the public's welfare, safety, civil rights, and civil liberties.
3. If purchasing the equipment, the equipment is reasonably cost effective compared to available alternatives that can achieve the same objective of officer and civilian safety.
4. Prior military equipment use complied with the military equipment use policy that was in effect at the time, or if prior uses did not comply with the accompanying military equipment use policy, corrective action has been taken to remedy nonconforming uses and ensure future compliance.

The Department does not anticipate any significant change in the previously approved policy but does seek approval to acquire additional equipment. The Department intends to acquire one (1) DJI Mavic 3 Thermal (M3T) UAS drone as further provided above. At this time, forecasted purchases for the Department in 2025/26 only include additional ammunition for the previously approved COLT AR15/M4 patrol rifles and projectiles for the previously approved FN 303 MK2 launchers which need to be replenished after being used in either the field or training environments. The Department also anticipates upgrading the front sights of the COLT AR15/M4 platform to increase low-light performance and durability. In addition, it intends to replace the patrol rifle lights due to the current light reaching the end of service life. All items needing to be replenished are included in the policy and attached inventory which were previously approved by the City Council.

Any future attempts to obtain additional equipment not provided for herein will comply with procedures set forth in the Government Code and the approved military equipment policy; this includes a public hearing and City Council approval prior to acquisition.

Through acceptance of the annual report and renewal of the ordinance, the City Council will authorize the continued use of preexisting equipment considered “military equipment” under AB 481. This includes a Mine Resistant Ambush Protected Vehicle (MRAP) for use as an Emergency Rescue Vehicle (ERV) to safely evacuate residents in the event of a natural disaster or critical incidents, to move personnel and/or resources in support of natural disasters (i.e. flood, fire, earthquake), large scale logistics, active shooter incidents, and incidents where there is reason to expect potential armed resistance requiring protection. The Policy also includes a single unmanned, remotely piloted, powered ground vehicle used to enhance peace officer and community safety when encountering potentially dangerous situations by providing first responders with the ability to capture video and still images, and to transport communication equipment or other resources prior to, or in lieu of, sending in personnel into hazardous incidents or environments.

The use of UAS (drones) has proven to be vital to the safety and security of our community, enabling the Department to conduct area searches, located wanted persons, assess scenes prior to officer arrival and provide public safety services to our law enforcement partners.

Other items deemed to be “military equipment” under AB 481 include foundational equipment such as rifles and ammunition. These rifles allow peace officers to address lethal threats from a greater distance and with greater precision. The Department also seeks authorization to use four FN 303 MK2 Launcher and projectiles, to limit the escalation of conflict where employment of lethal force is prohibited or undesirable. The projectiles provide officers with a less-lethal option in incidents of combative or self-destructive individuals, riot/crowd control and civil unrest incidents, circumstances where a tactical advantage can be obtained, potentially vicious animals, and training exercises or approved demonstrations. The equipment allows for more time and opportunity to attempt to deescalate situations and provide for safer tactics to resolve life threatening events in the safest way possible.

The Policy safeguards the public’s welfare, safety, civil rights and civil liberties by ensuring that there are safeguards, including transparency, oversight, and accountability measures in place. For instance, the Policy authorizes the Chief of Police to designate a member of the Department to act as the military equipment coordinator. The responsibilities of the military equipment coordinator include, but are not limited, acting as a liaison to City Council for all matters related to the requirements of AB 481, identifying “military equipment” as defined under the statute, conducting annual inventory and review, collaborating with outside agencies, and scheduling and coordinating an annual community engagement hearing to address the Department's funding, acquisition, and use of military equipment.

In compliance with the Government Code, the Military Equipment Policy has remained on the Department’s transparency portal continuously since prior to Council adoption in 2022.

### **FISCAL IMPACT**

There is no direct fiscal impact from the acceptance of the annual report or the approval of continuing the ordinance approving the military equipment use policy. The Policy explicitly references the fiscal impact related to costs to maintain or acquire equipment and is included in the existing department's budget allocation.

## **CITY COUNCIL REPORT**

**XXX**

**DATE:** June 17, 2025

**TO:** HONORABLE MAYOR AND COUNCIL MEMBERS

**FROM:** ERIC CASHER, CITY ATTORNEY  
COMMANDER JEREMY CRONE

**SUBJECT:** SECOND READING OF ORDINANCE APPROVING RENEWAL OF  
THE CITY OF PINOLE'S MILITARY EQUIPMENT POLICY AS  
STATED IN CHAPTER 2.60 OF THE PINOLE MUNICIPAL CODE;  
AND APPROVAL OF 2024-2025 ANNUAL REPORT

---

### **RECOMMENDATION**

Staff recommends the City Council waive the second reading and adopt an ordinance approving the renewal of the City's Military Equipment Use Policy as Stated in Chapter 2.60 "Military Equipment Policy" of the Pinole City Municipal Code, based upon approval of the Pinole Police Department's 2024-2025 Annual Military Equipment Report, in compliance with AB 481.

### **BACKGROUND AND DISCUSSION**

California Assembly Bill (AB) 481 (Government Code §7070 *et seq.*) requires the Pinole Police Department ("Department") to obtain City Council approval of a military equipment use policy by ordinance before purchasing, raising funds for, acquiring or using "military equipment" as defined in Government Code §7070 (c). Under AB 481, the City Council may only approve the policy if it makes specific findings regarding the equipment including safeguards, cost effectiveness, reasonableness of use, and fiscal impact.

On May 3, 2022, the City Council approved the Department's Policy (identified as Department Policy 707) finding it meets the requirements under AB 481 and introduced and adopted an ordinance adding Chapter 2.60 "Military Equipment Policy" to the Pinole Municipal Code (Ord. 2022-02).

Once the Department obtains approval for a military equipment use policy, AB 481 requires the Department submit to the City Council an annual military equipment report for each type of military equipment approved within one year of approval, and annually thereafter for as long as the military equipment is available for use. The Department must also make each annual military equipment report publicly available on its internet website for as long as the military equipment is available for use. Additionally, the City Council must review the ordinance that it has adopted, approving the funding, acquisition, or use of military equipment, at least annually, and vote on whether to renew the ordinance at a regular meeting. During the review process, the City Council must

determine, based on the military equipment report, whether each type of military equipment in the report has complied with the standards for approval set forth in Government Code sections 7071(d)(1) and 7071(e)(2). The City Council most recently approved and reaffirmed the Department's Policy on July 2, 2024 (Ord. 2024-04).

In compliance with the Government Code, the Department's annual use report and policy was released to the community, via the Department's transparency portal on May 7, 2025, and provided to City Council. On June 3, 2025, the Department held a well-publicized and conveniently located public meeting, at which the general public was able to discuss and ask questions regarding the annual military equipment report and the law enforcement agency's funding, acquisition, or use of military equipment.

By this ordinance the Department seeks City Council 1) approval of its 2024-2025 annual military equipment report, 2) authority to acquire one (1) DJI Mavic 3 Thermal (M3T) UAS drone and 3) renewal of Pinole Police Department Policy 707 upon a finding that the report has complied with the standards for approval set forth in Government Code sections 7071(d)(1) and 7071(e)(2). If approved on second read, the ordinance and policy will go into effect in thirty (30) days.

On June 3, 2025, at a regularly scheduled City Council Meeting, the Department presented its annual use report and proposed policy to Council for review and approval. Additionally, a public hearing was held at which the general public was able to discuss and ask questions regarding the Department's annual military equipment report and policy. After review and consideration, four councilmembers voted affirmatively and one councilmember voted against approval of the annual report and introduction by title only of the proposed ordinance to approving and renewing Chapter 2.60 to the Pinole Municipal Code adopting the Policy in compliance with AB 481.

### **FISCAL IMPACT**

There is no direct fiscal impact from the adoption of the ordinance.

### **ATTACHMENTS**

- A. Staff Report dated June 3, 2025 (with attachments)

5377754.1

## **CITY COUNCIL REPORT**

**9.H.**

**DATE:** JUNE 17, 2025  
**TO:** MAYOR AND COUNCIL MEMBERS  
**FROM:** David Hanham, Planning Manager, 510-724-9842, dhanham@pinole.gov  
**SUBJECT:** ADOPT AN ORDINANCE DESIGNATING FIRE HAZARD SEVERITY ZONE  
MAP IN PINOLE

### **RECOMMENDATION**

Staff recommends the City Council waive the second reading and adopt an Ordinance (Uncodified) to approve the City of Pinole Fire and Resource Assessment Program (FRAP) Map to designate Fire Hazard Severity Zones and direct staff to assess local implications related to zoning, building codes, defensible space requirements, and public education.

### **BACKGROUND**

The California Department of Forestry and Fire Protection (CAL FIRE) released updated Fire Hazard Severity Zone (FHSZ) maps for Local Responsibility Areas (LRAs) on February 24, 2025. This is the first major update since 2009. Under Government Code Section 51179 and Senate Bill 63 (2021), cities are required to adopt these updated maps by ordinance. The City of Pinole contracts with the Contra Costa County Fire Protection District but remains responsible for adopting its own ordinance. The City Council introduced the Ordinance and held a public hearing on May 20, 2025.

### **REVIEW AND ANALYSIS**

Adoption of the updated FHSZ maps aligns the City with State wildfire resilience laws and supports implementation of building and fire safety standards in designated hazard areas. The Ordinance is required to be adopted by June 24, 2025.

### **FISCAL IMPACT**

There is no direct fiscal impact associated with adopting the Ordinance. Failure to adopt the maps could result in non-compliance with state mandates and hinder local implementation of wildfire resilience programs.

### **ATTACHMENTS**

**ORDINANCE NO. 2025-XX**  
**(Uncodified)**

**ORDINANCE OF THE CITY COUNCIL OF THE CITY OF PINOLE, AND THE  
CONTRA COSTA COUNTY FIRE PROTECTION DISTRICT TO  
DESIGNATE FIRE HAZARD SEVERITY ZONES FOR THE CITY OF PINOLE LOCAL  
RESPONSIBLE AREA (LRA)**

**WHEREAS:** The Contra Costa County Board of Supervisors, as and constituting the Board of Directors of the Contra Costa County Fire Protection District and the Crockett-Carquinez Fire Protection District, ordains as follows:

**SECTION 1. Summary**

This ordinance is adopted to designate fire hazard severity zones within the jurisdictions of the Contra Costa County Fire Protection District and the City of Pinole, pursuant to Section 51179 of the Government Code.

**SECTION 2. Designation of Fire Hazard Severity Zones.**

The City of Pinole and the Contra Costa County Fire Protection District hereby designate the fire hazard severity zones depicted on the map attached hereto as Exhibit A, as recommended by the California Department of Forestry and Fire Protection, Office of the State Fire Marshal, pursuant to Section 51178 of the Government Code. The map attached as Exhibit A is hereby approved and incorporated by reference into this ordinance. An electronic version of the map depicting the designated fire hazard severity zones shall be maintained on and accessible from the City of Pinole and the Contra Costa County Fire Protection District official website.

**SECTION 3. Effective Date**

This ordinance becomes effective 30 days after passage. Within 15 days of passage, this ordinance shall be published once in the East Bay Times, a newspaper published in this County. This ordinance shall be published in a manner satisfying the requirements of Government Code Section 25124, with the names of supervisors voting for and against it

**PASSED AND ADOPTED** at a regular meeting of the Pinole City Council held on the 17th day of June 2025 by the following vote:

# Local Responsibility Area Fire Hazard Severity Zones

As Identified by the  
State Fire Marshal  
February 24, 2025

**Fire Hazard Severity Zones (FHSZ) in Local Responsibility Area (LRA), as Identified by the State Fire Marshal**

Very High     High     Moderate

**Fire Hazard Severity Zones in State Responsibility Area (SRA), Effective April 1, 2024**

Very High     High     Moderate

Projection: NAD 83 California Teale Albers  
Scale: 1:31,000 at 11" x 17"

- Incorporated City
- Waterbody
- Unzoned LRA

Government Code section 51178 requires the State Fire Marshal to identify areas in the state as moderate, high, and very high fire hazard severity zones based on consistent

statewide criteria and based on the severity of fire hazard that is expected to prevail in those areas. Moderate, high, and very high fire hazard severity zones shall be based on fuel loading, slope, fire weather,

and other relevant factors including areas where winds have been identified by the Office of the State Fire Marshal as a major cause of wildfire spread.

The State of California and the Department of Forestry and Fire Protection make no representations or warranties regarding the accuracy of data or maps. Neither the State nor the Department shall be liable under any circumstances for any direct, special, incidental, or consequential damages with respect to any claim by any user or third party on account of, or arising from, the use of data or maps.

## **CITY COUNCIL REPORT**

**9.I.**

**DATE:** JUNE 17, 2025  
**TO:** MAYOR AND COUNCIL MEMBERS  
**FROM:** Markisha Guillory, Finance Director, 510-724-9823, MGuillory@pinole.gov  
**SUBJECT:** AMENDED RESERVE POLICY

### **RECOMMENDATION**

Staff recommend that the City Council adopt a resolution approving the amendment of the City's Reserve Policy to change the required General Reserve amount to 25% from 50% of total ongoing General Fund expenditures.

### **BACKGROUND**

It is a best practice in public finance and recommendation of the National Advisory Council on State and Local Budgeting (NACSLB) and the Government Finance Officers Association (GFOA) that public agencies regularly review and update as appropriate their financial policies. Consistent with best practices, the City either reconfirms or updates its financial and investment policies as part of the annual budget process.

The financial policies are intended to set guidelines on how the City will manage its financial resources as well as to provide direction for financial decision-making.

The City's Reserve Policy states that the City will establish and maintain reserves to meet certain anticipated future obligations as well as to ensure that the City maintains adequate financial resources to continue to provide basic municipal services in the event of a significant unanticipated revenue decrease or expenditure increase. The policy requires the City to maintain a reserve equal to 50% of total ongoing General Fund expenditures.

At its meeting on April 16, 2025, the City Council adopted the current Reserve Policy, along with the City's Financial and Investment Policies.

Throughout the FY 2025/26 budget development process, the City Council considered reducing the General Reserve level to free up funds that could be redirected toward funding any of the City's unfunded liabilities, such as Other Post-Employment Benefits (OPEB). At its special meeting on May 13, 2025, the City Council directed staff to proceed with preparing a resolution to amend the Reserve Policy, changing the required General Reserve level to 25% from 50% of total ongoing General Fund expenditures.

### **REVIEW AND ANALYSIS**

The GFOA recommends that governments establish a formal reserve policy based on the government's specific circumstances. Factors to be considered include revenue and

expenditure predictability and volatility; perceived exposure to one-time disasters; the potential drain on general fund resources from other funds; the potential impact on the government's bond rating and borrowing costs; and funds that are already committed or assigned for specific purposes. The GFOA generally recommends a reserve level that covers at least two months (17%) of ongoing General Fund operating expenditures.

The City's current Reserve Policy requires the City to maintain a reserve balance equal to 50% of total ongoing General Fund expenditures.

During FY 2025/26 budget development discussions, staff recommended that, as a budget strategy, the City Council consider revising the Reserve Policy, changing the required General Reserve level to 25% from 50% of total ongoing General Fund expenditures. Further, staff recommended transferring the proceeds of approximately \$2.4 million, resulting from reducing the reserve level, to the City's established Section 115 trust to set aside funds to begin pre-funding Other Post-Employment Benefits (OPEB). The City Council accepted staff's recommendations and directed staff to prepare a revised Reserve Policy for adoption.

A reserve level of 25% provides at least three months of expenditure coverage. This is above the GFOA recommended level and aligns with the average reserve level set by neighboring governments, as shown in Table 1 below.

*Table 1 – Jurisdictional Comparison of General Fund Reserve Policy*

| <b>Jurisdiction</b> | <b>General Fund Reserve Policy</b>                            |
|---------------------|---------------------------------------------------------------|
| Albany              | 25% of annual operating expenses                              |
| American Canyon     | 25% of annual operating expenses                              |
| Dixon               | 25% of annual operating expenses                              |
| El Cerrito          | A minimum of 10% of annual operating expenses                 |
| Emeryville          | 50% of annual operating expenses                              |
| Hercules            | A minimum of 8.33% of General Fund expenses                   |
| Martinez            | A minimum of \$5,000,000 (16.2% of annual operating expenses) |

## **FISCAL IMPACT**

There is no fiscal impact in adopting the resolution. The reduction in the General Reserve will provide approximately \$2.4 million which will be transferred into the City's Section 115 trust for the purpose of pre-funding Other Post-Employment Benefits (OPEB).

## **ATTACHMENTS**

- A. Resolution
- B. Amended Reserve Policy (redlined)
- C. Amended Reserve Policy (clean)

**RESOLUTION NO 2025-**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PINOLE APPROVING  
THE REVISED CITY RESERVE POLICY FOR THE FISCAL YEAR 2025/26 TO  
REDUCE THE GENERAL RESERVE TO 25% FROM 50% OF TOTAL ONGOING  
GENERAL FUND OPERATING EXPENDITURES**

**WHEREAS**, the City of Pinole has financial policies, including investment policies, which govern management of the City's fiscal resources; and

**WHEREAS**, it is a best practice in public finance and a recommendation of the National Advisory Council on State and Local Budgeting (NACSLB) and the Government Finance Officers Association (GFOA) that cities regularly review and update as appropriate their financial policies; and

**WHEREAS**, City staff presented proposed financial and investment policies for fiscal year (FY) 2025/26 to the City Council for adoption at the Council meeting held on April 16, 2025; and

**WHEREAS**, the City's current Reserve Policy to require that the General Reserve maintain a balance equal to 50% of total ongoing General Fund operating expenditures; and

**WHEREAS**, through budget discussions for FY 2025/26, staff recommended that the City Council consider revising the Reserve Policy to require that the General Reserve maintain a balance equal to 25% of total ongoing General Fund operating expenditures; and

**WHEREAS**, staff recommended that the difference in funds between the current 50% policy level and proposed 25% policy level be transferred into an interest-bearing trust to set aside funds to pay for Other Post-Employment Benefits (OPEB); and

**WHEREAS**, during the special City Council meeting held on May 13, 2025, the Council accepted staff's recommendation to revise the Reserve Policy and transfer funds to an OPEB trust.

**NOW, THEREFORE, BE IT RESOLVED** that the City Council of the City of Pinole hereby approves the City of Pinole revised Reserve Policy updated June 3, 2025, attached hereto as Exhibit 1.

**PASSED AND ADOPTED** at a regular meeting of the City Council of the City of Pinole held on the 3<sup>rd</sup> day of June 2025 by the following vote:

|          |                 |

# Reserve Policy

## Policy

The City will establish and maintain reserves to meet certain anticipated future obligations as well as to ensure that the City maintains adequate financial resources to continue to provide basic municipal services in the event of a significant unanticipated revenue decrease or expenditure increase.

## Purpose

To ensure that the City maintains adequate financial resources to continue to provide basic municipal services in the event of a significant unanticipated revenue decrease or expenditure increase.

## Definitions and Details

1. The City shall establish a separate account in the financial system to reserve funds intended to ensure that the City maintains adequate financial resources to continue to provide basic municipal services in the event of a significant unanticipated revenue decrease or expenditure increase. This account and the funds contained therein shall be referred to as the General Reserve. It shall be budgeted to contain an amount equivalent to ~~25~~50% of the City's annual General Fund ongoing operating expenditures. Resources in the General Reserve account will be considered committed<sup>1</sup> for the purpose of financial reporting per the standards of Generally Accepted Accounting Principles (GAAP) set forth by the Governmental Accounting Standards Board (GASB) Statement No. 54.
2. The City shall establish other separate accounts in the financial system to reserve funds for other appropriate purposes, such as for replacement of vehicles and major equipment; maintenance and replacement of capital assets; and long-term liabilities.
3. Funds held in the General Reserve can only be appropriated by a majority vote of the Council to address exceptional circumstances specifically related to a significant revenue shortfall, unanticipated expenditure, or other budget stabilization issue.
4. If the General Reserve funds are appropriated and expended, the City Council will endeavor to replenish them to the full amount noted above as part of the adoption of the subsequent budget, if not sooner.
5. This Policy shall be reviewed by the City Council periodically to ensure its consistency with current law and the City's current needs.

---

<sup>1</sup> Per the Governmental Accounting Standards Board (GASB) Statement No. 54, "committed" includes amounts that can be used only for specific purposes determined by a formal action of the government's highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that originally imposed the constraint.

# Reserve Policy

## Policy

The City will establish and maintain reserves to meet certain anticipated future obligations as well as to ensure that the City maintains adequate financial resources to continue to provide basic municipal services in the event of a significant unanticipated revenue decrease or expenditure increase.

## Purpose

To ensure that the City maintains adequate financial resources to continue to provide basic municipal services in the event of a significant unanticipated revenue decrease or expenditure increase.

## Definitions and Details

1. The City shall establish a separate account in the financial system to reserve funds intended to ensure that the City maintains adequate financial resources to continue to provide basic municipal services in the event of a significant unanticipated revenue decrease or expenditure increase. This account and the funds contained therein shall be referred to as the General Reserve. It shall be budgeted to contain an amount equivalent to 25% of the City's annual General Fund ongoing operating expenditures. Resources in the General Reserve account will be considered committed<sup>1</sup> for the purpose of financial reporting per the standards of Generally Accepted Accounting Principles (GAAP) set forth by the Governmental Accounting Standards Board (GASB) Statement No. 54.

Commitments may be changed or lifted only by the government taking the same formal action that originally imposed the constraint.

## CITY COUNCIL REPORT

9.J.

**DATE:** JUNE 17, 2025  
**TO:** MAYOR AND COUNCIL MEMBERS  
**FROM:** Heba El-Guindy, Public Works Director, helguindy@pinole.gov  
**SUBJECT:** APPROVAL OF FISCAL YEAR 2025-26 CAPITAL BUDGET AND FIVE-YEAR CAPITAL IMPROVEMENT PLAN

### **RECOMMENDATION**

Staff recommends that the City Council adopt the attached Resolution approving the Final Fiscal Year (FY) 2025-26 Capital Budget and Five-Year FY 2025-26 through 2029-30 Capital Improvement Plan.

### **BACKGROUND**

As provided under Section 2.04.150 of Title 2 of the Pinole Municipal Code, the City Manager, in collaboration with the Finance Director and Public Works Director, have compiled budget recommendations for City capital projects for the next five fiscal years. The Capital Improvement Plan (CIP) serves as a tool for staff to plan, implement, and manage improvements and ongoing upgrades to the City's infrastructure. The CIP is reviewed and updated annually for capital projects and programs. The CIP lists the capital projects that the City intends to undertake over the upcoming five-year period and associated schedule, cost, and funding source for each project.

A variety of funding sources support projects in the CIP. The first year's program is adopted by the City Council as the Capital Budget, as a counterpart to the annual Operating Budget. The fiscal resources are appropriated only in the first year, the subsequent four years of the CIP are important for longer-term planning and subject to future review and modification. The Final FY 2025-26 through 2029-30 five-year CIP includes projects that fall under the following broad categories:

- Facilities
- Parks
- Sanitary Sewer
- Stormwater
- Streets and Roads
- Infrastructure Assessments

The preliminary five-year CIP was reviewed by the Finance Committee on April 24, 2025. The Committee members emphasized the need to focus on pavement rehabilitation, streetlighting and wastewater projects.

The proposed CIP was also reviewed by City Council on May 6, 2025. City Council members

commented on the various projects and directed staff to reduce and prioritize FY 2025-26 projects. It was also noted the need to minimize dependence on the City's general funds, and to kick-start road projects, preferably as bundles, in order to reduce the design and construction costs that have been rising over past years. The CIP was revised and brought forward for City Council review and recommendations during the meetings held on May 13, 2025, and June 3, 2025, respectively, and no further changes were recommended.

Staff most recently presented the FY 2025-26 through FY 2029-30 CIP to the Planning Commission on June 9, 2025. The Planning commission discussed the CIP for conformity and consistency with the City's General Plan and determined that all the projects conform with the General Plan. One change made as part of the adopted Resolution is regarding Facilities project FA2302 - Plum Street Parking Lot Improvements which was determined to conform with Goal CE.5 of the Circulation Element, but not with Goal CS.2 - Policy CS.2.6 of the Community Services Element.

## **REVIEW AND ANALYSIS**

The five-year CIP FY 2025-26 through FY 2029-30 contains 45 projects and 5 infrastructure assessments. FY 2025-26 capital budget is aggressive with a total of 24 projects and 2 infrastructure assessments. Projects prioritized for FY 2025-26 are determined necessary to enhance safety and operational conditions, minimize potential liability, and optimize maintenance and capital costs. These prioritized projects were selected based on short-term infrastructure needs, direction of the City Council, community input, availability of funds and funding sources, and staff resources.

## **FISCAL IMPACT**

The Final FY 2025-26 through FY 2029-30 CIP identifies projects with estimated total costs of \$91,248,449 to be funded by various funding sources including grants, enterprise fees, development impact fees, measure funds, vehicle impact fees, and potential debt financing in years two through five. FY 2025-26 capital budget contains projects totaling \$12,140,449 as detailed in Attachment A and summarized below.

### **Sources by Fund FY 2025-26 CIP Budget**

100 - General Fund \$ 0  
105 - Measure S 2006 \$ 350,000  
106 - Measure S 2014 \$ 570,000  
200 - Gas Tax \$ 1,500,000  
214 - Solid Waste \$ 0  
215 - Grant: TLC \$ 41,442  
215 - Grant: Climate Implementation \$ 595,000  
215 - Grant: HSIP \$ 239,040  
215 - Measure J \$750,000  
215 - Grant: OBAG \$ 0  
275 - Parkland Dedication \$ 0  
276 - Growth Impact Fees \$ 950,000  
324 - Public Facilities Fund \$ 0  
325 - City Street Improvements \$ 900,000

325 - Grant: TDA Article 3 \$ 0  
325 - Grant: STMP Fees \$ 597,417  
325 - Grant: HBP \$ 1,351,590  
377 - Arterial Streets Rehabilitation \$ 560,960  
500 - Sewer Enterprise Fund \$ 2,735,000  
Potential Debt Financing \$ 0  
Vehicle Impact Fees \$ 1,000,000

**Funding Sources Total \$ 12,140,449**

- A. Resolution
- B. CIP Summary and Project Charters

**RESOLUTION NO. 2025 – xx**

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PINOLE, OF THE  
COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA, APPROVING FISCAL  
YEAR 2025-26 CAPITAL BUDGET AND FIVE-YEAR CAPITAL IMPROVEMENT PLAN  
OF FISCAL YEARS 2025-26 THROUGH 2029-30**

**WHEREAS**, staff has prepared the Capital Improvement Plan (CIP) for the City of Pinole for Fiscal Years 2025-26 through 2029-30; and

**WHEREAS**, the preliminary five-year CIP was reviewed by the Finance Committee on April 24, 2025 and was revised based on the Committee's recommendations; and

**WHEREAS**, the proposed five-year CIP was reviewed by City Council at its regular meetings held on May 6, 2025, May 13, 2025, and June 3, 2025, and revisions were made to reflect the Council's directions; and

**WHEREAS**, the revised five-year CIP was reviewed for conformity with the City's General Plan by the Planning Commission on June 9, 2025, and was found to be consistent except for Goal CS.2 - Policy CS.2.6 under project FA2302 – Plum Street Parking Lot Improvements which was revised; and

**WHEREAS**, the Final CIP for FY 2025-26 through FY 2029-30 includes 45 projects and 5 infrastructure assessments totaling in an estimated cost of \$91,248,449; and

**WHEREAS**, the Final FY 2025-26 Capital Budget contains 24 projects and 2 infrastructure assessments totaling in \$12,140,449 incorporated into and will be a part of the adoption of the Final Proposed FY 2025-26 Operating and Capital Budget.

**NOW THEREFORE BE IT RESOLVED** that the City Council of the City of Pinole as follows:

1. Approve Fiscal Year 2025-26 Capital Budget of \$12,140,449 funding 24 projects and 2 infrastructure assessments.
2. Approve the Five-Year Capital Improvement Plan of Fiscal Years 2025-26 through 2029-30 with estimated costs of \$91,248,449 planned to fund 45 projects and 5 infrastructure assessments.

**PASSED AND ADOPTED** at a regular meeting of the Pinole City Council held on the 17<sup>th</sup> day of June 2025 by the following vote:

AYES: COUNCILMEMBERS:

NOES: COUNCILMEMBERS:

ABSENT: COUNCILMEMBERS:

ABSTAIN: COUNCILMEMBERS:

I hereby certify that the foregoing resolution was regularly introduced, passed, and adopted on the 17<sup>th</sup> day of June 2025.

---

Heather Bell  
City Clerk

| <p>The City's pool has five (5) lanes with depth ranges from 3.5 feet to 9 feet. The City also offers a small pool for beginners, small children or parent getting their children use to the water. The children's pool measures 25' x 25' and is two and a half (2.5) feet deep. The facility and pool offer amenities such as a handicap chair lift and full lockers to put your personal items and showers. Maintenance costs have been high due to the age and condition of the pools and associated equipment, and the main pool had to be closed for a number of months. This project will fully renovate and upgrade the pools along with associated amenities.</p> |                                                |                      |                   |                                 |             |  |                |                                |                                    |      |                      |                  |  |

### Description

In August 2024, City Council adopted the City's Climate Action and Adaptation Plan (CAAP) to achieve carbon neutrality by 2045, in alignment with the State's Senate Bill 32 and Assembly Bill 1279. Pinole's community-wide and municipal greenhouse gas (GHG) inventories identified the transportation sector as the largest source of emissions, accounting for 50% of the total GHG emissions. In December 2024, the City's Community Development Department submitted to the Metropolitan Transportation Commission (MTC) an application requesting \$952,000 in grant funds in addition to a required 11% local match (\$118,000) for a total Project cost of 1,070,000 for accelerating zero-emission vehicle adoption and expanding the EV charging infrastructure in alignment with the Pinole's CAAP goals.

### History, Status, or Impact if Delayed

The CAAP recommends installation of 267 level 2 chargers by 2030 and 323 level 2 chargers by 2045, increasing passenger zero-emission vehicles (ZEV) use to 33% by 2030, increasing commercial zero-emission vehicle (ZEV) use to 25% by 2030, and electrifying or otherwise decarbonizing 30% of the municipal vehicle fleet by 2026.

### General Plan Goals/Policies

2024 Climate Action and Adaptation Plan. Goal CS.1, Goals HS.6, SE.3, SE.4, SE.7

### Summary of Capital Cost

| <p>The current carpeting and vinyl linoleum flooring are in need of replacement. The carpeted areas are worn and also contain many raised areas that create a tripping hazard. The current exterior and interior paint is from approximately 20 years ago and shows discoloration, fading, chipping, and weathering.</p>                                                                                                         |                                     |                                              |                                        |                                                                                     |                                       |                                            |                                            |

| <b>Description</b><br>To extend the useful life of the Public Safety building, there are several items that require attention including but not limited to replacement of the HVAC system, carpet, flooring, water heaters, light fixtures, fans, etc. In addition, the building requires painting (interior and exterior), and the locker rooms also require renovation. |                      |                                       |                                 |                      |                                |                                    |                                    |

| <p>On February 2, 2021 City Council adopted Resolution 2021-07 and awarded a contract to a consultant for the preliminary engineering and design for the parking lot. The parking lot will be designed to be a multi-benefit project that includes pavement structural section, striping, lighting, bicycle parking, electric vehicle charging stations, stormwater capture and retention, and drought tolerant landscaping. The final design will offer the maximum number of parking spaces while allowing access for both vehicles and pedestrians and include aesthetic design components. On June 7, 2022, City Council directed staff to incorporate the installation of a solar canopy and backup battery system at the site.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                   |                                                     |                                        |  |                                       |                              |                                            |

| <p>On April 16, 1990 City Council adopted Resolution 2380 authorizing the purchase of 2548 Charles Street. At the time of purchase, City Council determined that construction of a Senior Center was necessary, and that this property was needed to provide sufficient parking for the Center. The parcel is surrounded by municipal parking lots which serve the Senior Center and Old Town Pinole. The Fowler House tenants remained in the property till 2010 and many discussions took place to determine the best use of the property. It was determined that the house had asbestos and lead paint. On July 17, 2018, City Council adopted Resolution 2018-67 to create the Fowler Lot Re-use Committee to evaluate the reuse and redevelopment of the property. The Committee evaluated uses for the lot and determined the best use of the property is a parking lot. On October 16, 2018, the City Council adopted Resolution No. 2018-93 to approve a contract with a construction company to abate and demolish the Fowler house. The property demolition was completed on March 11, 2019. On July 21, 2020, City Council adopted Resolution 2020-68 to accept the final recommendation of the Committee.</p> |                   |                                                     |                                        |                                                                                     |                                       |                              |                                            |

| Interior improvements and exterior painting to extend the life of the City Hall building and improve its functionality for staff and the public. Several items that require attention include but are not limited to the configuration of rooms, carpet, flooring, window coverings, light fixtures, improved service counters, improved exterior doors insulation and landing to prevent the rain from leaking inside the building, and addition of a lactation room. Interior and exterior surfaces require repainting as the paint system has reached the end of its useful life with fading, chipping paint, along with water and mildew damage. Exterior improvements will include replacement of the City seal and addition of a wall-mounted flagpole and multi-color lighting. |                              |                                              |                                        |  |                                       |                                            |                                            |

| <p>In 2015, comprehensive visual roof inspections were completed by a contractor on various City owned facilities. The purpose of the inspection was to identify the extent, if any, of moisture intrusion into the existing roof assemblies, document observed roof system deficiencies, determine the overall condition of the existing roof systems and to estimate the service life of the in-place roof assemblies.</p> |                                         |                                           |                                        |                                                                                     |                                       |                                            |                                            |

### Description

This annual project is intended to implement upgrades to the City's parks and fields such as the replacement of restrooms with ones that are equipped with fire retardant roofs and durable, fire-resistant building materials. Other potential upgrades would cover lighting, playground equipment, shaded structures, furnishings, installation of welcome kiosk and wayfinding signs, enhancing landscaping, public art, and paving trails. Identified improvements will be based on community input and aim to beautify the City's parks and enhance safety, health and quality of life.

### History, Status, or Impact if Delayed

Reduce maintenance costs, and improve quality of parks and amenities.

### General Plan Goals/Policies

Goal CS.2, Goal CS.3, Policy CS 2.6 & 3.1, Policy GM.4.1

### Summary of Capital Cost

| <p>There are two soccer fields at Pinole Valley Park which are utilized on an annual basis, the Wright Avenue Soccer Field at the southerly end, and Savage Avenue Soccer Field at the northern end. Both fields are heavily used by soccer leagues and the general public. The Savage Avenue Soccer Field requires substantial rehabilitation which includes: upgrading the irrigation system and ongoing turf maintenance. Turf maintenance includes mowing, fertilizing, aeration, overseeding, and topdressing.</p> |                                                                                      |                                         |                                        |  |                                       |                                            |                                            |

| <p>This project will replace two blowers at the treatment plant. The existing treatment plant blowers are obsolete. The blower manufacturer (Aerzen) has notified the City that certain components are no longer available for purchase as replacement parts. In order to avoid equipment downtime, the blowers will be replaced in advance of needing the replacement parts that are no longer available.</p> |                                     |                      |                                 |  |                                |                                    |                                    |

### Description

Revolving fund to complete private sewer lateral improvements under a reimbursement agreement with residents.

### History, Status, or Impact if Delayed

This program will support the City's sewer collection system and treatment plant regulatory compliance through a reduction in flows from infiltration and inflow (I&I). I&I reduction will reduce treatment costs and may reduce the scope of or need for future capacity improvements.

### General Plan Goals/Policies

Goals HS.2, Policy HS.2.5; Goal HS.7, Policy HS.7.6; Goal CC.2, Policy CC.2.2

### Summary of Capital Cost

| <p>Planning and design for renewable solar energy generation and battery storage project at the Water Pollution Control Plant (WPCP). Install three (3) photovoltaic (PV) arrays with a total PV capacity of 496 kW: a carport array (50-kW), a ground-mount PV array in the public park area to the southwest of the WPCP (175-kW), and a ground-mount PV array along the northeast perimeter of the WPCP, adjacent to the public pathway that runs along the canal (271-kW). Install a 575 kWh capacity battery energy storage system (BESS), controls, and a 450-kW diesel generator.</p>                                                                                                                                               |                                         |                                     |                                        |                              |                                       |  |                                            |

| <p>In 2024, Tetra Tech prepared an Energy Conservation, Generation, and Storage Assessment study for City facilities which included: 1) evaluation of energy conservation, energy generation, energy storage, and electric vehicle measures and 2) a renewable microgrid analysis to determine the technical and economic feasibility of installing new renewable energy generation systems and battery storage at the Water Pollution Control Plant (WPCP). Recommendations included addition of photovoltaic (PV) panel arrays at three different locations, a battery energy storage system (BESS) and generator. Construction costs will be estimated during the final design, and will be budgeted in the following fiscal years.</p> |                                         |                                     |                                        |                              |                                       |                                                                                     |                                            |

### Description

Tennent-1 improvements as identified in the Sanitary Sewer Collection System Master Plan. This project includes the replacement of approximately 130 feet of 24-inch diameter pipeline, 1,250 feet of 30-inch diameter pipeline, and 10 feet of 36-inch diameter pipeline along Tennent Avenue and inside of the Water Pollution Control Plant (WPCP) with 1,390 feet of 36-inch to 42-inch diameter pipeline.

### History, Status, or Impact if Delayed

The Sanitary Sewer Collection System Master plan identified capacity deficiencies which result in surcharging of the gravity sewer and cause sanitary sewer overflows (SSO's) during modeled peak wet weather flow (PWWF) conditions.

### General Plan Goals/Policies

Goal CS.6, Policy CS.6.1; Goal GM.4, Policy GM.4.1

### Description

This project includes replacement of the anaerobic digester process boilers at the WPCP.

### History, Status, or Impact if Delayed

The anaerobic digestion process at the WPCP includes hot water boilers to heat water for use in the digester sludge heat exchanger. Two 40 HP Natural Gas Scotch Boilers, manufactured by Hurst Boiler & Welding Co., Inc. were installed in 2006 during the Anaerobic Digester Improvements project.

### General Plan Goals/Policies

Goal CS.1, Goal CS.6, Policy CS.6.1

| The solids handling process at the WPCP includes solids dewatering using centrifuges. One of two centrifuges at the WPCP was originally installed in 2006 and reused and relocated to the Solids Handling Building during the plant upgrades completed in 2019. The centrifuge is an Alfa Laval, Aldec G2-95 unit. |                                         |                                           |                                        |                              |                                       |                                                                                     |                                            |

### Description

Pinon-2 improvements as identified in the Sanitary Sewer Collection System Master Plan. This project includes the replacement of approximately 820 feet of 6-inch to 10-inch diameter pipeline along San Pablo Avenue, 680 feet of 8-inch to 10-inch diameter pipeline along Pinon Avenue, 890 feet of 6-inch to 8-inch diameter pipeline along Appian Way, 290 feet of 6-inch diameter pipeline along Meadow Avenue, and 290 feet of 6-inch diameter pipeline between Meadow Avenue and San Pablo Avenue with 2,970 feet of 10-inch to 15-inch diameter pipelines.

### History, Status, or Impact if Delayed

The Sanitary Sewer Collection System Master plan identified capacity deficiencies which result in surcharging of the gravity sewer and cause sanitary sewer overflows (SSO's) during modeled peak wet weather flow (PWWF) conditions.

### General Plan Goals/Policies

Goal CS.6, Policy CS.6.1; Goal GM.4, Policy GM.4.1

| <p>The Effluent Outfall project is intended to reduce pressure in the effluent pipe during extreme storm events. Effluent pumping capacity of the treatment plant is limited by the capacity of the pipe size at the effluent outfall in Rodeo. Increasing the pipe size at the Effluent Outfall Eductor Station will increase the wet weather effluent pumping capacity and increase the lifespan of the effluent pipe by reducing the pressure in the line during storm events. This project requires coordination with Rodeo.</p> |                                               |                                                |                                        |  |                                       |                                            |                                            |

### Description

The Water Pollution Control Plant (WPCP) has five secondary clarifiers which slow the flow to allow the microorganisms and other solids to settle to the bottom of the clarifier where they can be returned to aeration tanks to continue treating waste.

### History, Status, or Impact if Delayed

Secondary Clarifiers 1 and 2 (SC1 and SC 2) were constructed in the early 1970s and are peripheral feed clarifiers. Secondary Clarifiers 3 and 4 (SC 3 and SC 4) were constructed in the early 1980s and are center feed clarifiers. Secondary Clarifier 5 (SC 5) was constructed in early 2000 and is a center feed, flocculator clarifier. In the first quarter of FY 2022-23, a preliminary inspection of the center column of the SC 5 was completed to examine the current condition and determine the scope of work for rehabilitation. In the second quarter of FY 2022-23, it was determined that SC 3 & SC 4 also require rehabilitation. Previously, this project was titled, "Secondary Clarifier - Center Column Rehabilitation" which only focused on the rehabilitation work required for SC 5.

### General Plan Goals/Policies

Goal CS.1, Goal CS.6, Policy CS.6.1

### Summary of Capital Cost

### Description

The City owns and operates two lift stations to convey flow from low lying areas to high elevations where the flow continues by gravity to the wastewater treatment plant. Both pump stations have reached the end of their useful life and need to be rehabilitated. The two pump stations are located on San Pablo Ave. and Hazel St. In FY 2019/20, this project was renamed to include both pump stations. Previously, this project was titled, "Hazel Street Sewer Pump Rehabilitation." This project also includes the San Pablo Lift Station Force Main, approximately 640 feet of existing 6-inch will be replaced with 8-inch diameter force main.

### History, Status, or Impact if Delayed

The City recently completed a Sanitary Sewer Master Plan. In the first fiscal year of construction, the Hazel Street Lift Station will be replaced, followed by the replacement of the San Pablo Ave. Lift Station. The Hazel Street Lift Station will be replaced in coordination with RO2301.

### General Plan Goals/Policies

Policy GM.4.1, Goal CS.6, Policy CS.6.1

### Description

On April 7, 2015, the State Water Resources Control Board (SWRCB) adopted the Statewide Trash Provisions which address the impacts trash has on the beneficial uses of surface waters. The Trash Provisions establish a statewide water quality objective for trash and a prohibition of trash discharge. The City is required to demonstrate full compliance with the Trash Provisions by 2030, with preliminary milestones of 35% by 2026 and 70% by 2028. The City will complete this project as required under the State- Issued Trash Amendments and NPDES Permit. The tasks necessary to achieve compliance will include design, installation, and long-term maintenance of full trash capture devices.

### History, Status, or Impact if Delayed

This project is needed to meet requirements or be potentially subjected to penalties.

### General Plan Goals/Policies

Goal CS.7, Policy CS.7.1; Goals OS.1, Policy OS.1.2; Goal CC.2, Policy CC.2.2

| This is to update the City of Pinole 2004 ADA Transition Plan for Public Improvements. A number of updates to the guidelines and standards for the construction of new and the upgrading of existing public improvements have been issued by a number of federal and state agencies since 2004, thereby resulting in the need for updating the City's Plan. It should also be noted that locations of deficiencies and associated cost of improvements as described in the Transition Plan are outdated. |                                                                           |                      |                                 |                      |  |                      |                                    |

### Description

Following to the City's Traffic Calming Policy and its future update, this project will fund the installation of physical traffic calming devices to reduce or eliminate the negative effects of auto traffic on residential streets. This can be achieved by causing drivers to reduce their driving speeds or to use alternative major corridors through the use of engineering solutions and the installation of physical devices. These devices could include driver feedback signs, curb extensions, speed cushions, and roundabouts. Traffic calming plans are developed based on data collection and analysis, as well as community outreach and consultation to alleviate neighborhood traffic concerns and community safety issues.

### History, Status, or Impact if Delayed

Reflect communities needs in street design and enhance safety conditions, which in turn reduce the need for traffic enforcement,

### General Plan Goals/Policies

Policy GM.3.3, Goal CE.3, Goal CS.10, Policy CS 10.2

### Summary of Capital Cost

### Description

The purpose of this annual Safe Routes to School (SR2S) project is to provide minor capital improvements to enhance the safety of pedestrians and bicyclists on public roads in school areas. In coordination with the City's TAPS and the School District, staff will address safety concerns and develop strategies to encourage the use of alternative modes of transportation in the vicinity of schools. SR2S improvements may include enhancements to pavement markings, regulatory and advisory signs, installation of traffic control devices such as Rectangular Rapid Flashing Beacon (RRFB), and minor concrete improvements.

### History, Status, or Impact if Delayed

Addressing community concerns in a timely manner, thereby enhancing the sense of safety and increasing walking and cycling.

### General Plan Goals/Policies

Policy GM.3.3, Goal CE.3, Goal CS.10, Policy CS 10.2

### Summary of Capital Cost

### Description

Per the California Manual on Uniform Traffic Control Devices (MUTCD), local governments are required to maintain a minimum level of retro-reflectivity for longitudinal pavement markings and for signs. These standards promote safety while providing sufficient flexibility for agencies to choose a maintenance method that best matches their specific conditions. The purpose of this annual project is to upgrade and refresh existing pavement markings and replace damaged signs as needed throughout the City per the requirements set forth by the California Department of Transportation (Caltrans). It is recommended that this type of project be continued on an annual basis because the retro-reflectivity of pavement markings and signage degrade over time and can pose a safety hazard for road users.

### History, Status, or Impact if Delayed

Not meeting requirements and potential increase in maintenance and replacement costs.

### General Plan Goals/Policies

Goal CE.3, Policy CE.3.2; Policy GM.3.3, Goal CS.10, Policy CS 10.2; Goal CE.7; Goal SE.8, Policy SE.8.7

### Description

This annual project will implement upgrades to City owned streetlights (currently within Pinole 523 streetlights owned by the City, and 902 streetlights owned by PG&E) and install new streetlights in areas where the streetlights do not meet standards for spacing and illumination. Adequate neighborhood street lighting improves safety by improving nighttime visibility and provides sidewalk and road users with an increased sense of security. Street lighting can also provide a sense of place and a more pleasing environment in residential and commercial areas, such as the addition of string lighting on San Pablo Avenue City's downtown area.

### History, Status, or Impact if Delayed

Adverse impacts on sense of safety and security, and increased City costs for maintenance and replacement.

### General Plan Goals/Policies

Goal CS.1, Goal CS.2, Goal CS.10. Policy CS10.2

### Summary of Capital Cost

### Description

The purpose of this project is to assess the consistency of the City's traffic signal equipment and make improvements to City-owned signals such as through the installation of video detection, accessible pedestrian signal devices, upgrade of controller and cabinet, upgrade of software, battery back-up system and/or establishment of designated left-turn phasing.

Having consistent signal equipment at all City signalized intersections will save on maintenance costs and provide the best operational efficiency and safety for our residents. Key improvements will be made in coordination with the City's Traffic and Pedestrian Safety Commission (TAPS). This annual program is not intended to design and construct new signals due to the high costs associated with a new installation. New signal installation will typically be accompanied by a new development as a project mitigation, or as an individual City CIP subject to meeting signal warrants.

### History, Status, or Impact if Delayed

Delayed upgrades increase the cost of maintenance and cost of capital improvements.

### General Plan Goals/Policies

Policy GM.3.3, Goal CE.3, Goal CS.10, Policy CS 10.2

| <p>Title II of the Americans with Disability Act (ADA) requires local governments to make pedestrian crossings accessible to people with disabilities by providing curb ramps. To allow people with disabilities to cross streets safely, local governments must provide curb ramps at pedestrian crossings and at public transportation stops where walkways intersect with a vertical curb. To comply with ADA requirements, the curb ramps provided must meet specific standards for width, slope, cross slope, placement, and other features. Per ADA standards, all streets constructed after January 26, 1992 must provide curb ramps in compliance with ADA standards. In addition, any street that was constructed prior to 1992, but was altered after 1992, must also provide ADA-compliant curb ramps. The purpose of this project is to upgrade existing pedestrian curb ramps and to install new pedestrian curb ramps at high priority areas and locations with high levels of pedestrian activity. All upgraded and new pedestrian curb ramps will be compliant with the ADA requirements.</p> |                                     |                                              |                              |  |                                       |                              |                                            |

### Description

According to the California Streets and Highway Code, the owner of a property fronting a public street must maintain the sidewalk, curb and gutter, and park strip area in a condition that will not endanger persons or property or interfere with the convenient use of the area. Purpose of this annual program is to assist property owners in maintaining the sidewalks in a safe manner. In doing so, the program assists residents in maintaining the condition of walkways for which they have maintenance responsibility.

### History, Status, or Impact if Delayed

| <p>The Smart Signals project will develop, manage, and implement ITS initiatives that improve the safety and efficiency of multimodal mobility, maximize highway and arterial system throughput, and improve operational efficiency, safety, and reduce environmental impact throughout Contra Costa County. Contra Costa Transportation Authority is the project lead and will coordinate the project throughout the county. Twelve traffic signals have been identified as candidates for the Smart Signals project. These signals are located on Pinole arterial roadways (Appian Way &amp; San Pablo Avenue).</p>                                                      |                                         |                                              |                                        |  |                                       |                                            |                                            |

| <p>Deployment of the Smart Signals Project is expected to result in operational and safety improvements for all modes of transportation, such as decrease in travel time and total delay, reduction in number of stops and secondary accidents, reduction of fuel consumption and greenhouse gas emissions, and reduction of response time for emergency vehicles. The initial cost estimate of construction is \$1,499,829 of which CCTA will receive \$1,345,527 in OBAG funds. The City's match requirement of \$154,302 was paid in FY 2023/24. A contingency is budgeted for potential obligations for changes in construction that may be requested by the City.</p> |                                         |                                              |                                        |                                                                                     |                                       |                                            |                                            |

| <b>Description</b><br>Based on the most current P-TAP report and field inspections, various segments will be recommended annually for rehabilitation. The purpose of this annual program is to rehabilitate and maintain the City's pavement condition. This project will prolong the lifespan of the current pavement and prevent further deterioration and reduction in the Pavement Condition Index (PCI – a numerical rating system from 0/complete failure to 100/excellent condition). Depending on the assessed PCI and type of deficiencies, this project will include preventive measures such as crack sealing, slurry seal, micro-surfacing, and cape seal for pavement in fair to good condition. Restoration measures such as grind and overlay, dig-outs, and cold-in-place recycling for pavement in fair to poor condition. Rehabilitation/Reconstruction measures to remove and replace pavement in poor to failed condition. |                      |                                              |                                 |                      |                                |                                    |                                    |

| <p>In preparation of this project, the City retained a consultant to perform internal CCTV on this section of roadway. The inspection was completed in early 2021. Coordinating collection system improvements with street resurfacing projects ensures that sewer improvements are made prior to the resurfacing so that manholes and valve covers may be properly realigned, and repairs and replacements are made in a cost-effective manner. This also avoids cutting and patching recently paved streets. The City of Hercules will reimburse \$86,430 for this project. In addition, this project is being coordinated with RO1902 for efficient implementation.</p> |                                     |                                                     |                                        |                                                                                     |                                       |                                            |                                            |

| <p>In 2018, the East Bay Regional Park District completed a trail link to connect Pinole Shores Regional Shoreline to Bayfront Park trail. There remains a small gap on Tennent Ave. from Bayfront Park to Railroad Ave. Improvements to Tennent Ave. at the Railroad Crossing will facilitate safe movement of bicycles and pedestrians. Since project inception, the scope of work has evolved to include improvements that would maximize parking on Railroad Avenue for park users. In February 2021, the City selected a consultant to complete the preliminary engineering for this project.</p> |                                     |                                              |                                        |                              |                                       |  |                                            |

| <p>WCCTAC held its STMP Call for Projects in 2018 which committed \$100k in funding for preliminary engineering from the 2006 STMP program for this project. City staff also submitted an OBAG 3 application in July 2022 to compete for funding for this project. If awarded, the City will need a match of \$345k.</p>                                                                                                                                                                                                                                                                               |                                     |                                              |                                        |                              |                                       |                                                                                     |                                            |

| <p>The San Pablo Avenue bridge over the Burlington Northern Santa Fe Railroad is an integral part of the area's transportation network. The age and condition assessment of the bridge supports replacement. The City was approved for initial funding from the Caltrans Highway Bridge Program (HBP). In February 2020, the City awarded a contract to a consultant for preliminary engineering (PE) to advance the project. The PE will be completed in two phases due to funding limitations. Completion of preliminary design is necessary to develop a final cost estimate for the project. Unfunded portions of this project appear in the Unfunded list.</p> |                              |                                           |                                        |  |                                       |                                            |                                            |

| <p>The total budget identified to complete the PE exceeds the amount of funding Caltrans committed to the project of the State's share in the current HBP. In October 2022, a draft type selection report was submitted to Caltrans for review. This report is the first step to request additional funding allocations from the Caltrans HBP to complete the PS&amp;E phase and construction phase of the project.</p>                                                                                                                                                                                                                                             |                              |                                           |                                        |                                                                                     |                                       |                                            |                                            |

### Description

Completion of preliminary engineering and design to provide continuous sidewalks and bike lanes along Appian Way beginning from unincorporated El Sobrante to about 1500 lineal feet north of the City limit within Pinole. In December 2021, City Council approved a Cooperative Funding Agreement with WCCTAC to receive STMP funds to complete preliminary design for this project.

### History, Status, or Impact if Delayed

This project will connect with the Contra Costa County's project to provide continuous sidewalks and bike lanes along Appian Way from San Pablo Dam Rd. in unincorporated El Sobrante. This project will involve coordination with Contra Costa County. The construction phase of this project is unfunded and appears in the Unfunded and Unprogrammed list.

### General Plan Goals/Policies

Policy CE.1.4, Policy CS.2.6, Policy CS.3.3, Policy H.3.1, Policy GM.3.3, Goal CE.3, Goal CS.10, Policy CS 10.2

### Description

A feasibility study will allow the City to plan and phase the construction of future recycled water distribution system infrastructure. The study will identify potential recycled water customers, evaluate the quantity, quality, and recycled water distribution system options to address the needs of potential users in surrounding areas, seek opportunities to phase the construction of a recycled water delivery system, and develop planning-level cost options for the phased system.

### History, Status, or Impact if Delayed

Recycled water delays or eliminates the need to construct more potable water facilities, sustains the economy with increased water supply reliability, protects the environment, safeguards investments in parks and landscaping with drought proof or drought resistant water supply, and contributes to a green and healthy environment. In 2019, East Bay Municipal Utility District (EBMUD) prepared an Updated Recycled Water Plan which considered the potential for potable reuse in EBMUD's water service area. The development of a new recycled water supply for the Phillips 66 refinery in Rodeo using effluent from the Pinole-Hercules and Rodeo wastewater treatment plants was among the recommended non-potable reuse projects. This project is estimated to deliver up to 3.67 MGD of recycled water to the refinery for use in their boilers and cooling towers. The combined final disinfected effluent from both plants would be pumped at the Rodeo Pump Station to the refinery for treatment a new advanced recycled water treatment plan. This project was recommended by EBMUD because it would deliver a large amount of water to a single customer, with comparatively few pipelines required due to the short distance between the sources of wastewater and the Phillips 66 Refinery

### General Plan Goals/Policies

Policy OS.8.1, Policy OS.8.7, Goal SE.9, Policy SE.9.1, Policy SE.9.4

### Summary of Capital Cost

| <p>During severe natural hazard events, it is highly likely that utility power will not be available for an extended period of time. Critical facilities will need reliable sources of sustained electrical power to continue operations. This project will:</p> <p>1) identify critical facilities in need of back-up power in coordination with an Emergency Operations Plan (EOP) , 2) assess power loads in each critical facility that requires back-up power, 3) determine the costs and technology options including solar battery storage, and 4) make any additional recommendations to Council before advancing to construction.</p> |                                                                           |                                         |                                        |  |                                       |                              |                                            |

| <b>Description</b><br>Preparation of a storm drain master plan will provide an analysis of the existing collection system. The plan will identify system deficiencies related to capacity, functionality, and permit compliance. The plan can serve to guide future budget allocations for improvements to the system. <div style="text-align: right;"> </div> |                                                                           |                      |                                       |                      |                                |                      |                                    |

Goals and Policies

Community Character Element

- GOAL CC.1 Maintain Pinole’s unique qualities and sense of place to preserve the established historic and small-town character of the city.
- POLICY CC.1.2 Require all new development to incorporate high-quality site design, architecture and planning to enhance the overall quality of the built environment in Pinole and create a visually interesting and aesthetically pleasing town environment.
- POLICY CC.1.3 To enhance a sense of arrival and create a strong appealing image that promotes community identity, the City shall develop community entry features at key gateways or city entries along Interstate 80. Entryways shall incorporate landscaping, trees, structural architectural elements, signage and public art.
- POLICY CC.1.5 Encourage project compatibility, interdependence and support with neighboring uses, especially between commercial and mixed-use centers and the surrounding residential neighborhoods. Uses should relate to one another with pedestrian connections, transit options, shared parking, landscaping, public spaces, and the orientation and design of buildings.
- GOAL CC.2 Emphasize and enhance the visual and physical connection between the city’s natural environment and the community’s quality of life.
- POLICY CC.2.1 Provide visual and physical connections between the natural environment and the built environment through careful site design, building placement, architectural features that allow views of Pinole’s unique environment such as ridgelines or the San Pablo Bay shoreline, public access to open space such as via the Bay Trail, and the use of native vegetation in the urban environment such as for landscape buffers for sidewalk areas and street trees.
- POLICY CC.2.2 Preserve natural resources within the built environment, including trees, marshes, creeks and hillsides.
- GOAL CC.5 Enhance the quality of life in Pinole by acknowledging the cultural diversity and by promoting, preserving and sustaining the cultural and performing arts.
- POLICY CC.5.1 Celebrate the city’s cultural diversity through public art, cultural centers and community events for the benefit and enjoyment of all residents.
- POLICY CC.5.2 Develop programs and facilities that promote the cultural and performing arts in Pinole.

Growth Management Element

- GOAL GM.1 Regional Planning. Support cooperative transportation, land use and public service planning in Contra Costa County.
- POLICY GM.1.1 West Contra Costa County Planning Activities. Achieve efficient public service delivery by coordinating with affected jurisdictions and agencies concerning public and private developments.
- GOAL GM.3 Efficient Transportation. Support land use patterns that make efficient use of the transportation system and enhance public safety.
- POLICY GM.3.1 Transportation Management. Make more efficient use of the regional and subregional transportation system.
- POLICY GM.3.3 Provide Adequate Transportation Facilities and Services. Provide adequate transportation facilities while maintaining neighborhood integrity.
- POLICY GM.3.7 Mobility-Impaired. Support efforts to provide safe and convenient transportation systems for all citizens of Pinole, particularly mobility-impaired individuals.
- GOAL GM.4 Compact Development and Service Areas. Encourage infill and redevelopment in areas that are already served by utilities, infrastructure and public services.
- POLICY GM.4.1 Planning for Present and Future Community Needs. Plan for, provide and maintain a level of public infrastructure facilities and services that adequately serves the present and future needs of the community.

Land Use & Economic Development Element

- GOAL LU.1 Preserve and enhance the natural resources, high-quality residential neighborhoods and commercial areas, and small-town (semi-rural) character of Pinole.
- POLICY LU.1.3 Establish and implement a continuing program of civic beautification, gateway or entryway enhancement, tree planting, maintenance of homes and streets, and other measures which will promote an aesthetically desirable environment and attractive neighborhood areas.
- GOAL LU.4 Preserve and strengthen the identity and quality of life of Pinole’s residential neighborhoods.
- POLICY LU.4.1 Ensure all new development, renovation or remodeling preserves and strengthens Pinole’s residential neighborhoods by requiring projects to be harmoniously designed and integrated with the existing neighborhood.
- GOAL LU.6 Protect and enhance the natural resources of the San Pablo Bay waterfront for the enjoyment of Pinole residents.
- POLICY LU.6.3 Provide waterfront parks, pedestrian pathways and recreation areas that are safe, accessible, and attractive for public use.

Housing Element

- GOAL H.2 Protect Existing Character and Heritage. Protect and enhance the integrity and distinctive character and heritage of Pinole encouraging the development of high quality, well-designed housing and conserving existing housing.
- POLICY H.2.4 Maintain Existing Housing and Neighborhood Amenities. Maintain Pinole’s lifestyle characteristics by encouraging the maintenance of existing housing stock, and in particular housing with historic value, and preserving the amenities of existing neighborhoods.
- GOAL H.3 Provide Adequate Services and Facilities. Provide adequate services and facilities to meet the needs of the city’s current and future population.
- POLICY H.3.1 Plan For Public Facility and Services Needs. Future development shall be planned based on public facility and service capacity, community-wide needs, sound citywide and neighborhood planning and public improvement programming.
- POLICY H.3.4 Encourage new pedestrian-oriented development. Encourage new development and redevelopment that places residences in close proximity to a variety of services and facilities.

Circulation Element

- GOAL CE.1 Reduce vehicle miles traveled and encourage the use of public transit.
- POLICY CE.1.1 Encourage strategic growth that concentrates future development along Pinole’s three primary transit corridors (San Pablo Avenue, Appian Way and Pinole Valley Road).
- POLICY CE.1.3 Encourage development that is sensitive to both local and regional transit measures and that promotes the use of alternative modes of transportation.
- POLICY CE.1.4 Encourage maximum utilization of the existing public transit system and alternate modes of transportation in Pinole.
- GOAL CE.3 Provide timely input and effective means (as appropriate) of programming street and highway improvements to maintain the objective peak hour level of service without detrimentally impacting community character or commercial activity.
- POLICY CE.3.2. Maintain roadway network at or above established LOS thresholds.
- GOAL CE.4 Establish programs to support sidewalk, trail and street enhancements, where feasible.
- POLICY CE.4.5 Inventory sidewalk conditions to identify opportunities for enhancements to the circulation system and to help prioritize repair and maintenance activities as funding becomes available.
- GOAL CE.5 Provide adequate parking and loading facilities while encouraging alternative means of transportation.
- GOAL CE.7 Support bicycle use as a mode of transportation by enhancing infrastructure to accommodate bicycle and rides.
- POLICY CE.7.1 Enhance the City’s Bikeway network through the use of Class I, II, and III bikeways.
- POLICY CE.7.3 Establish a network of multi-use paths to facilitate safe and direct off-street bicycle and pedestrian travel.

**Community Services and Facilities Element**

- GOAL CS.1 Provide safe, attractive and efficiently designed infrastructure and sustainable facilities to serve the public.
- POLICY CS.1.1 The City will strive to provide safe, attractive and efficiently designed facilities for public and quasi-public organizations.
  - POLICY CS.1.3 The City will endeavor to provide convenient access to community facilities and services to all areas of the community.
- GOAL CS.2 Ensure and maintain a high level of public safety in the community.
- POLICY CS.2.6 The City will continue to fund the repair, maintenance and expansion of facilities to respond to evolving service needs.
- GOAL CS.3 Provide adequate and high-quality recreational opportunities and programs for the community.
- POLICY CS.3.1 Continue to provide a variety of recreational opportunities that serve and represent all aspects of the community.
  - POLICY CS.3.3 Expand and organize a multi-use trail system.
- GOAL CS.6 Provide adequate, economical and dependable wastewater collection service and treatment.
- POLICY CS.6.1 The City shall continue to make capital improvements to the wastewater collection and treatment system to maintain system capability and reliability.
- GOAL CS.7 Minimize flooding.
- POLICY CS.7.1 The City will ensure that the storm drain system has adequate capacity to minimize street flooding and, where feasible, shall expand the capacity of the system to control storm flows.
- GOAL CS.9 Provide economical and dependable community services while conserving energy resources.
- POLICY CS.9.1 The City will seek opportunities to improve the energy efficiency of facilities and operations.
- GOAL CS.10 Provide safe, efficient roadway infrastructure to support multiple modes of transportation and to meet existing and future circulation needs.
- POLICY CS.10.2 The City will update, where possible, the existing roadway network to enhance pedestrian, bicycle and transit circulation while maintaining safe vehicular circulation.

**Health and Safety Element**

- GOAL HS.1 Minimize the potential for loss of life, injury, damage to property, economic and social dislocation, and unusual public expense due to natural and man-made hazard
- GOAL HS.2 Protect the community from the risk of flood damage and improve surface water quality.
- POLICY HS.2.4 Continue to monitor studies that identify anticipated changes in sea level and create appropriate standards and improvements to minimize flood risks.
  - POLICY HS.2.5 Establish appropriate capital improvements and management programs to reduce wet weather sewer treatment demand and avoid discharge to the shallow water outfall.
- GOAL HS.3 Minimize hazards of soil erosion, weak and expansive soils, potentially hazardous soils materials, other hazardous materials, geologic instability and seismic activity.
- POLICY HS.3.5 Require proper handling, storage, disposal and cleanup of hazardous materials to prevent leakage, potential explosions, fires or the escape of harmful gases and to prevent individually innocuous materials from combining to form hazardous substances, especially at the time of disposal.
- GOAL HS.4 Ensure that government agencies, citizens and businesses are prepared for an effective response and recovery in the event of emergencies or disasters.
- POLICY HS.4.1 Continue to provide essential emergency public services during natural catastrophes
  - POLICY HS.4.3 Incorporate technological enhancements in new and substantially remodeled structures and facilities to support and improve emergency services.
- GOAL HS.6 Support multiple forms of transportation and a circulation system design that reduces vehicle trips and emissions.
- POLICY HS.6.1 Promote and encourage walking and bicycling as viable forms of transportation to services, shopping and employment.
- GOAL HS.7 Ensure that all new development meets or exceeds state and federal water quality standards.
- POLICY HS.7.1 Support Regional, state and federal clean water programs.
  - POLICY HS.7.3 Reduce the transport of runoff and surface pollutants.
  - POLICY HS.7.6 Establish appropriate capital improvements and management programs to reduce wet weather sewer treatment demand and avoid discharge to the shallow water outfall.

**Natural Resources and Open Space Element**

- GOAL OS.1 Ensure the preservation of natural resources by determining appropriate land use and compatibility with natural resources and open space.
- POLICY OS.1.2 Agency Cooperation. Work with Federal, State and local regulatory and trustee agencies to promote the long-term sustainability of local natural resources.

**Sustainability Element**

- GOAL SE.3 The City will reduce its contribution to climate change and mitigate and adapt to the effects of climate change as appropriate.
- POLICY SE.3.1 Reduce greenhouse gas emissions from City operations and community sources by a minimum of 15 percent below current or baseline levels by the year 2020.
  - POLICY SE.3.4 Reduce GHG emissions by reducing vehicle miles traveled and by increasing or encouraging the use of alternative fuels and transportation technologies.
  - POLICY SE.1.3 Enhance the energy efficiency of all City facilities.
- GOAL SE.4 Optimize energy efficiency and renewable energy.
- POLICY SE.4.2 Explore opportunities for City-wide expansion of Programs and Facilities related to energy efficiency and conservation.
- GOAL SE.5 Achieve a solid waste diversion of 75% of the waste stream by 2020.
- GOAL SE.7 Air quality will be maintained and improved for the City of Pinole and the Bay Area as a region and not decline below levels measured in early 1990’s.
- POLICY SE 7.3 Support efforts to comprehensively address air quality issues through education, regulation, and innovation.
- GOAL SE.8 Utilize transit options and reduce vehicle miles traveled and single-occupancy vehicle use.
- POLICY SE.8.7 Work to improve Pinole’s pedestrian and bicycle infrastructure and to meet the needs of all pedestrians and bicyclists.
  - POLICY SE.8.10 Support and promote the use of low- and zero-emissions vehicles, alternative fuels, and other measures to directly reduce emissions from motor vehicles.

## CITY COUNCIL REPORT

9.K.

**DATE:** JUNE 17, 2025  
**TO:** MAYOR AND COUNCIL MEMBERS  
**FROM:** Heba El-Guindy, Public Works Director, helguindy@pinole.gov  
**SUBJECT:** AMEND CONSULTING SERVICES AGREEMENT BETWEEN THE CITY AND GHD, INC. FOR THE DEVELOPMENT OF AN ACTIVE TRANSPORTATION PLAN - PROJECT IN2106

### **RECOMMENDATION**

Staff recommends that the City Council approve the attached Resolution amending the Consulting Services Agreement between the City and GHD, Inc for the development of an Active Transportation Plan (ATP) as follows:

1. Extend the Term of Services to end on December 31, 2025, rather than March 7, 2025.
2. Increase the Compensation from \$188,000 to a not-to-exceed amount of \$218,000, an increase of \$30,000 to be paid at satisfactory completion of the plan.

### **BACKGROUND**

On March 7, 2023, City Council approved the attached Consulting Services Agreement between the City and GHD, Inc. for the development of the City's Active Transportation Plan (ATP). The ATP aims to outline strategies and actions that will support and encourage the use of environmentally sustainable modes of travel including walking, cycling, and use of public transit. The consultant's work scope includes a review of policies and plans, data collection and analysis, recommend strategies and capital improvement projects, develop 10% concept plans of improvements that incorporate the community feedback, and develop a cost estimate for each of the recommended projects.

### **REVIEW AND ANALYSIS**

GHD, Inc. in coordination with City staff conducted the necessary research and data collection, community consultation, and developed a draft ATP which was presented to the City's Traffic and Pedestrian Safety Committee (TAPS) on January 8, 2025. In performing this work, GHD, Inc. invoiced the city and has been paid a total of \$187,983.19 out of the total budget of \$188,000. It should also be noted that the Agreement ended on March 7, 2025.

The draft ATP is currently missing a few chapters, and there are significant revisions needed as a result of the review and comments by City staff, project stakeholders, and the public. Staff wishes to complete development of the City's ATP that will guide future multi-modal road improvements. Consequently, staff recommends extending duration of the Consulting Services Agreement by approximately ten months (to end on December 31, 2025) and

increasing its budget by an additional \$30,000 to secure the satisfactory completion of the project.

### **FISCAL IMPACT**

In addition to extending the Consulting Services Agreement with GHD, Inc. to end on December 31, 2025, staff also recommends increasing the consultant's compensation from \$188,000 to a not-to-exceed amount of \$218,000, an increase of \$30,000. This recommended increase of \$30,000 will be paid upon satisfactory completion of the ATP in FY 2025/26 using account 100-342-42101.

### **ATTACHMENTS**

- A. Resolution
- B. GHD Consulting Services Agreement

**RESOLUTION NO. 2025-\_\_**

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PINOLE,  
COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA, APPROVING A FIRST  
AMENDMENT TO THE CONSULTING SERVICES AGREEMENT WITH GHD, INC.  
FOR THE DEVELOPMENT OF AN ACTIVE TRANSPORTATION PLAN**

**WHEREAS**, the City of Pinole (“City”) adopted a Capital Improvement Plan (CIP) which includes the development of an Active Transportation Plan (CIP Project # IN2106); and

**WHEREAS**, the Active Transportation Plan (ATP) aims to outline strategies and multi-modal infrastructure improvements that will support and encourage the use of environmentally sustainable modes of travel including walking, cycling, and use of public transit; and

**WHEREAS**, on March 7, 2023, City Council awarded a Consulting Services Agreement to GHD, Inc. (“Consultant”) for development of the City’s ATP in an amount not-to-exceed \$188,000 and ending on March 7, 2025; and

**WHEREAS**, Consultant in coordination with City conducted the necessary research and data collection, community consultation and developed a draft ATP, and expended the project budget while performing this work; and

**WHEREAS**, the draft ATP is currently missing a few chapters, and there are significant revisions needed as a result of the review and comments by City staff, project stakeholders, and the public; and

**WHEREAS**, to ensure satisfactory completion and finalization of the ATP, there is a need to extend duration of the Consulting Services Agreement by approximately ten months to end on December 31, 2025, and to increase its budget by an additional \$30,000 for a new not-to-exceed total amount \$218,000.

**NOW, THEREFORE BE IT RESOLVED** that the City Council of the City of Pinole does hereby approve a first amendment to the Consulting Services Agreement with GHD, Inc., and authorize the City Manager to execute the amendment in a form approved by the City Attorney to:

- 1- Extend the Term of Services to end on December 31, 2025, rather than March 7, 2025.
- 2- Increase the Compensation from \$188,000 to a not-to-exceed amount of \$218,000, an increase of \$30,000 to be paid at satisfactory completion and finalization of the ATP.

**PASSED AND ADOPTED** at a regular meeting of the Pinole City Council held on the 17<sup>th</sup> day of June 2025 by the following vote:

AYES: COUNCILMEMBERS:

NOES: COUNCILMEMBERS:

ABSENT: COUNCILMEMBERS:

ABSTAIN: COUNCILMEMBERS:

I hereby certify that the foregoing resolution was regularly introduced, passed, and adopted on the 17<sup>th</sup> day of June 2025.

---

Heather Bell  
City Clerk

## CONSULTING SERVICES AGREEMENT BETWEEN THE CITY OF PINOLE AND GHD, INC.

THIS AGREEMENT for consulting services is made by and between the City of Pinole ("City") and GHD, Inc. ("Consultant") (together sometimes referred to as the "Parties") as of March 7, 2023, (the "Effective Date") in Pinole, California.

**Section 1. SERVICES.** Subject to the terms and conditions set forth in this Agreement, Consultant shall provide to City the services described in the Scope of Work attached as Exhibit A at the time and place and in the manner specified therein. In the event of a conflict in or inconsistency between the terms of this Agreement and Exhibit A, the Agreement shall prevail.

- 1.1 **Term of Services.** The term of this Agreement shall begin on the Effective Date and shall end on March 7, 2025, and Consultant shall complete the work described in Exhibit A by that date, unless the term of the Agreement is otherwise terminated or extended, as provided for in Section 8. The time provided to Consultant to complete the services required by this Agreement shall not affect the City's right to terminate the Agreement, as provided for in Section 8.
- 1.2 **Standard of Performance.** Consultant shall perform all services required pursuant to this Agreement in the manner and according to the standards observed by a competent practitioner of the profession in which Consultant is engaged in the geographical area in which Consultant practices its profession. Consultant shall prepare all work products required by this Agreement in a professional manner and shall conform to the standards of quality normally observed by a person practicing in Consultant's profession.
- 1.3 **Assignment of Personnel.** Consultant shall assign only competent personnel to perform services pursuant to this Agreement. In the event that City, in its sole discretion, at any time during the term of this Agreement, desires the reassignment of any such persons, Consultant shall, immediately upon receiving notice from City of such desire of City, reassign such person or persons.
- 1.4 **Time.** Consultant shall devote such time to the performance of services pursuant to this Agreement as may be reasonably necessary to meet the standard of performance provided in Section 1.1 above and to satisfy Consultant's obligations hereunder.

**Section 2. COMPENSATION.** City hereby agrees to pay Consultant an amount not to exceed One Hundred Eighty Eight Thousand Dollars (\$188,000) for all work set forth in Exhibit A and all reimbursable expenses incurred in performing the work. In the event of a conflict between this Agreement and Consultant's proposal regarding the amount of compensation, the Agreement shall prevail. City shall pay Consultant for services rendered pursuant to this Agreement at the time and in the manner set forth herein. The payments specified below shall be the only payments from City to Consultant for services rendered pursuant to this Agreement. Consultant shall submit all invoices to City in the manner specified herein. Except as specifically authorized by City, Consultant shall not bill City for duplicate services performed by more than one person.

Consultant and City acknowledge and agree that compensation paid by City to Consultant under this Agreement is based upon Consultant's estimated costs of providing the services required hereunder, including salaries and benefits of employees and subcontractors of Consultant. Consequently, the parties further agree that compensation hereunder is intended to include the costs of contributions to any pensions and/or annuities to which Consultant and its employees, agents, and subcontractors may be eligible. City therefore has no responsibility for such contributions beyond compensation required under this Agreement.

**2.1 Invoices.** Consultant shall submit invoices, not more often than once a month during the term of this Agreement, based on the cost for services performed and reimbursable costs incurred prior to the invoice date. Invoices shall contain the following information:

- Serial identifications of progress bills; i.e., Progress Bill No. 1 for the first invoice, etc.;
- The beginning and ending dates of the billing period;
- A Task Summary containing the original contract amount, the amount of prior billings, the total due this period, the balance available under the Agreement, and the percentage of completion;
- At City's option, for each work item in each task, a copy of the applicable time entries or time sheets shall be submitted showing the name of the person doing the work, the hours spent by each person, a brief description of the work, and each reimbursable expense;
- The total number of hours of work performed under the Agreement by Consultant and each employee, agent, and subcontractor of Consultant performing services hereunder, as well as a separate notice when the total number of hours of work by Consultant and any individual employee, agent, or subcontractor of Consultant reaches or exceeds 800 hours, which shall include an estimate of the time necessary to complete the work described in Exhibit A;
- The Consultant's signature.

**2.2 Monthly Payment.** City shall make monthly payments, based on invoices received, for services satisfactorily performed, and for authorized reimbursable costs incurred. City shall have 30 days from the receipt of an invoice that complies with all of the requirements above to pay Consultant.

**2.3 Final Payment.** City shall pay the last 10% of the total sum due pursuant to this Agreement within sixty (60) days after completion of the services and submittal to City of a final invoice, if all services required have been satisfactorily performed.

**2.4 Total Payment.** City shall pay for the services to be rendered by Consultant pursuant to this Agreement. City shall not pay any additional sum for any expense or cost whatsoever

incurred by Consultant in rendering services pursuant to this Agreement. City shall make no payment for any extra, further, or additional service pursuant to this Agreement.

In no event shall Consultant submit any invoice for an amount in excess of the maximum amount of compensation provided above either for a task or for the entire Agreement, unless the Agreement is modified prior to the submission of such an invoice by a properly executed change order or amendment.

**2.5 Hourly Fees.** Fees for work performed by Consultant on an hourly basis shall not exceed the amounts shown on the following fee schedule attached hereto as Exhibit B.

**2.6 Reimbursable Expenses.** Reimbursable expenses are specified in Exhibit A and shall not exceed Five hundred (\$500). Expenses not listed in Exhibit A are not chargeable to City. Reimbursable expenses are included in the total amount of compensation provided under this Agreement that shall not be exceeded.

**2.7 Payment of Taxes.** Consultant is solely responsible for the payment of employment taxes incurred under this Agreement and any similar federal or state taxes.

**2.8 Payment upon Termination.** In the event that the City or Consultant terminates this Agreement pursuant to Section 8, the City shall compensate the Consultant for all outstanding costs and reimbursable expenses incurred for work satisfactorily completed as of the date of written notice of termination. Consultant shall maintain adequate logs and timesheets in order to verify costs incurred to that date.

**2.9 Authorization to Perform Services.** The Consultant is not authorized to perform any services or incur any costs whatsoever under the terms of this Agreement until receipt of authorization from the Contract Administrator.

**Section 3. FACILITIES AND EQUIPMENT.** Except as set forth herein, Consultant shall, at its sole cost and expense, provide all facilities and equipment that may be necessary to perform the services required by this Agreement. City shall make available to Consultant only the facilities and equipment listed in Exhibit C, and only under the terms and conditions set forth therein.

**Section 4. INSURANCE REQUIREMENTS.** Before beginning any work under this Agreement, Consultant, at its own cost and expense, unless otherwise specified below, shall procure the types and amounts of insurance listed below against claims for injuries to persons or damages to property that may arise from or in connection with the performance of the work hereunder by the Consultant and its agents, representatives, employees, and subcontractors. Consistent with the following provisions, Consultant shall provide proof satisfactory to City of such insurance that meets the requirements of this section and under forms of insurance satisfactory in all respects to the City. Consultant shall maintain the insurance policies required by this section throughout the term of this Agreement. The cost of such insurance shall be included in the Consultant's bid. Consultant shall not allow any subcontractor to commence work on any subcontract until Consultant has obtained all insurance required herein for the subcontractor(s) and

provided evidence thereof to City. Verification of the required insurance shall be submitted and made part of this Agreement prior to execution.

**4.1 Workers' Compensation.** Consultant shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for any and all persons employed directly or indirectly by Consultant. The Statutory Workers' Compensation Insurance and Employer's Liability Insurance shall be provided with limits of not less than ONE MILLION DOLLARS (\$1,000,000.00) per accident. In the alternative, Consultant may rely on a self-insurance program to meet those requirements, but only if the program of self-insurance complies fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the Labor Code shall be solely in the discretion of the City. The insurer, if insurance is provided, or the Consultant, if a program of self-insurance is provided, shall waive all rights of subrogation against the City and its officers, officials, employees, and volunteers for loss arising from work performed under this Agreement.

**4.2 Commercial General and Automobile Liability Insurance.**

**4.2.1 General requirements.** Consultant, at its own cost and expense, shall maintain commercial general and automobile liability insurance for the term of this Agreement in an amount not less than ONE MILLION DOLLARS (\$1,000,000.00) per occurrence, combined single limit coverage for risks associated with the work contemplated by this Agreement. If a Commercial General Liability Insurance or an Automobile Liability form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit. Such coverage shall include but shall not be limited to, protection against claims arising from bodily and personal injury, including death resulting therefrom, and damage to property resulting from activities contemplated under this Agreement, including the use of owned and non-owned automobiles.

**4.2.2 Minimum scope of coverage.** Commercial general coverage shall be at least as broad as Insurance Services Office Commercial General Liability occurrence form CG 0001 (ed. 11/88) or GL 0002 (ed. 1/73) covering comprehensive General Liability and Insurance Services Office form number GL 0404 covering Broad Form Comprehensive General Liability. Automobile coverage shall be at least as broad as Insurance Services Office Automobile Liability form CA 0001 (ed. 12/90) Code 1. No endorsement shall be attached limiting the coverage.

**4.2.3 Additional requirements.** Each of the following shall be included in the insurance coverage or added as a certified endorsement to the policy:

- a. The insurance shall cover on an occurrence or an accident basis, and not on a claims-made basis.
- b. Any failure of Consultant to comply with reporting provisions of the policy shall not affect coverage provided to City and its officers, employees, agents, and volunteers.

#### **4.3 Professional Liability Insurance.**

**4.3.1 General requirements.** Consultant, at its own cost and expense, shall maintain for the period covered by this Agreement professional liability insurance for licensed professionals performing work pursuant to this Agreement in an amount not less than ONE MILLION DOLLARS (\$1,000,000) covering the licensed professionals' errors and omissions. Any deductible or self-insured retention shall not exceed \$150,000 per claim.

**4.3.2 Claims-made limitations.** The following provisions shall apply if the professional liability coverage is written on a claims-made form:

- a. The retroactive date of the policy must be shown and must be before the date of the Agreement.
- b. Insurance must be maintained, and evidence of insurance must be provided for at least five years after completion of the Agreement or the work, so long as commercially available at reasonable rates.
- c. If coverage is canceled or not renewed and it is not replaced with another claims-made policy form with a retroactive date that precedes the date of this Agreement, Consultant must provide extended reporting coverage for a minimum of five years after completion of the Agreement or the work. The City shall have the right to exercise, at the Consultant's sole cost and expense, any extended reporting provisions of the policy, if the Consultant cancels or does not renew the coverage.
- d. A copy of the claim reporting requirements must be submitted to the City prior to the commencement of any work under this Agreement.

#### **4.4 All Policies Requirements.**

**4.4.1 Acceptability of insurers.** All insurance required by this section is to be placed with insurers with a Bests' rating of no less than A:VII.

**4.4.2 Verification of coverage.** Prior to beginning any work under this Agreement, Consultant shall furnish City with complete certified copies of all policies, including

complete certified copies of all endorsements. All copies of policies and certified endorsements shall show the signature of a person authorized by that insurer to bind coverage on its behalf.

**4.4.3 Notice of Reduction in or Cancellation of Coverage.** A certified endorsement shall be attached to all insurance obtained pursuant to this Agreement stating that coverage shall not be suspended, voided, canceled by either party, or reduced in coverage or in limits, except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City. In the event that any coverage required by this section is reduced, limited, cancelled, or materially affected in any other manner, Consultant shall provide written notice to City at Consultant's earliest possible opportunity and in no case later than ten (10) working days after Consultant is notified of the change in coverage.

**4.4.4 Additional insured; primary insurance.** A certified endorsement at least as broad as Insurance Services Office form number CG 20 10 (11/85 ed.) shall be attached to all policies stating that the City and its officers, employees, agents, and volunteers shall be covered as additional insureds with respect to each of the following: liability arising out of activities performed by or on behalf of Consultant, including the insured's general supervision of Consultant; products and completed operations of Consultant, as applicable; premises owned, occupied, or used by Consultant; and automobiles owned, leased, or used by the Consultant in the course of providing services pursuant to this Agreement. The coverage shall contain no special limitations on the scope of protection afforded to City or its officers, employees, agents, or volunteers.

A certified endorsement shall be attached to all policies stating that coverage is primary insurance with respect to the City and its officers, officials, employees, and volunteers, and that no insurance or self-insurance maintained by the City shall be called upon to contribute to a loss under the coverage.

**4.4.5 Deductibles and Self-Insured Retentions.** Consultant shall disclose to and obtain the approval of City for the self-insured retentions and deductibles before beginning any of the services or work called for by any term of this Agreement.

During the period covered by this Agreement, only upon the prior express written authorization of Contract Administrator, Consultant may increase such deductibles or self-insured retentions with respect to City, its officers, employees, agents, and volunteers. The Contract Administrator may condition approval of an increase in deductible or self-insured retention levels with a requirement that Consultant procure a bond, guaranteeing payment of losses and related investigations, claim administration, and defense expenses that is satisfactory in all respects to each of them.

**4.4.6 Subcontractors.** Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

**4.4.7 Variation.** The City may approve a variation in the foregoing insurance requirements, upon a determination that the coverage, scope, limits, and forms of such insurance are either not commercially available, or that the City's interests are otherwise fully protected.

**4.5 Remedies.** In addition to any other remedies City may have if Consultant fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option exercise any of the following remedies, which are alternatives to other remedies City may have and are not the exclusive remedy for Consultant's breach:

- Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement;
- Order Consultant to stop work under this Agreement or withhold any payment that becomes due to Consultant hereunder, or both stop work and withhold any payment, until Consultant demonstrates compliance with the requirements hereof; and/or
- Terminate this Agreement.

**Section 5. INDEMNIFICATION AND CONSULTANT'S RESPONSIBILITIES.** Consultant shall indemnify, defend with counsel reasonably acceptable to the City, and hold harmless the City and its officials, officers, employees, agents, and volunteers from and against any and all losses, liability, claims, suits, actions, damages, and causes of action arising out of any personal injury, bodily injury, loss of life, or damage to property, or any violation of any federal, state, or municipal law or ordinance, to the extent caused, in whole or in part, by the willful misconduct or negligent acts or omissions of Consultant or its employees, subcontractors, or agents, by acts for which they could be held strictly liable, or by the quality or character of their work. The foregoing obligation of Consultant shall not apply when (1) the injury, loss of life, damage to property, or violation of law arises wholly from the negligence or willful misconduct of the City or its officers, employees, agents, or volunteers and (2) the actions of Consultant or its employees, subcontractor, or agents have contributed in no part to the injury, loss of life, damage to property, or violation of law. It is understood that the duty of Consultant to indemnify and hold harmless includes the duty to defend as set forth in Section 2778 of the California Civil Code. Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Consultant from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Consultant acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.

In the event that Consultant or any employee, agent, or subcontractor of Consultant providing services under this Agreement is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of City, Consultant shall indemnify, defend, and hold harmless City for the payment of any employee and/or employer contributions for PERS benefits on behalf of Consultant or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City.

## **Section 6. STATUS OF CONSULTANT.**

- 6.1 Independent Contractor.** At all times during the term of this Agreement, Consultant shall be an independent contractor and shall not be an employee of City. City shall have the right to control Consultant only insofar as the results of Consultant's services rendered pursuant to this Agreement and assignment of personnel pursuant to Subparagraph 1.3; however, otherwise City shall not have the right to control the means by which Consultant accomplishes services rendered pursuant to this Agreement. Notwithstanding any other City, state, or federal policy, rule, regulation, law, or ordinance to the contrary, Consultant and any of its employees, agents, and subcontractors providing services under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any and all claims to, any compensation, benefit, or any incident of employment by City, including but not limited to eligibility to enroll in the California Public Employees Retirement System (PERS) as an employee of City and entitlement to any contribution to be paid by City for employer contributions and/or employee contributions for PERS benefits.
- 6.2 Consultant No Agent.** Except as City may specify in writing, Consultant shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Consultant shall have no authority, express or implied, pursuant to this Agreement to bind City to any obligation whatsoever.

## **Section 7. LEGAL REQUIREMENTS.**

- 7.1 Governing Law.** The laws of the State of California shall govern this Agreement.
- 7.2 Compliance with Applicable Laws.** Consultant and any subcontractors shall comply with all laws applicable to the performance of the work hereunder.
- 7.3 Other Governmental Regulations.** To the extent that this Agreement may be funded by fiscal assistance from another governmental entity, Consultant and any subcontractors shall comply with all applicable rules and regulations to which City is bound by the terms of such fiscal assistance program.
- 7.4 Licenses and Permits.** Consultant represents and warrants to City that Consultant and its employees, agents, and any subcontractors have all licenses, permits, qualifications, and approvals of whatsoever nature that are legally required to practice their respective

professions. Consultant represents and warrants to City that Consultant and its employees, agents, any subcontractors shall, at their sole cost and expense, keep in effect at all times during the term of this Agreement any licenses, permits, and approvals that are legally required to practice their respective professions. In addition to the foregoing, Consultant and any subcontractors shall obtain and maintain during the term of this Agreement valid Business Licenses from City.

**7.5 Pinole Business License.** Consultant shall obtain a City of Pinole business license according to the terms of Title 5 of the City of Pinole Municipal Code and deliver to City proof of such business license prior to beginning work under this Agreement. Work under this Agreement cannot begin until the City receives proof that Consultant has obtained a City of Pinole business license.

**7.6 Nondiscrimination and Equal Opportunity.** Consultant shall not discriminate, on the basis of a person's race, religion, color, national origin, age, physical or mental handicap or disability, medical condition, marital status, sex, or sexual orientation, against any employee, applicant for employment, subcontractor, bidder for a subcontract, or participant in, recipient of, or applicant for any services or programs provided by Consultant under this Agreement. Consultant shall comply with all applicable federal, state, and local laws, policies, rules, and requirements related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any services that are the subject of this Agreement, including but not limited to the satisfaction of any positive obligations required of Consultant thereby.

Consultant shall include the provisions of this Subsection in any subcontract approved by the Contract Administrator or this Agreement.

## **Section 8. TERMINATION AND MODIFICATION.**

**8.1 Termination.** City may cancel this Agreement at any time and without cause upon written notification to Consultant.

In the event of termination, Consultant shall be entitled to compensation for services performed to the effective date of termination; City, however, may condition payment of such compensation upon Consultant delivering to City any or all documents, photographs, computer software, video and audio tapes, and other materials provided to Consultant or prepared by or for Consultant or the City in connection with this Agreement.

**8.2 Extension.** City may, in its sole and exclusive discretion, extend the end date of this Agreement beyond that provided for in Subsection 1.1. Any such extension shall be specified in writing by the City. Consultant understands and agrees that if City issues such an extension, City shall have no obligation to provide Consultant with compensation beyond the maximum amount provided for in this Agreement. Similarly, unless authorized

by the City, City shall have no obligation to reimburse Consultant for any otherwise reimbursable expenses incurred during the extension period.

- 8.3 Amendments.** The parties may amend this Agreement only by a writing signed by all the parties.
- 8.4 Assignment and Subcontracting.** City and Consultant recognize and agree that this Agreement contemplates personal performance by Consultant and is based upon a determination of Consultant's unique professional competence, experience, and specialized professional knowledge. Moreover, a substantial inducement to City for entering into this Agreement was and is the personal reputation and competence of Consultant. Consultant may not assign this Agreement or any interest therein without the prior written approval of the City. Consultant shall not subcontract any portion of the performance contemplated and provided for herein, other than to the subcontractors noted in the proposal, without prior written approval of the City.
- 8.5 Survival.** All obligations arising prior to the termination of this Agreement and all provisions of this Agreement allocating liability between City and Consultant shall survive the termination of this Agreement.
- 8.6 Options upon Breach by Consultant.** If Consultant materially breaches any of the terms of this Agreement, City's remedies shall include, but not be limited to, the following:
- 8.6.1** Immediately terminate the Agreement;
  - 8.6.2** Retain the plans, specifications, drawings, reports, design documents, and any other work product prepared by Consultant pursuant to this Agreement;
  - 8.6.3** Retain a different consultant to complete the work described in Exhibit A not finished by Consultant; or
  - 8.6.4** Charge Consultant the difference between the cost to complete the work described in Exhibit A that is unfinished at the time of breach and the amount that City would have paid Consultant pursuant to Section 2 if Consultant had completed the work.

## **Section 9. KEEPING AND STATUS OF RECORDS.**

- 9.1 Records Created as Part of Consultant's Performance.** All reports, data, maps, models, charts, studies, surveys, photographs, memoranda, plans, studies, specifications, records, files, or any other documents or materials, in electronic or any other form, that Consultant prepares or obtains pursuant to this Agreement and that relate to the matters covered hereunder shall be the property of the City. Consultant hereby agrees to deliver those documents to the City upon termination of the Agreement. It is understood and

agreed that the documents and other materials, including but not limited to those described above, prepared pursuant to this Agreement are prepared specifically for the City and are not necessarily suitable for any future or other use. City and Consultant agree that, until final approval by City, all data, plans, specifications, reports and other documents are confidential and will not be released to third parties without prior written consent of both parties.

**9.2 Consultant's Books and Records.** Consultant shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, and other records or documents evidencing or relating to charges for services or expenditures and disbursements charged to the City under this Agreement for a minimum of three (3) years, or for any longer period required by law, from the date of final payment to the Consultant to this Agreement.

**9.3 Inspection and Audit of Records.** Any records or documents that Section 9.2 of this Agreement requires Consultant to maintain shall be made available for inspection, audit, and/or copying at any time during regular business hours, upon oral or written request of the City. Under California Government Code Section 8546.7, if the amount of public funds expended under this Agreement exceeds TEN THOUSAND DOLLARS (\$10,000.00), the Agreement shall be subject to the examination and audit of the State Auditor, at the request of City or as part of any audit of the City, for a period of three (3) years after final payment under the Agreement.

## **Section 10 MISCELLANEOUS PROVISIONS.**

**10.1 Attorneys' Fees.** If a party to this Agreement brings any action, including an action for declaratory relief, to enforce or interpret the provision of this Agreement, the prevailing party shall be entitled to reasonable attorneys' fees in addition to any other relief to which that party may be entitled. The court may set such fees in the same action or in a separate action brought for that purpose.

**10.2 Venue.** In the event that either party brings any action against the other under this Agreement, the parties agree that trial of such action shall be vested exclusively in the state courts of California in the County of Contra Costa or in the United States District Court for the Northern District of California.

**10.3 Severability.** If a court of competent jurisdiction finds or rules that any provision of this Agreement is invalid, void, or unenforceable, the provisions of this Agreement not so adjudged shall remain in full force and effect. The invalidity in whole or in part of any provision of this Agreement shall not void or affect the validity of any other provision of this Agreement.

**10.4 No Implied Waiver of Breach.** The waiver of any breach of a specific provision of this Agreement does not constitute a waiver of any other breach of that term or any other term of this Agreement.

**10.5 Successors and Assigns.** The provisions of this Agreement shall inure to the benefit of and shall apply to and bind the successors and assigns of the parties.

**10.6 Use of Recycled Products.** Consultant shall endeavor to prepare and submit all reports, written studies and other printed material on recycled paper to the extent it is available at equal or less cost than virgin paper.

**10.7 Conflict of Interest.** Consultant may serve other clients, but none whose activities within the corporate limits of City or whose business, regardless of location, would place Consultant in a "conflict of interest," as that term is defined in the Political Reform Act, codified at California Government Code Section 81000 *et seq.*

Consultant shall not employ any City official in the work performed pursuant to this Agreement. No officer or employee of City shall have any financial interest in this Agreement that would violate California Government Code Sections 1090 *et seq.*

Consultant hereby warrants that it is not now, nor has it been in the previous twelve (12) months, an employee, agent, appointee, or official of the City. If Consultant was an employee, agent, appointee, or official of the City in the previous twelve months, Consultant warrants that it did not participate in any manner in the forming of this Agreement. Consultant understands that, if this Agreement is made in violation of Government Code §1090 *et seq.*, the entire Agreement is void and Consultant will not be entitled to any compensation for services performed pursuant to this Agreement, including reimbursement of expenses, and Consultant will be required to reimburse the City for any sums paid to the Consultant. Consultant understands that, in addition to the foregoing, it may be subject to criminal prosecution for a violation of Government Code § 1090 and, if applicable, will be disqualified from holding public office in the State of California.

Consultant will comply with all conflict-of-interest laws and regulations including, without limitation, City's Conflict of Interest Code (on file in the City Clerk's Office). It is incumbent upon the Consultant or Consultant's firm to notify the City pursuant to section 10.10 Notices of any staff changes relating to this Agreement.

- a. In accomplishing the scope of services of this Agreement, all officers, employees and/or agents of Consultant(s), unless as indicated in Subsection b., will be performing a very limited and closely supervised function, and, therefore, are unlikely to have a conflict of interest arise. No disclosures are required for any officers, employees, and/or agents of Consultant, except as indicated in Subsection b.

DS  
  
 \_\_\_\_\_

Initialed by City Attorney's Office

- b. In accomplishing the scope of services of this Agreement, Consultant(s) will be performing a specialized or general service for the City, and there is substantial likelihood that the Consultant's work product will be presented, either written or orally, for the purpose of influencing a governmental decision. As a result, the following Consultant(s) shall be subject to the Disclosure Category "1-5" of the City's Conflict of Interest Code:

\_\_\_\_\_  
\_\_\_\_\_

**10.8 Solicitation.** Consultant agrees not to solicit business at any meeting, focus group, or interview related to this Agreement, either orally or through any written materials.

**10.9 Contract Administration.** This Agreement shall be administered by the Public Works Director / City Engineer who shall act as the City's representative. All correspondence shall be directed to or through the Public Works Director / City Engineer or his or her designee.

**10.10 Notices.** Any written notice to Consultant shall be sent to:

GHD, Inc.  
Kamesh Vedula, Vice President  
943 Reserve Drive  
Roseville, CA 95678

Any written notice to City shall be sent to:

Public Works Director / City Engineer  
Department of Public Works  
2131 Pear Street  
Pinole, CA 94564

**10.11 Professional Seal.** Where applicable in the determination of the City, the first page of a technical report, first page of design specifications, and each page of construction drawings shall be stamped/sealed and signed by the licensed professional responsible for the report/design preparation.

**10.12 Integration; Incorporation.** This Agreement, including all the exhibits attached hereto, represents the entire and integrated agreement between City and Consultant and supersedes all prior negotiations, representations, or agreements, either written or oral. All exhibits attached hereto are incorporated by reference herein.

**10.13 Counterparts.** This Agreement may be executed in multiple counterparts, each of which shall be an original and all of which together shall constitute one agreement.

The Parties have executed this Agreement as of the Effective Date.

**RE: Revised Cost Proposal for the Development of an Active Transportation Plan**

Dear Mr. Mishra:

Please find the attached Cost Proposal for the Pinole Active Transportation Plan, updated as requested. The updated cost proposal includes the following added tasks:

- **Task 2.3.A1 Additional Engagement Activities:** provides an additional allocation of hours for one additional in-person workshop, two pop-up events, and as-needed participation in stakeholder meetings.
- **Task 3.2.A AM & PM Peak Period Counts @ 12 Intersections:** this would provide additional data relevant to potential improvement options on each of the four "concept plan" study corridors (San Pablo Avenue, Pinole Valley Road/Tennent Avenue, Appian Way and Fitzgerald Drive).
- **Task 4.1.A1 through 4.1.A4 Concept Plans:** these four added tasks pertain to the four "concept plan" study corridors. GHD will develop concept plans for each of the four corridors that identify recommended projects to improve corridor traffic operations and create more opportunities for active transportation for all users. For each study corridor: GHD will produce 10% concept designs which incorporate community feedback, and GHD will provide cost estimates for each recommended project.

Please let me know if you have any questions about the attached Cost Proposal. We look forward to further assisting you on this project.

Regards,

## **ELECTRONIC RECORD AND SIGNATURE DISCLOSURE**

From time to time, City of Pinole (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

### **Getting paper copies**

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

### **Withdrawing your consent**

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### **Consequences of changing your mind**

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

### **How to contact City of Pinole:**

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: [hiopu@ci.pinole.ca.us](mailto:hiopu@ci.pinole.ca.us)

### **To advise City of Pinole of your new email address**

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at [hiopu@ci.pinole.ca.us](mailto:hiopu@ci.pinole.ca.us) and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

### **To request paper copies from City of Pinole**

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to [hiopu@ci.pinole.ca.us](mailto:hiopu@ci.pinole.ca.us) and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

### **To withdraw your consent with City of Pinole**

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to [hiopu@ci.pinole.ca.us](mailto:hiopu@ci.pinole.ca.us) and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

### **Required hardware and software**

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

### **Acknowledging your access and consent to receive and sign documents electronically**

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

By selecting the check-box next to ‘I agree to use electronic records and signatures’, you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify City of Pinole as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by City of Pinole during the course of your relationship with City of Pinole.

## CITY COUNCIL REPORT

9.L.

**DATE:** JUNE 17, 2025  
**TO:** MAYOR AND COUNCIL MEMBERS  
**FROM:** Fiona Epps, Communications Director, 510-724-9830, fepps@pinole.gov  
**SUBJECT:** APPROVE MEMORIAL INSTALLATIONS IN DEDICATION OF ROBERT WALKER

### **RECOMMENDATION**

Staff recommends that City Council approve two Memorial Applications for Naming and Dedication of City Facilities in honor of Robert Walker Jr., accepting special circumstances for the memorial according to the City's Memorial Policy:

1. Install a memorial sign on the Corp Yard Building; and
2. Install a redwood memorial plaque adjacent to Pinole Valley Park.

### **BACKGROUND**

On July 21, 2020, City Council approved a Memorial Policy (Attachment A) which establishes a process and criteria for the consideration by the City of requests by community members to memorialize individuals, groups, or organizations that have had a significant, positive impact on the community by naming a portion of existing City property after the individual, group or organization. The policy requires the submission of an application which is first reviewed by the City Manager, then an Ad-Hoc Committee on Memorials, who can recommend the application to the full council if deemed appropriate.

Staff and the City Council Committee on Memorials has reviewed ten (10) Applications for Naming and Dedication of City Facilities and Acceptance of Donated Equipment or Materials submitted by City of Pinole employees: Michael Brock, Eduardo Alvarez, Nate Bull, John Evans, Matt Jones, Patrick Bowie, Estevan C. Castle, Bruce Chappell, Detective Justin Rogers, and Sergeant Barry Duggan, all of which requested the Corp Yard building be renamed in memory of Robert Walker. Because this batch of applications requested the same memorial, the applications have been processed as one memorial application. Their request is to install a memorial sign on the Corp Yard Building.

Staff and the City Council Committee on Memorials reviewed another Application for Naming and Dedication of City Facilities and Acceptance of Donated Equipment or Materials submitted by Pinole resident: Bob Kopp. His request was created in collaboration with the late Robert Walker's daughter, Tracy Walker. His request is to install a redwood memorial with a stainless steel plaque adjacent to Pinole Valley Park. . After deliberation by the Memorial Ad Hoc Subcommittee, and in consultation with City of Pinole Public Works and Community Services staff, the City Council Committee on Memorials suggested a revised design containing

decorative stones and native plants instead of the posts and cypress trees suggested in the original application.

Both applications request a memorial in dedication of Robert Walker Jr., who dedicated 45 years of service to the City of Pinole until he passed away on October 13, 2024. He was the longest-tenured City of Pinole employee known in the City's history, well-respected in the community and considered family to many co-workers. In accordance with the City's Memorial Policy, the Ad-Hoc Committee on Memorials recommends that City Council approve the applications. The Ad-Hoc Committee on Memorials has determined that, due to the magnitude of positive impact Mr. Walker has made in Pinole, along with his incredible legacy of service, it is most appropriate to memorialize Robert Walker under these special circumstances, albeit within less than two (2) years of his passing.

If approved by council, the Corp Yard sign and redwood plaque would make plans to install the memorials before the end of the year.

### **REVIEW AND ANALYSIS**

Staff has been given an estimate for the cost to design and manufacture the sign, and submitted a preliminary plan which details the dimensions and materials of the proposed memorial Corp Yard sign. If approved, staff will proceed with working with the vendor on final design concepts for the sign. Staff will review to ensure that signage design will adhere to all City branding guidelines. Installation will be performed by the vendor. Signage expenses will be paid for by the City of Pinole.

Resident Bob Kopp has agreed to donate all materials and labor for the installation of the redwood memorial plaque.

The proposed design mock-ups for both memorial installations are included in.

### **FISCAL IMPACT**

There is no direct fiscal impact to the City created by approving the memorial applications. If approved, the cost of the Memorial Corp Yard sign is estimated at \$3,040.91, which would come from the existing Public Works Public Facilities budget.

**RESOLUTION NO. 2025-**

**RESOLUTION OF THE CITY OF PINOLE APPROVING MEMORIAL  
INSTALLATIONS IN DEDICATION OF ROBERT WALKER JR.**

**WHEREAS**, On July 21, 2020, City Council approved a Memorial Policy which establishes a process and criteria for the consideration by the City of requests by community members to memorialize individuals, groups, or organizations that have had a significant, positive impact on the community by naming a portion of existing City property after the individual, group or organization;

**WHEREAS**, the City Manager and the City Council Committee on Memorials has reviewed and recommended two Memorial Applications for Naming and Dedication of City Facilities in honor of Robert Walker Jr.; and

**WHEREAS**, the late Robert Walker Jr., former Public Works Maintenance Worker, dedicated 45 years of his life serving the City of Pinole until he passed away on October 13, 2024; and

**WHEREAS**, Robert Walker Jr. was the longest-tenured City of Pinole employee known in the City's history, well-respected in the community and considered family to many co-workers; and

**WHEREAS**, the first application is to install a memorial sign in honor of Robert Walker Jr. on the Public Works Corp Yard building; and

**WHEREAS**, the second application is to install a redwood plaque memorial in honor of Robert Walker Jr. adjacent to Pinole Valley Park; and

**NOW, THEREFORE, BE IT RESOLVED** that the City of Pinole City Council does hereby approve the installation of both memorials accepting special circumstances for the memorial according to the City's Memorial Policy.

**PASSED AND ADOPTED** at a regular meeting of the City Council of the City of Pinole held on the 17th day of June 2025 by the following vote:

AYES: COUNCILMEMBERS:  
NOES: COUNCILMEMBERS:  
ABSENT: COUNCILMEMBERS:  
ABSTAIN: COUNCILMEMBERS:

I hereby certify that the foregoing ordinance was regularly introduced, passed, and adopted on this June 17, 2025.

---

Heather Bell, CMC  
City Clerk

## **MEMORIAL POLICY**

Adopted July 21, 2020

## **CITY OF PINOLE**

### **MEMORIAL POLICY**

#### **POLICY PURPOSE**

This policy establishes a process and criteria for the consideration by the City of requests by Council Members and members of the public to memorialize individuals, groups, or organizations that have had a significant, positive impact on the community by naming a portion of existing City property or a new enhancement to City property after the individual, group, or organization.

#### **I. Definitions**

##### **• City Property**

- Building: City Hall, police station, fire station, senior center, youth center, swim center, Tiny Tots building, wastewater treatment plant, corporation yard, and any other current or future buildings.
- Portion of City-owned building: Interior and exterior spaces and locations, such as entryway, wall, and room.
- Land and natural features: Open space, creeks and channels, trails, parks, groves, trees, and any new or future land for public use.
- Equipment: Benches, tables, gazebos, fountains, playgrounds, playground equipment, courts, murals, barbecue pits and picnic areas, and any equipment which is used/offered for the public's benefit. Street signs are expressly excluded.
- New enhancement to City property: The addition of or an enhancement to City property, such as a new natural feature or piece of equipment.

##### **• Other Definitions**

- Plaque: A flat tablet of metal, stone, or other appropriate material that includes text and/or images.
- Monument - A structure created to recognize something of significance.

#### **II. Portions of Existing City Property or New Enhancements to City property that Can be Named**

Any item of City property, as defined above, can be named to memorialize an individual, group, or organization. An entire building cannot, however, be named. Portions of City-owned buildings, as defined above, may be named.

The City Council desires to recognize individuals but reserves the right to limit the number of pieces of City property that are named.

Any piece of City property that has been approved to be named to memorialize an individual, group, or organization through the process outlined below will be identified through the placing of a plaque, inscription, or some other text indicating the name on or adjacent to the property.

### **III. Process for Requesting that an Individual, Group, or Organization be Memorialized by Naming Existing City Property or a New Enhancement to City Property after the Individual, Group, or Organization**

1. Application. A request to name existing City property or a new enhancement to City property after an individual, group, or organization may be initiated by one or more Council Members or City residents, business owners, property owners, or City staff members using an Application. The Application shall be submitted to the City Manager's office.
2. Contents of Application. The Application shall state the individual, group, or organization proposed to be memorialized, the existing City property or new enhancement to City property proposed to be named, the proposed name, and the reasons for the proposed naming. The Application shall evince the significant, positive impact on the community created by the individual, group, or organization and broad-based community support for the naming.
3. Review of Application. The City Manager and City staff shall review the Application and determine if it is consistent with this Policy.
4. Incomplete or Inconsistent Applications. Applications that are determined by the City Manager to be incomplete, lacking sufficient support, or otherwise inconsistent with this Policy will be returned to the applicant together with a written explanation of the reason for the return. The applicant may resubmit the Application at any time with new or additional information to correct the insufficiencies identified by the City Manager.
5. Consideration by Ad-Hoc Committee on Memorials. If consistent with the Policy, the Application will be forwarded to a City Council Ad-Hoc Committee on Memorials for review and consideration. The Committee shall consist of two City Council Members appointed by vote of the Council. The Committee shall provide a recommendation to the City Council to approve or deny an Application.
6. Review by City Council. The City Council shall review Applications at a regular meeting. All decisions with respect to approving or not approving Applications will be at the sole discretion of the City Council.

### **IV. Renaming**

In general, once a piece of property has been named, it cannot be renamed, except under exceptional circumstances as determined by 4/5<sup>th</sup> of the City Council.

## **V. Factors for Determining that an Individual, Group, or Organization has had a Significant, Positive Impact on the Community**

In determining whether to approve an Application, the Ad-Hoc Committee on Memorials shall consider whether the individual, group, or organization on whose behalf an Application has been submitted has met one of the following standards:

- Was of local, regional, or national significance, with special consideration given to Pinole's own history
- Enhanced the quality of life and well-being of City residents
- Contributed to the preservation of the City's history or culture
- Made exemplary or meritorious contributions to the City or its residents
- Contributed to the acquisition, development, donation, or conveyance of land, buildings, structures, or other amenities to the City or community

The Ad-Hoc Committee will generally not consider an Application on behalf of an individual within two years of that individual's death. Such a waiting period is to ensure that an individual's accomplishments or contributions will stand the test of time. The Ad-Hoc Committee may consider and recommend an Application to memorialize an individual within two years of the individual's death when the Ad-Hoc Committee determines that special circumstances make it appropriate to do so.

## **VI. Naming Criteria**

The following names shall be avoided:

- Cumbersome, profane, discriminatory, derogatory names, offensive or in poor taste.
- Names that cause confusion due to duplication or that sound too similar to existing named locations within the City or surrounding areas.
- Names of companies and/or businesses.
- Names of appointed or elected local officials currently in office or current City employees.
- Names that would result in the overt commercialization of City owned buildings.
- Names should not be overly recognized, either within the City or the region.

## **VII. Donations and Dedications**

It is the policy of the City to consider accepting monetary donations to fund enhancements to City property, such as equipment, trees, murals, and monuments. Anyone wishing to donate funding for a new enhancement to City property and further wishing to have said new enhancement memorialize an individual, group, or organization shall submit an Application per the process outlined above. The Ad-Hoc Committee on Memorials will give special consideration to Applications in which the applicant is offering to donate a new enhancement to City property.

Prior to submitting an Application involving the donation for the enhancement to City property, the prospective applicant shall contact the City Manager's office to provide a description of the enhancement to City property, such as a tree or bench, that the applicant is envisioning for memorialization. The City Manager's office will forward the description of the enhancement to the Public Works Department to determine the cost for the City to install the enhancement and maintain it throughout its lifecycle as well as to confirm that the enhancement would comply with all applicable City and other policies, rules, and regulations. The Public Works Department shall determine a suitable location and specifications for the enhancement. The City will provide the applicant with the amount that the applicant shall donate such that the City can install and maintain the enhancement pending approval of the Application by the City Council. The City reserves the right to reject any offer of donation if, upon review, acceptance of the donation is determined not to be in the best interest of the City.

### **VIII. Specifications for Plaque, Inscription, or Other Text**

The plaque, inscription, or other text shall be rectangular or similar shape with only words and numbers allowed. Symbols, images, and artwork will not be accepted.

Name: Bruce Chappell  
Address: 11 Tennent Pinole, CA 94547  
Phone: (925) 812-8353  
Email: chappellbruce@gmail.com

**My Recommendation is for:**

- ☐ Naming a field in a City Park  
☒ Naming a Portion of a New or Existing City building  
☐ Renaming a Portion of a New or Existing City building (requires a 4/5<sup>th</sup> vote of the Council)  
☐ Donation

**Description of Action Sought:**

- ☐ Dedication/Honor  
☐ Memorial

**Choice of Recognition:**

- ☐ Plaque  
☐ Monument  
☐ Sign  
☐ Marker  
☐ Tree, Bench, Monument, etc.

**Proposed description of Recognition:** Robert Walker dedication & honor

**Location Placement / Property Description:** Corporation Yard building

**Current Name on City building (Renaming only):** \_\_\_\_\_

**Classification of Proposed Name (Check all that apply):**

- ☒ Individual or Group(s)  
☐ Recognizable area or neighborhood  
☐ Assumed Names (Alias)  
☐ Theme Names (Gateway, Pinole Shores)  
☐ Donations /Other: \_\_\_\_\_

Please describe the reason(s) in support of the proposed name or renaming of a portion of this City building (if more room is needed, please attach separate sheet and write "See Attached" below):

His 45 years of service to the City of Pinole

For recommendation of living individual(s) or deceased individuals (there is a two year waiting period), please indicate individual's long-standing affiliation with Pinole of significant community service, involvement, or contributions. Specifically indicate how this person has: (a) Enhanced the quality of life/well-being of Pinole's residents, (b) Contributed to the preservation of Pinole's history and culture, (c) Made exemplary or meritorious contributions to Pinole or its residents, or (d) Contributed to the acquisition, development or conveyance of land, buildings, structures or other amenities to the Pinole Community (if more room is needed, please attach separate sheet and write "See Attached" below):

Robert worked for the City of Pinole for 45 years  
He deserves the honor

## Robert Walker Memorial Details

To koppproductions@comcast.net <koppproductions@comcast.net>

---

Hello Bob,

I've listed everything you'll need for the outside memorial below. My apologies for the delay—I got a bit behind on Friday. Please don't hesitate to reach out if you need anything else.

Best regards,  
Tracy Walker

To create an outdoor memorial plaque that is durable, weatherproof, and long-lasting, you'll need the following materials:

### Base Materials (Plaque)

1. Metal Plaque (recommended):
  - Bronze: Durable, weather-resistant, and classic appearance.
  - Aluminum: Lightweight, rust-resistant, and affordable.
  - Stainless Steel: Strong, modern, and resistant to corrosion.
2. Stone Base (optional, if using stone):
  - Granite: Extremely durable and weather-resistant.
  - Marble: A classic look but less durable over time outdoors.

### Protective Coating

- SPAR UREthane*
- Clear UV-Resistant Coating: Protects metal or engraved surfaces from sun damage and fading.
  - Anti-Rust Coating: For metals like steel or iron to prevent corrosion.
  - Sealant for Stone: To protect against moisture penetration.

### Engraving or Inscription Materials

- Laser Engraving Machine: For precision on metal or stone.
- Weatherproof Adhesive Letters: For attaching raised letters or designs.
- Paint for Inscriptions: Use outdoor-grade, UV-resistant enamel paint.

### Waterproofing

- Silicone Sealant: Apply around edges or joints to keep water out.
- Rubber Gasket (optional): For mounting areas to prevent water seepage.

### Mounting Hardware

- Stainless Steel Screws: Rust-resistant and durable for mounting.
- Anchors or Bolts: If attaching to concrete or stone surfaces.
- Mounting Brackets: For securing plaques onto walls or stands.
- Concrete Adhesive: If directly mounting the plaque onto stone or concrete.

### Tools

- Drill with Masonry Bits: For securing the plaque into brick, stone, or concrete.
- Screwdriver or Power Tool: For tightening hardware.
- Level: To ensure the plaque is straight.
- Measuring Tape: For accurate placement.

### Optional Enhancements

- Protective Case or Cover: Clear acrylic or glass shield for extra protection.
- Lighting: Solar-powered LED lights for visibility at night.
- Frame or Border: Metal or stone edging for aesthetic appeal.

#### Tips for Longevity

1. Choose Corrosion-Resistant Materials: Metals like bronze and aluminum are ideal for outdoor use.
2. Apply Regular Maintenance: Clean the plaque annually and reapply protective coatings if needed.
3. Position Wisely: Install in a shaded area or ensure it's not in a flood-prone spot to avoid water pooling.

The size of a large plaque depends on its purpose and where it will be installed. Below are some standard sizes commonly used for outdoor memorial plaques:

#### Common Large Plaque Sizes

1. Rectangular Plaques:
  - 18" x 24": Ideal for larger text, multiple names, or detailed designs.
  - 24" x 36": Great for more comprehensive memorials with detailed inscriptions or images.
  - 30" x 40": Suitable for very prominent displays or detailed tributes in high-visibility areas.
2. Square Plaques:
  - 18" x 18": Offers ample space for a concise but noticeable tribute.
  - 24" x 24": Ideal for larger designs or longer inscriptions.
3. Custom Shapes:
  - For unique designs (e.g., oval, circular), a diameter of 18" to 24" is typically considered large.

#### Thickness

- Metal Plaques:
  - Thickness should be at least 1/4 inch for durability.
  - 3/8 inch to 1/2 inch is preferred for larger plaques to prevent bending or warping.
- Stone Plaques:
  - Should be at least 1 inch thick for outdoor stability.

#### Factors to Consider for Size Selection

1. Visibility: Choose a size that can be read comfortably from the intended viewing distance (e.g., larger plaques for parks or roadside installations).
2. Mounting Location: Ensure the size fits the available wall, pedestal, or ground space.
3. Design Content: Include extra space for borders, graphics, or decorative elements.

In Honor of Robert Walker Jr.  
November 21, 1952 – October 13, 2024

"A True Pillar of Our Community"

With 45 years of devoted service to the City of Pinole, Robert's unwavering dedication, kindness, and leadership touched countless lives. His legacy will forever inspire and remind us of the power of compassion and commitment.

With gratitude and love from the Pinole Community and Family.

## **CITY COUNCIL REPORT**

**10.A.**

**DATE:** JUNE 17, 2025  
**TO:** MAYOR AND COUNCIL MEMBERS  
**FROM:** Markisha Guillory, Finance Director, 510-724-9823, MGuillory@pinole.gov  
**SUBJECT:** FY 2024/25 UTILITY USERS' TAX REVIEW

### **RECOMMENDATION**

Staff recommends that the City Council:

1. Conduct the FY 2024/25 Annual Review of the Utility Users' Tax (UUT); and
2. Adopt a Resolution modifying the Household Income eligibility thresholds for exemptions from the Utility Users' Tax for FY 2025/26.

### **BACKGROUND**

In November 1998, voters approved the City of Pinole's Utility Users' Tax (UUT) at a rate of 8% on electricity, gas, and telecommunication services. Voters approved ballot measures to extend the UUT in 2004, 2012, and 2018. The UUT does not have a sunset date. Renewal of the UUT was essential to secure the City's fourth largest General Fund revenue source. Revenue generated by the UUT amounts to approximately 9% of the City's General Fund (excluding transfers in) and remains necessary to fund critical City services.

Currently, Section 3.26.150(A) of the Pinole Municipal Code authorizes the City Council to exempt the following classes of persons from paying UUT: (1) Persons who receive Aid to Families with Dependent Children (AFDC), (2) Persons who receive Veterans' benefits and Veterans' survivor pension benefits, (3) Persons on Supplemental Security Income or State Supplemental Payments (SSI/SSP); and (4) Persons who receive benefits from the Supplemental Nutrition Assistance Program (SNAP).

Additionally, Section B of the Code states: In addition, customers may also qualify for an exemption if their total household income does not exceed household incomes set by resolution of the City Council. Each year, the City Council adopts a resolution setting the household income thresholds. The City has used as the threshold the limits set annually by the California Alternative Rates for Energy (CARE) program, administered by Pacific Gas & Electricity (PG&E).

Pursuant to Section 3.26.170 of the Pinole Municipal Code, in June of every year, as part of the budget process, UUT is required to be reviewed through a report to the City Council. The report shall contain a summary of amounts of UUT realized, which is provided in the subsequent section of this report.

## **REVIEW AND ANALYSIS**

Staff anticipates that the City will close FY 2024/25 with a projected \$2,585,000 in actual UUT collected, which is 6% above the \$2,445,715 collected for FY 2023/24. Although the City continues to see a decline in the taxes collected on telecommunication services, gas and electricity collections continue to increase year-over-year. Table 1 below is a ten-year history of UUT collections.

*Table 1 – Ten-Year History of UUT Collections*

|                     | <b>FY 2015/16</b> | <b>FY 2016/17</b> | <b>FY 2017/18</b> | <b>FY 2018/19</b> | <b>FY 2019/20</b> |
|---------------------|-------------------|-------------------|-------------------|-------------------|-------------------|
| Gas and Electricity | \$1,347,738       | \$1,564,702       | \$1,452,015       | \$1,416,001       | \$1,484,969       |
| % Total UUT         | 72%               | 76%               | 75%               | 78%               | 82%               |
| Telecommunications  | \$528,580         | \$501,921         | \$474,780         | \$396,843         | \$324,863         |
| % Total UUT         | 28%               | 24%               | 25%               | 22%               | 18%               |
| Total UUT           | \$1,876,318       | \$2,066,623       | \$1,926,796       | \$1,812,844       | \$1,809,832       |
| % Change            | -0.2%             | 10.1%             | -6.8%             | -5.9%             | -0.2%             |

| % Change            | 7.2%              | 6.4%              | 12%               | 6%                | 6%                         |

### **Utility Users Tax Exemption**

Pursuant to Pinole Municipal Code Section 3.26.150(B), the City establishes by resolution the household income limits. The City uses those set by the California Alternative Rates for Energy (CARE) program for exemption from the UUT. PG&E administers the CARE program and confirms customers' eligibility based on IRS income tax returns and certifies continued eligibility every two years.

This is consistent with the process other California cities use as a basis for exemption from the UUT levy. In some cases, agencies rely on PG&E to administer the exemption in which case they automatically do not charge the UUT to customers who are eligible for the CARE program. In other cases, customers apply for the exemption with the agency who verifies eligibility for the CARE program. The City of Pinole relies on PG&E to administer the exemption program for gas and electricity services. PG&E provides a listing of customers who have received an exemption from UUT on a monthly basis. Eligible customers who meet the

same income guidelines as those for UUT exemption from gas and electricity services may receive exemption from UUT on telecommunication services by applying to the City.

#### Household Income Exemption Thresholds

Staff has obtained the current household income guidelines for the California Alternative Rates for Energy (CARE) program in the PG&E service area and recommends continuing to set the City's household income exemption at the CARE amounts. The current thresholds effective June 1, 2025 through May 31, 2026 are displayed in Table 2 below

*Table 2 – Household Income Exemption Thresholds*

| <b>Household Size</b>       | <b>Current CARE Threshold</b> | <b>Previous CARE Threshold</b> |
|-----------------------------|-------------------------------|--------------------------------|
| 1-2 Persons                 | \$42,300                      | \$40,880                       |
| 3 Persons                   | \$53,300                      | \$51,640                       |
| 4 Persons                   | \$64,300                      | \$62,400                       |
| 5 Persons                   | \$75,300                      | \$73,160                       |
| 6 Persons                   | \$86,300                      | \$83,920                       |
| 7 Persons                   | \$97,300                      | \$94,680                       |
| 8 Persons                   | \$108,300                     | \$105,440                      |
| 9 Persons                   | \$119,300                     | \$116,200                      |
| 10 Persons                  | \$130,300                     | \$126,960                      |
| Each additional person, add | \$11,000                      | \$10,760                       |

#### **FISCAL IMPACT**

There is no fiscal impact.

**RESOLUTION 2025-**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PINOLE  
COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA SETTING HOUSEHOLD  
INCOME LEVELS FOR UTILITY USERS TAX EXEMPTIONS FOR FISCAL YEAR  
(FY) 2025/26**

**WHEREAS**, Section 3.26.170 (Review) of the Pinole Municipal Code provides for the establishment and modification of classes of exemptions of persons or service from utility users taxes; and

**WHEREAS**, the City Council held a Public Hearing, on June 17, 2025, to discuss and receive public comment on the tax and whether or not changes to household income levels for utility users tax exemptions should be made; and

**WHEREAS**, the City Council desires to continue to allow exemptions for telephone users tax, electricity users tax and gas users tax based upon the Household Income Thresholds adopted by the State Public Utilities Commission's California Alternative Rate for Energy (CARE) Program for the 2025/26 budget year.

**NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL** of the City of Pinole that, as provided in Section 3.26.150 of the Pinole Municipal Code, utility customers may qualify for exemption from the telephone users tax (P.M.C. Section 3.26.040), electricity users tax (P.M.C. Section 3.26.050) and gas users tax (P.M.C. Section 3.26.060) if their total household income does not exceed the following thresholds:

| <b>Household Size</b>       | <b>Current CARE Threshold</b> | <b>Previous CARE Threshold</b> |
|-----------------------------|-------------------------------|--------------------------------|
| 1-2 Persons                 | \$42,300                      | \$40,880                       |
| 3 Persons                   | \$53,300                      | \$51,640                       |
| 4 Persons                   | \$64,300                      | \$62,400                       |
| 5 Persons                   | \$75,300                      | \$73,160                       |
| 6 Persons                   | \$86,300                      | \$83,920                       |
| 7 Persons                   | \$97,300                      | \$94,680                       |
| 8 Persons                   | \$108,300                     | \$105,440                      |
| 9 Persons                   | \$119,300                     | \$116,200                      |
| 10 Persons                  | \$130,300                     | \$126,960                      |
| Each additional person, add | \$11,000                      | \$10,760                       |

**AND BE IT FURTHER RESOLVED THAT** the City Manager or his designee, and the City Attorney are hereby authorized and directed, to make all approvals and take all actions necessary or appropriate to carry out the intent of this Resolution.

\*\*\*\*\*

**PASSED AND ADOPTED** by the City Council of the City of Pinole this 17<sup>th</sup> day of June, 2025, by the following vote:

AYES: COUNCILMEMBERS:

NOES: COUNCILMEMBERS:

ABSENT: COUNCILMEMBERS:

ABSTAIN: COUNCILMEMBERS:

I hereby certify that the foregoing resolution was introduced, passed and adopted on this 17<sup>th</sup> day of **June, 2025**.

Heather Bell, CMC  
City Clerk

# UTILITY USERS' TAX (UUT) ANNUAL REVIEW FISCAL YEAR (FY) 2024/25

City of Pinole

Public Hearing - June 17, 2025

# BACKGROUND

- Utility Users' Tax (UUT) is an 8% levy on the value of public utilities services consumed within the City limits for energy (electricity and natural gas) and telecommunications.
  - Initially approved by voters in 1998, extended in 2004, 2012, and 2018 (no sunset date)
- Fourth largest General Fund revenue source at 9% of total GF revenues
- Pinole Municipal Code requires annual review through a public hearing
- Low-income households are eligible for certain exemptions

# ANNUAL REVIEW

- Pinole Municipal Code (PMC 3.26.170) requires:
  - Annual review of UUT in June during budget process
  - Summary of amounts realized
  - Resolution to approve changes to household income levels for UUT exemptions

# TELECOMMUNICATIONS UUT COLLECTIONS

Telecommunications Collections Recap:

| FY 2023/24 Collections              | FY 2024/25 Projected Collections    |
|-------------------------------------|-------------------------------------|
| \$238,034                           | \$235,000                           |
| -8% decrease over prior fiscal year | -1% decrease over prior fiscal year |
| 10% of total UUT collections        | 9% of total UUT collections         |

# UUT EXEMPTION GUIDELINES

- Based on California Alternative Rates for Energy (CARE) Program administered by Pacific Gas and Electric (PG&E); thresholds approved by California Public Utilities Commission (CPUC)
- CARE Program eligibility verified by PG&E
  - Eligibility must be renewed every two years (or every four years for fixed income)
  - Qualifying proof of income includes IRS tax return
  - Eligibility based on the total income of all members living in the home
- Same income guidelines used for UUT telecommunication exemption

# RECOMMENDED CHANGES TO INCOME EXEMPTION THRESHOLDS

- Staff recommends that the City Council adopt a resolution authorizing the following UUT exemption thresholds:

| Household Size              | Current CARE Threshold | Previous CARE Threshold |
|-----------------------------|------------------------|-------------------------|
| 1-2 Persons                 | \$42,300               | \$40,880                |
| 3 Persons                   | \$53,300               | \$51,640                |
| 4 Persons                   | \$64,300               | \$62,400                |
| 5 Persons                   | \$75,300               | \$73,160                |
| 6 Persons                   | \$86,300               | \$83,920                |
| 7 Persons                   | \$97,300               | \$94,680                |
| 8 Persons                   | \$108,300              | \$105,440               |
| 9 Persons                   | \$119,300              | \$116,200               |
| 10 Persons                  | \$130,300              | \$126,960               |
| Each additional person, add | \$11,000               | \$10,760                |

# THANK YOU

# QUESTIONS/COMMENTS

City of Pinole

## About CARE

The **California Alternate Rates for Energy (CARE)** program is a monthly discount of 20 percent or more on gas and electricity.

See if you qualify based on:

- Your income, or
- Your enrollment in one of the qualifying public assistance programs

**Note:** CARE and FERA share one application. If you do not qualify for CARE, we will check to see if you qualify for FERA. [Learn more about FERA](#). In addition, other [financial assistance resources and support](#) are available.

## Eligibility

In this section:

- [How your household can qualify for CARE](#)
- [How to qualify through other public assistance programs](#)
- [Household income guidelines](#)
- [CARE income guidelines table](#)

## To qualify for CARE:

- The PG&E bill must be in your name.
  - If you're a sub-metered tenant, you must have the landlord's energy bill in your name.
- You must live at the address to which the discount applies.
- Another person (besides your spouse) can't claim you as a dependent on an income tax return.
- You must not share an energy meter with another home.
- You must account for all sources of qualifying household income.
- This combined household income must meet the program income guidelines.

- You must enroll in qualifying public assistance programs.
- After you enroll, you may need to provide proof of qualifying household income.
  - You may also be required to participate in the Energy Savings Assistance program.
- Your monthly electric usage must not exceed six times the Tier 1 allowance.
  - Tier 1 is the lowest priced rate tier within PG&E's standard Tiered Base Plan.
- You must renew your eligibility every two years.
  - If you're on a fixed income, you must renew your eligibility every four years.
- You must notify PG&E if your household no longer qualifies for the CARE discount.

### **To qualify through other public assistance programs:**

You or someone in your household must take part in any of the following public assistance programs:

- Low Income Home Energy Assistance Program (LIHEAP)
- Women, Infants, and Children (WIC)
- CalFresh/SNAP (Food Stamps)
- CalWORKs (TANF) or Tribal TANF
- Head Start Income Eligible (Tribal Only)
- Supplemental Security Income (SSI)
- Medi-Cal for Families (Healthy Families A & B)
- National School Lunch Program (NSLP)
- Bureau of Indian Affairs General Assistance
- Medicaid/Medi-Cal (under age 65)
- Medicaid/Medi-Cal (age 65 and over)

## Household income guidelines

Your eligibility is based on your household income. To calculate your household income:

1. Add all household members' incomes from all eligible sources for your total gross annual household income.
2. Compare your total combined gross annual household income against [the income guidelines table](#).

**Note:** Your household must be at or below the amounts shown in the income guidelines table.

Household income includes all taxable and nontaxable revenues **from all people living in the home**. It includes, but is not limited to:

- Wages
- Salaries
- Interest and dividends
- Spousal and child support payments
- Public assistance payments
- Social Security and pensions
- Housing and military subsidies
- Rental income
- Self-employment income
- All employment-related, non-cash income

## CARE income guidelines table

| Number of persons in household | Total gross annual household income* |
|--------------------------------|--------------------------------------|
| 1-2                            | \$42,300 or less                     |
| 3                              | \$53,300 or less                     |
| 4                              | \$64,300 or less                     |
| 5                              | \$75,300 or less                     |
| 6                              | \$86,300 or less                     |
| 7                              | \$97,300 or less                     |
| 8                              | \$108,300 or less                    |
| 9                              | \$119,300 or less                    |
| 10                             | \$130,300 or less                    |
| Each additional person, add    | \$11,000                             |
